BILLING CODE 3410-EN-F

COMMISSION ON CIVIL RIGHTS

Agenda and Notice of Public Meeting of the Maine Advisory Committee

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights, that a meeting of the Maine Advisory Committee to the Commission will be convened at 1:30 p.m. and adjourn at 4:00 p.m. on Monday, May 8, 1995, in the Magistrate Court of the U.S. District Court House, Third Floor, 202 Harlow Street, Bangor, Maine 04401. The purpose of the meeting is to brief the Maine Advisory Committee on the status of the Commission and the status of a draft Advisory Committee report, to discuss appointments to the Committee, and to review civil rights issues in Maine and select a 1995 project.

Persons desiring additional information, or planning a presentation to the Committee, should contact Committee Chairperson Barney Berube, 207-287-5980, or Edward Darden, Acting Director of the Eastern Regional Office, 202-376-7533 (TDD 202-376-8116). Hearing-impaired persons who will attend the meeting and require the services of a sign language interpreter should contact the Regional Office at least five (5) working days before the scheduled date of the meeting.

The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission.

Dated at Washington, DC, April 11, 1995.

Carol-Lee Hurley,

Chief, Regional Programs Coordination Unit.

BILLING CODE 6335-01-P

DEPARTMENT OF COMMERCE

Agency Form Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.
Title: 1995 Census Test—Integrated Coverage Measurement (ICM) Person Interview.

Form Number(s): DG-1309(L).

Agency Approval Number: 0607-0802.

Type of Request: Revision of a currently approved collection.

Burden: 8,570 hours.

Number of Respondents: 22,411.

Average Hours Per Response: 18 minutes.

Needs and Uses: Prompted by the need to improve estimation techniques during the decennial census, the Census Bureau has developed the Integrated Coverage Measurement (ICM) approach which will be tested during the 1995 Census Test. The ICM approach will utilize a separately sampled group of blocks within the 1995 Census Test sites which will be independently listed and enumerated. The independent enumeration will be reconciled to the census test results. This reconciliation will allow us to measure our coverage of persons in missed housing units and coverage of persons missed within housing units enumerated in the census test. This revision request is for clearance of an Evaluation Interview which will measure and evaluate errors caused by either enumerators or respondents during ICM enumerations. The Evaluation Interview will be identical to the ICM interview and will be conducted with a sample of persons who were enumerated during ICM. Information gathered will allow the Census Bureau to evaluate the ICM final coverage estimates.

Affected Public: Individuals or households.

Frequency: One-time only.

Respondent's Obligation: Mandatory.

OMB Desk Officer: Maria Gonzalez, (202) 395-7313.

Copies of the above information collection proposal can be obtained by calling or writing Gerald Taché, DOC Forms Clearance Officer, (202) 482-3271, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to Maria Gonzalez, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: April 17, 1995.

Gerald Taché,

Departmental Forms Clearance Officer, Office of Management and Organization.

Oil Country Tubular Goods From Canada; Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of preliminary results of Antidumping Duty Administrative Review.

SUMMARY: In response to a request from the respondent, IPSCO Inc. (IPSCO), the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on oil country tubular goods (OCTG) from Canada. The review covers one manufacturer, IPSCO, and exports of the subject merchandise to the United States during the period June 1, 1993, through May 31, 1994.

We preliminary determine the dumping margin for IPSCO to be zero percent during this period. Interested parties are invited to comment on these preliminary results.

EFFECTIVE DATE: April 21, 1995.

FOR FURTHER INFORMATION CONTACT: David Genovese or Joseph Hanley, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, telephone: (202) 482-5254.

SUPPLEMENTARY INFORMATION:

Background

On June 7, 1994, the Department published a notice of "Opportunity to Request an Administrative Review" (59 FR 29411) of the antidumping duty order on OCTG from Canada (51 FR 21782; June 16, 1986). On June 24, 1994, IPSCO requested an administrative review. The Department initiated the review on July 15, 1994 (59 FR 36160), covering the period June 1, 1993, through May 31, 1994. The Department is conducting this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Review

The products covered by this review include shipments of OCTG from Canada. This includes American Petroleum Institute (API) specification OCTG and all other pipe with the following characteristics except entries which the Department determined through its end-use certification procedure were not used in OCTG

applications: Length of at least 16 feet; outside diameter of standard sizes published in the API or proprietary specifications for OCTG with tolerances of plus $\frac{1}{8}$ inch for diameters less than or equal to $8\frac{5}{8}$ inches and plus $\frac{1}{4}$ inch for diameters greater than $8\frac{5}{8}$ inches, minimum wall thickness as identified for a given outer diameter as published in the API or proprietary specifications for OCTG; a minimum of 40,000 PSI yield strength and a minimum 60,000 PSI tensile strength; and if with seams, must be electric resistance welded. Furthermore, imports covered by this review include OCTG with non-standard size wall thickness greater than the minimum identified for a given outer diameter as published in the API or proprietary specifications for OCTG, with surface scabs or slivers, irregularly cut ends, ID or OD weld flash, or open seams; OCTG may be bent, flattened or oval, and may lack certification because the pipe has not been mechanically tested or has failed those tests.

This merchandise is currently classifiable under the Harmonized Tariff Schedules (HTS) item numbers 7304.20, 7305.20, and 7306.20. The HTS item numbers are provided for convenience and U.S. Customs purposes. The written description remains dispositive.

United States Price

In calculating United States Price (USP), the Department used purchase price, as defined in section 772(b) of the Act. The Department based USP on the packed, delivered price to unrelated purchasers.

The Department made deductions, where appropriate, for foreign inland freight, U.S. duties, and U.S. brokerage fees. Additionally, in accordance with the Court of International Trade's decision in *Federal-Mogul Corp. and The Torrington Co. v. United States*, 834 F. Supp. 1391 (CIT 1993) (*Federal Mogul*), we adjusted USP for taxes that would have been assessed on the merchandise had it been sold in the home market. Where applicable, we also deducted from the USP the portion of the USP tax adjustment attributable to expenses included in the U.S. tax base.

No other adjustments were claimed or allowed.

Foreign Market Value

In calculating foreign market value (FMV), we used home market price, as defined in section 773(a) of the Act, since quantities of merchandise sufficient to provide a reasonable basis for comparison were sold in the home market to provide a reasonable basis for comparison. Home market price was based on the FOB stockyard or FOB mill

price to unrelated purchasers in the home market.

The Department made adjustments, where applicable, for discounts, rebates, warranty and servicing expenses, royalty fees, fees for outside inspectors, and for differences in packing material and credit. The Department also made an adjustment to FMV for imputed consumption taxes in accordance with the aforementioned *Federal-Mogul* decision.

No other adjustments were claimed or allowed.

Preliminary Results of Review

As a result of our comparison of USP to FMV, the Department preliminary determines that no margin exists for IPSCO for the period June 1, 1993, through May 31, 1994.

Interested parties may request disclosure within 5 days of the date of publication of this notice and may request a hearing within 10 days of publication. Any hearing, if requested, will be held 44 days after the date of publication of this notice, or the first workday thereafter. Case briefs and written comments from interested parties may be submitted not later than 30 days after the date of publication. Rebuttal briefs and rebuttals to written comments, limited to the issues raised in the case briefs and comments, may be filed not later than 37 days after the date of publication. The Department will publish the final results of this administrative review, including the results of its analysis of any such written comments or hearing.

The Department shall determine, and U.S. Customs shall assess, antidumping duties on all appropriate entries. The Department will issue appraisal instructions directly to U.S. Customs.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise, entered or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed company will be that rate established in the final results of this administrative review; (2) the cash deposit rate for merchandise exported by manufacturers or exporters not covered in this review but covered in a previous review or the original less-than-fair-value (LTFV) investigation, will continue to be the rate published in the most recent final results or determination for which the manufacturer or exporter received a company-specific rate; (3) if the exporter is not a firm covered in this review, earlier reviews, or the original

investigation, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in these final results of review, earlier reviews, or the original investigation, whichever is the most recent; and (4) the "all others" rate, as determined in the LTFV investigation, will be 16.65 percent.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: April 13, 1995.

Susan G. Esserman,

Assistant Secretary for Import Administration.

Granular Polytetrafluoroethylene Resin From Italy; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review.

SUMMARY: On December 21, 1994, the Department of Commerce (the Department) published its preliminary results of the administrative review of the antidumping duty order on granular polytetrafluoroethylene (PTFE) resin from Italy for the period August 1, 1991 through July 31, 1992. The review covers one manufacturer/exporter of this merchandise to the United States, Ausimont S.p.A. We did not receive any comments on our preliminary results, and, therefore, the final results are unchanged from those presented in our preliminary results.

EFFECTIVE DATE: April 21, 1995.
