Rural Utilities Service

Lamar Electric Membership Corporation; Finding of No Significant Impact

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of finding of no significant impact.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS) has made a finding of no significant impact (FONSI) with respect to a request by Lamar Electric Membership Corporation (EMC) to use its general funds to construct an office and operations center in Lamar County, Georgia. The FONSI is based on a Borrower's Environmental Report (BER) submitted to RUS by Lamar EMC. RUS conducted an independent evaluation of the report and concurs with its scope and content. In accordance with RUS Environmental Policies and Procedures, 7 CFR 1794.61, RUS has adopted the BER as its environmental assessment for the project.

FOR FURTHER INFORMATION CONTACT:

Lawrence R. Wolfe, Chief, Environmental Compliance Branch, Electric Staff Division, RUS, Ag. Box 1569, Washington, DC 20250-1569, telephone (202) 720-1784.

SUPPLEMENTARY INFORMATION: The office and operations center is proposed to be located at the 1300 block of Highway 341/Georgia Highway 7 approximately 1.5 miles south of Barnesville, Georgia, on the west side of Highway 341. The size of the proposed site for the center is 16.8 acres of which 10 acres will be developed for buildings, storage,

parking, traffic lanes, and a landscaped yard.

The office and operations center will consist of the following:

- A 38,000 square foot building to be made up of 13,083 square feet of office space and 24,829 square feet of warehouse, loading dock, and vehicle storage space,
- A 3,600 square foot building that will contain an equipment maintenance area and wash bay for vehicles and equipment,
- Outdoor concrete pads and platforms for storage of special equipment such as regulators and transformers,
- A fuel service island with two 10,000 gallon fuel storage tanks,
- Sixty-eight employee parking spaces and 27 visitor parking spaces, and
- Traffic lanes into, around, and out of the facility.

RUS considered the alternatives of no action and remodeling Lamar EMC's existing headquarters facility and adding a warehouse at that site as opposed to approving the use of general funds for construction at the proposed site.

Copies of the environmental assessment and FONSI are available for review at, or can be obtained from, RUS at the address provided herein or from Lamar Electric Membership Corporation, 314 College Drive, Barnesville, Georgia 30204, telephone (404) 358-1383.

Dated: April 13, 1995.

Adam M. Golodner,

Deputy Administrator, Program Operations.
