- Administration/Office facilities (5 structures). Comments: Approx. 59,000 square feet.
- Laboratory Space (5 structures). Comments: Approx. 141,967 square feet.
- Covered Storage Space (8 structures). Comments: Approx. 40,450 square feet.
- Testing Facility Space (13 structures). Comments: Approx. 317,514 square feet.
- Electrical and Water Service (2 structures). Comments: Located off-base. Scotch Road meter house (100 KV) with a 0.8 mile easement. Delaware River non-potable water pumping station with a 2.2 mile easement.
- Fuel storage facilities (22 structures). Comments: Approx. 25,000 gallon capacity in each tank and 0.4 miles of pipeline.
- Steam Plant (1 structure). Comments: Rated at 120,000 lb./hr.

Expressions of Interest

Pursuant to paragraph 7(C) of Section 2905(b) of the Defense Base Closure and Realignment Act of 1990, as amended by the Base Closure Community Redevelopment and Homeless Assistance Act of 1994, State and local governments, representatives of the homeless, and other interested parties located in the vicinity of the Naval Air Warfare Center, Aircraft Division, Trenton, shall submit to the redevelopment authority (Ewing Township Local Reuse Committee) a notice of interest, of such governments, representatives, and parties in the above described surplus property, or any portion thereof. A notice of interest shall describe the need of the government, representative, or party concerned for the desired surplus property. Pursuant to paragraphs 7(C) and (D) of Section 2905(b), the redevelopment authority shall assist interested parties in evaluating the surplus property for the intended use and publish in a newspaper of general

circulation in Trenton/Ewing Township, NJ, the date by which expressions of interest must be submitted. Under Section 2(e)(6) of the Base Closure Community Redevelopment and Homeless Assistance Act of 1994, the deadline for submissions of expressions of interest may not be less than one (1) month nor more than six (6) months from the date the County of Mercer, NJ, elected to proceed under the new statute, i.e., December 8, 1994.

Dated: April 10, 1995.

DEPARTMENT OF ENERGY

Financial Assistance Award: Niel Murdock

AGENCY: Department of Energy.

ACTION: Notice of intent.

SUMMARY: The U.S. Department of Energy announces that pursuant to 10 CFR 600.6(a)(2) it is making a financial assistance award under Grant Number DE-FG01-95EE15624 to Niel Murdock. The proposed grant will provide

funding in the estimated amount of \$99,236 by the Department of Energy for the purpose of saving energy through development of the inventor's patented *Self Actuating Spillway Control Device*, a highly efficient alternative to rubber dams, wooden flashboards, and other common dam spillway gates.

SUPPLEMENTARY INFORMATION: The Department of Energy has determined in accordance with 10 CFR 600.14(e)(1) that the unsolicited application for financial assistance submitted by Niel Murdock is meritorious based on the general evaluation required by 10 CFR 600.14(d) and the proposed project represents a unique idea that would not be eligible for financial assistance under a recent, current or planned solicitation. The new technology is a molded rubber panel with internal reinforcement that bends under the force of flood waters. Once water levels decrease, potential energy absorbed by the panel forces it back to its normal, upright position. Thus the gate is totally self operating. This novel technology needs no external power to operate, as do inflatable rubber dams, and does not wash away in flood conditions, as do wooden flashboards. The panel costs approximately half that of rubber dams, and is very advantageous at remote sites. For hydroelectric dams alone, the market potential of the self-actuating panel is about \$120 million. As hydroelectric facilities account for only three percent of the total number of dams in the U.S., the market potential appears significant.

The proposed project is not eligible for financial assistance under a recent, current or planned solicitation because the funding program, the Energy Related Invention Program (ERIP), has been structured since its beginning in 1975 to operate without competitive solicitations because the authorizing legislation directs ERIP to provide support for worthy ideas submitted by the public. The program has never issued and has no plans to issue a competitive solicitation. This award will be made 14 calendar days after publication to allow for public comment.

FOR FURTHER INFORMATION CONTACT: Please write the U.S. Department of Energy, Office of Placement and Administration, ATTN: Rose Mason, HR-531.21, 1000 Independence Avenue SW., Washington, DC 20585.
