Total Burden Hours: 3,696

Description: The Current Point of Purchase Survey (CPP), Computer Assisted telephone Interview (CATI) is used to develop and maintain a timely list of retail, wholesale, and service establishments (outlets) where people shop. The list of outlets produced from the survey serves as a sampling frame from which the Bureau of Labor Statistics selects places to price items in the Consumer Price Index (CPI) market basket. The 1995-1996 CPP/CATI survey data are necessary to obtain a list of outlets for new and redefined items that will be introduced to the CPI market basket for the 1998 revised index.

Labor Advisory Committee for Trade Negotiations and Trade Policy; Meeting Notice

Pursuant to the provisions of the Federal Advisory Committee Act (P.L. 92-463 as amended), notice is hereby given of a meeting of the Labor Advisory Committee for Trade Negotiations and Trade Policy.

Date, time and place: May 11, 1995, 10:00 a.m.-12:00 noon, U.S. Department of Labor, Room N-4437 B&C, 200 Constitution Ave., NW., Washington, DC 20210.

Purpose: The meeting will include a review and discussion of current issues which influence U.S. trade policy. Potential U.S. negotiating objectives and bargaining positions in current and anticipated trade negotiations will be discussed. Pursuant to

section 9(B) of the Government in the Sunshine Act, 5 U.S.C. 552b(c)(9)(B) it has been determined that the meeting will be concerned with matters the disclosure of which would seriously compromise the Government's negotiating objectives or bargaining positions. Accordingly, the meeting will be closed to the public.

For further information, contact: Fernand Lavallee, Director, Trade Advisory Group, Phone: (202) 219-4752.

Signed at Washington, DC this 17th day of April, 1995.

Joaquin Otero,

Deputy Under Secretary International Affairs.

BILLING CODE 4510-28-M

Employment Standards Administration

Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay

in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under the Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.

Modification to General Wage Determination Decisions

The number of decisions listed in the Government Printing Office document entitled "General Wage Determinations Issued Under the Davis-Bacon and Related Acts" being modified are listed by Volume and State. BILLING CODE 4510-27-M

Employment and Training Administration

Wagner-Peyser Act Final Planning Allotments for Program Year (PY) 1995

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: This notice announces the final planning allotments for Program Year (PY) 1995 (July 1, 1995, through June 30, 1996) for basic labor exchange activities provided under the Wagner-Peyser Act.

FOR FURTHER INFORMATION CONTACT: John Robinson, Deputy Assistant Secretary, U.S. Employment Service, 200 Constitution Avenue, NW, Room N-4470, Washington DC 20010. Telephone: (202) 219-5257 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: In accordance with Section 6(b)(5) of the Wagner-Peyser Act, the Employment and Training Administration is publishing final planning allotments for each State for Program Year (PY) 1995 (July 1, 1995, through June 30, 1996). Preliminary planning estimates were provided to each State on December 19, 1994. Funds are distributed in accordance with formula criteria established in Section 6 (a) and (b) of

the Wagner-Peyser Act. Civilian labor force (CLF) and unemployment data for Calendar Year 1994 are used in making the formula calculations.

The total amount of funds currently available for distribution is \$845,912,000. The Secretary of Labor set aside 3 percent of the total available funds to assure that each State will have sufficient resources to maintain statewide employment services, as required by Section 6(b)(4) of the Act. In accordance with this provision, \$24,791,040 is set aside for administrative formula allocation. These funds are included in the total planning allotment. The funds that are set aside are distributed in two steps to States which have lost in relative share of resources from the prior year. In Step 1, States which have a CLF below one million and are below the median CLF density are maintained at 100 percent of their relative share of prior year resources. The remainder is distributed in Step 2 to all other States losing in relative share from the prior year but which do not meet the size and density criteria for Step 1.

Postage costs incurred by States during the conduct of employment service (ES) activities are billed directly to the Department of Labor by the U.S. Postal Service. The total final planning allotment reflects \$19,544,000, or 2.31 percent of the total amount available, withheld from distribution to finance postage costs associated with the conduct of ES business. Ten percent of the total sums allotted to each State shall be reserved for use by the Governor to provide performance incentives for public ES offices; services for groups with special needs; and for the extra costs of exemplary models for delivering job services.

Differences between preliminary planning estimates and final planning allotments are caused by: (1) An additional \$2.5 million distributed to the States and Guam and the Virgin Islands due to postage savings related to U.S. Postal Services changes methodology of calculating charges and improved State mail management practices, and (2) the use of Calendar Year 1994 data as opposed to the earlier data (12 months ending September 1994) used for preliminary planning estimates.

Signed at Washington, DC, this 17th day of April, 1995.

John Robinson,

Deputy Assistant Secretary, U.S. Employment Service.
