DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of the Assistant Secretary for Community Planning and Development

[Docket No. N-95-1917; FR-3778-N-33]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

ADDRESSES: For further information, contact David Pollack, room 7256, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410; telephone (202) 708-1234; TDD number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 56 FR 23789 (May 24, 1991) and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the

property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Judy Breitman, Division of Health Facilities Planning, U.S. Public Health Service, HHS, room 17A-10, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 56 FR 23789 (May 24, 1991).

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to David Pollack at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the

appropriate landholding agencies at the following addresses: U.S. Navy: John J. Kane, Deputy Division Director, Dept. of Navy, Real Estate Operations, Naval Facilities Engineering Command, 200 Stovall Street, Alexandria, VA 22332-2300; (703) 325-0474; Dept. of Interior: Lola D. Knight, Property Management Specialist, Dept. of Interior, 1849 C St. NW, Mailstop 5512-MIB, Washington, DC 20240; (202) 208-4080; (These are not toll-free numbers).

Dated: April 14, 1995.

Jacque M. Lawing,

Deputy Assistant Secretary for Economic Development.

Information Collections Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act

The proposal for collection of information listed below has been submitted to the Office of Management and Budget for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). An expedited review has been requested in accordance with the Act, since allowing for the normal review period would adversely affect the public interest for the reasons given below. Approval has been requested by May 1, 1995. Comments and suggestions on the proposal should be made directly to the bureau clearance officer and to the Office of Management and Budget, Paperwork Reduction Project (1004-0011), Washington, D.C. 20503, telephone 202-395-7340.

Title: Jobs-in-the-Woods Employment Evaluation

OMB approval number:

Abstract: Four items of information will be requested in each Jobs-in-the-Woods contract issued, for the contractor to respond to at the close of the contract:

- (1) Number of workers employed on the contract including managers, supervisors and support.
- (2) Number of days these workers worked on the contract (total based on an eight hour work day).
- (3) Total amount of wages and benefits paid to these workers.
- (4) Number of workers, if any, considered to be displaced timber workers.

The information collected will be used by Federal land management agencies, Department-level officials in the Departments of Agriculture and Interior, White House officials, and Congress to gauge the effectiveness in achieving the intent of Federal appropriations for the Jobs-in-the-Woods program. The consequence of not having the information is that the outcome of the Jobs-in-the-Woods program will remain unknown and speculative. Adjustments to the program cannot be knowledgeably made in the absence of this information.

Reason for expedited review: To be able to include the contract clause into all Jobs-in-the-Woods contracts beginning in Fiscal Year 1995.

Bureau form number: Not applicable

Frequency: Once

Description of respondents: Businesses awarded Jobs-in-the-Woods contracts under the President's Northwest Economic Adjustment Initiative.

Estimated completion time: One half hour

Annual responses: 400

Annual burden hours: 200

Bureau clearance officer: Wendy Spencer, 303-236-6642

Expanded Moxa Arch Area Natural Gas Development Project, Sweetwater, Lincoln, and Uinta Counties, WY; Availability of Draft Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior—Lead Agency; Bureau of Reclamation, Interior—Cooperating Agency.

ACTION: Notice of availability of Draft Environmental Impact Statement (EIS).

SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Expanded Moxa Arch Area Natural Gas Development Project Draft EIS which analyzes the environmental consequences of the Moxa Arch operators proposal to continue to drill additional development wells in their leased acreage within the Moxa Arch oil and gas development area of southwestern Wyoming. The Moxa analysis area includes portions of western Sweetwater, southwestern Lincoln, and northeastern Uinta Counties, Wyoming. The project area is generally located within Townships 15 through 23 North, Ranges 111 through 113 West, 6th Principal Meridian. The area is accessed by Interstate 80 and U.S. Highway 30. Access to the interior of the Moxa analysis area is provided by an extensive road network developed to service prior and on-going drilling and production activities.

DATES: Comments on the draft EIS will be accepted for 45 days following the date that the Environmental Protection Agency (EPA) publishes their Notice of Availability in the **Federal Register**. The EPA notice is expected to be published

on April 28, 1995. There are presently no plans to hold a public hearing on the Expanded Moxa Arch Area Natural Gas Development Project draft EIS because of apparent lack of unresolved substantial environmental controversy concerning the proposed project. Reviewers are encouraged to visit the local BLM offices in Cheyenne, Rock Springs, and Kemmerer, Wyoming, and talk with the managers about any concerns. If enough people indicate a desire to testify by returning the tear-out sheet provided in the draft EIS, a public hearing(s) will be scheduled. Information on the hearing(s) will be published in State and local newspapers and other media sources, and direct mailing to the recipients of the draft EIS to give the public enough notice.

ADDRESSES: Comments on the draft EIS should be sent to Bureau of Land Management, Bill McMahan (Project Coordinator), P.O. Box 1869, Rock Springs, WY 82902-1869.

SUPPLEMENTARY INFORMATION: The draft EIS analyzes a proposed action, one development alternative, and the no action alternative. The proposal by the Moxa Arch operators is to continue to drill additional development wells in their leased acreage within the Moxa Arch oil and gas development area of southwestern Wyoming. The Moxa Arch operators include Amoco Production Company, Union Pacific Resources Company, Wexpro/Celsius Energy Company, Bannan Energy, Marathon Oil Company, Presidio Exploration, and other companies (collectively referred to as the Moxa Operators). Lands associated with the additional drilling program include those previously analyzed in the Amoco Production Company Moxa Arch Natural Gas Production Environmental Assessment (EA) and Decision Record (DR) (USDI-BLM 1991) and the supplemental EA and DR to the Amoco Production Company Moxa Arch Natural Gas Production Project (USDI-BLM 1992). Additional areas analyzed in the EIS include lands north and south of the area analyzed in the previous EAs. The additional area combined with the lands analyzed in the previous two environmental analysis documents form the Expanded Moxa Arch Natural Gas Development (Moxa) analysis area (approximately 476,261 acres).

The Moxa analysis area includes portions of western Sweetwater, southwestern Lincoln, and northeastern Uinta Counties, Wyoming. The project area is generally located within Townships 15 through 23 North, Ranges 111 through 113 West, 6th Principal Meridian. The area is accessed by
