

involve its HA in the application planning and submission process. This can be achieved through meetings to discuss resident concerns and objectives and how best to translate these objectives into activities in the application. The RC/RMC/RO is also encouraged to obtain a letter of support from the HA, indicating to what extent the HA supports the proposed activities listed by the RC/RMC/RO and how the HA will assist the RC/RMC/RO.

DEPARTMENT OF THE INTERIOR

National Park Service

Burro Management; Final Environmental Impact Statement, Lake Mead National Recreation Area; Record of Decision

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 (P.L. 91-190 as amended), and specifically to regulations promulgated by the Council on Environmental Quality at 40 CFR 1505.2, the National Park Service, Department of the Interior, has approved a Record of Decision for the Final Environmental Impact Statement on Burro Management for Lake Mead National Recreation Area, Arizona and Nevada.

The National Park Service will implement the proposed action as identified in the Final Environmental Impact Statement for Burro Management, issued March 3, 1995.

Copies of the Record of Decision may be obtained from the Superintendent, Lake Mead National Recreation Area, 601 Nevada Highway, Boulder City, Nevada 89005; or by calling the park at (702) 293-8949.

Dated: April 5, 1995.

Patricia L. Neubacher,
Regional Director, Western Region.

BILLING CODE 4310-70-M

National Park System Advisory Board; Notice of Reestablishment

This notice is published in accordance with Section 9(a)(2) of the Federal Advisory Committee Act (FACA), 5 U.S.C. App. (1988). Following consultation with the General

Services Administration and the Office of Management and Budget, notice is hereby given that the Secretary of the Interior is administratively reestablishing an advisory committee known as the National Park System Advisory Board.

The purpose of this committee is to advise the Director of the National Park Service on matters relating to the National Park Service, the National Park System, and programs administered by the National Park Service.

The Secretary of the Interior will appoint to this committee 12 members who have outstanding expertise in the fields of history, archeology, architecture, historical architecture, landscape architecture, anthropology, biology, ecology, or social science, or in other professional disciplines important to the mission of the National Park Service. Consideration will be given to a cross-section of qualified individuals who are interested in and directly affected by National Park Service activities, and who represent divergent points of view. Appointments will be made from among individuals who have been identified through contacts with and among National Park Service and Department of the Interior staff; other Federal agencies; professional organizations; institutions of higher learning; and non-governmental organizations having a special interest in the mission of the National Park Service; and the general public.

Certification

I hereby certify that the administrative reestablishment of the National Park System Advisory Board is necessary and in the public interest in connection with the performance of duties imposed on the Department of the Interior by the Act of August 25, 1916 (16 U.S.C. 1, *et seq.*), as amended and supplemented, and other statutes relating to the administration of the National Park System.

Dated: March 3, 1995.

Bruce Babbitt,
Secretary of the Interior.

BILLING CODE 4310-70-P

Notice of Inventory Completion of Native American Human Remains From the Site of Mo'omomi on Molokai, HI in the Possession of the Los Angeles County Museum of Natural History, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003(d), of the completion of the inventory of human remains from the site of Mo'omomi on Molokai, HI that are presently in the possession of the Los Angeles County Museum of Natural History.

A detailed inventory and assessment of these human remains has been made by the Los Angeles County Museum of Natural History's curatorial staff in consultation with representatives of *Hui Mālama I Nā Kūpuna 'O Hawai'i Nei*, a Native Hawaiian organization as defined in 25 U.S.C. 3001(11).

The human remains consist of 36 whole and three fragmentary human teeth. The human remains were donated to the Los Angeles County Museum of Natural History in 1927 by Dr. William A. Bryan, then Director of the Los Angeles County Museum. The remains were catalogued as A.1463.27-36.

The catalog description states the remains are a "box of human teeth from the battle field of Momumi." A representative of *Hui Mālama I Nā Kūpuna 'O Hawai'i Nei* has identified "Momumi" as the site of Mo'omomi on Molokai and has stated that the sand dunes of Mo'omomi have long been used as burial grounds of ancestral Native Hawaiians. Reference to the "battlefield of Momumi" is thought to refer to this burial area. The representative of *Hui Mālama I Nā Kūpuna 'O Hawai'i Nei* has also provided documentation that shows that Bryan and others collected human remains from Mo'omomi.

Inventory of the human remains and review of the accompanying documentation indicate that no known individuals were identifiable. Based on the above information, officials of the Los Angeles County Museum of Natural History have determined that pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity which can be reasonably traced between these human remains and present-day Native Hawaiian organizations.

This notice has been sent to officials of *Hui Mālama I Nā Kūpuna 'O Hawai'i Nei*, the Office of Hawaiian Affairs, and the Molokai Island Burial Council. Representatives of any other Native Hawaiian organization which believes itself to be culturally affiliated with these human remains should contact Dr. Margaret Ann Hardin, Curator and Section Head, Anthropology, Los Angeles County Museum of Natural History, 900 Exposition Blvd., Los Angeles, CA 90007, telephone: (213) 744-3382, before May 18, 1995. Repatriation of these human remains to

Hui Mālama I Nā Kūpuna 'O Hawai'i Nei may begin after that date if no additional claimants come forward.

Dated: April 6, 1995.

Francis P. McManamon,

Departmental Consulting Archeologist, Chief, Archeological Assistance Division.

BILLING CODE 4310-70-P

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Control of the Ojai Valley Historical Society and Museum, Ojai, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given under provisions of the Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003 (d), of the completion of an inventory of human remains and associated funerary objects from the site designated CA-Ven 132 and currently in the control of the Ojai Valley Historical Society and Museum.

A detailed inventory and assessment of the human remains and associated funerary objects has been made by the staff of the Ojai Valley Historical Society and Museum in consultation with representatives of the Santa Ynez Band of Mission Indians.

The human remains consist of a minimum of 180 individuals. There are also 12,118 funerary objects, including shell, stone, and trade beads and pendants; projectile points; crystals; stone bowls; scrapers; fish hooks; copper pitcher; bone, wooden, and metal awls; square iron nails; shark's teeth; metal bowl fragments; stone balls; clay tiles; and pestle and mortars. The human remains and associated funerary objects were excavated in 1969 by Robert O. Browne at CA-Ven 132 (Awhay village site), located on private property near Ojai, CA. The human remains and associated funerary objects were accessioned into the collections of the Ojai Valley Museum that same year. CA-Ven 132 has been identified as Awhay, a Chumash village occupied during the historic period. All archeological evidence indicates that these human remains and associated funerary objects were interred during this historic period occupation of the site. 11,599 of the objects were shell, stone and trade beads believed to be parts of necklaces and bracelets or other objects of personal adornment placed with the remains. Mortuary practices documented by Mr. Browne are consistent with those used by the Chumash tribe during the historic

period. Genealogical evidence shows that families from the Awhay village site relocated to the Santa Inez Mission during the Spanish period and are presently members of the Santa Inez Band of Mission Indians.

Inventory of the human remains and review of the accompanying documentation indicate that no known individuals were identifiable. Based on the above information, officials of the Ojai Valley Historical Society and Museum have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these human remains and associated funerary objects and the Santa Ynez Band of Mission Indians. Further, officials of the Ojai Valley Historical Society and Museum have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these human remains and associated funerary objects and the present-day Santa Ynez Band of Mission Indians.

At the request of the Santa Ynez Band of Mission Indians, the Ojai Valley Historical Society and Museum has transferred these human remains and associated funerary objects to the Repository for Archaeological and Ethnographic Collections (RAEC), Department of Anthropology, University of California, Santa Barbara, CA. The RAEC has accepted this collection for curation under the condition that the Santa Ynez Band of Mission Indians retains control of this collection.

This notice has been sent to officials of the Santa Ynez Band of Mission Indians. Representatives of any other Indian tribe which believes itself to be culturally affiliated with these human remains and associated funerary objects should contact Mary K. Porter, Curator, Ojai Valley Historical Society and Museum, P.O. Box 204, Ojai, CA 93024, telephone (805) 646-0445 before May 18, 1995. Repatriation of these human remains and associated funerary objects to the Santa Ynez Band of Mission Indians may begin after that date if no additional claimants come forward.

Dated: April 7, 1995.

Francis P. McManamon,

Departmental Consulting Archeologist, Chief, Archeological Assistance Division.
