

on the acceptance of 800 MHz applications on 280 SMR category channels, SMR applicants sought inter-category use of frequencies in the I/LT and Business Categories which, in turn, caused I/LT and Business applicants to seek out-of-category channel assignments on Public Safety category channels. APCO asserts that this situation endangers the continued availability of these frequencies to the public service community.

3. ITA opposes APCO's request asserting that it is a cavalier approach to eliminating a long-standing and beneficial rule. Opponent further contends that the stay request is merely a reiteration of APCO's long-standing objection to the inter-category sharing rules.

4. The Commission has undertaken a rule making proceeding (PR Docket 93-144, 59 FR 60111 (November 22, 1994)), in which it is considering Part 90 spectrum allocation issues. In response to a Congressional directive, the Commission is also in the process of developing a specific plan to ensure adequate spectrum to meet public safety demands. Continued inter-category sharing at this time, and at this substantial rate, could compromise both issues by exhausting the supply of available channels, particularly in the public safety spectrum.

5. Freezing acceptance of new inter-category sharing applications does not eliminate, as alleged by ITA, the inter-category rules. This temporary action merely ensures the successful resolution of the spectrum allocation issues raised in PR Docket No. 93-144 and the concerns raised by the public safety community.

Groundfish of the Gulf of Alaska, Groundfish of the Bering Sea and Aleutian Islands Area, Limited Access Management of Federal Fisheries In and Off of Alaska; Nomenclature Change

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; technical amendment.

SUMMARY: NMFS announces a technical amendment to revise references to the term "the Secretary" and similar language in fisheries regulations dealing with North Pacific fisheries. The purpose of this revision is to reflect the delegation of the Secretary of Commerce's authority to implement Magnuson Fishery Conservation and Management Act (Magnuson Act) fishery regulations to NMFS. This revision clearly identifies for the public the agency responsible for these regulations.

EFFECTIVE DATE: April 25, 1995.

FOR FURTHER INFORMATION CONTACT: William D. Chappell, 301-713-2341.

SUPPLEMENTARY INFORMATION:

Background

The domestic and foreign groundfish fisheries in the exclusive economic zone off Alaska are managed by NMFS according to Fishery Management Plans (FMPs) for Groundfish of the Gulf of Alaska and Groundfish of the Bering Sea and Aleutian Islands Area prepared by the North Pacific Fishery Management Council under the authority of the Magnuson Act. These FMPs are implemented by regulations governing the U.S. groundfish fishery at 50 CFR parts 672 and 675, respectively. Limited Access Management of Federal Fisheries In and Off Alaska is implemented by regulations at 50 CFR part 676. General regulations that also pertain to U.S. fisheries are implemented at 50 CFR part 620.

Department of Commerce Organization Order 10-15 of January 15, 1988, delegated certain authority of the Secretary of Commerce to the Under Secretary/Administrator of NOAA. The Under Secretary has redelegated part of this authority, including management of living marine resources under the Magnuson Act, to NMFS. This action revises the North Pacific fisheries regulations to identify the agency that has the redelegated authority and responsibility for issuing the regulations and otherwise performing the management functions required by the Magnuson Act.

The term "the Secretary, the Secretary of Commerce," or "Secretarial" are used throughout the regulations in referring to functions and authorities assigned to the Secretary of Commerce in the Magnuson Act. These functions have been delegated and are performed by NMFS. These amendments revise the
