

membership on the ACCV. Nominations shall state that the nominee is willing to serve as a member of the ACCV and appears to have no conflict of interest that would preclude the ACCV membership. Potential candidates will be asked to provide detailed information concerning such matters as financial holdings, consultancies, and research grants or contracts to permit evaluation of possible sources of conflicts of interest. A curriculum vitae should be submitted with the nomination.

The Department of Health and Human Services has special interest in assuring that women, minority groups, and the physically handicapped are adequately represented on advisory committees and therefore extends particular encouragement to nominations for appropriately qualified female, minority, or physically handicapped candidates.

Bureau of Indian Affairs

Draft Environmental Impact Statement (DEIS) for the Yellowstone Pipeline Rights-of-Way Renewal Across Trust and Allotted Lands of the Flathead Indian Reservation, Montana

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of availability of DEIS and public hearing dates.

SUMMARY: The Draft Environmental Impact Statement (DEIS) is for the proposed renewal of rights-of-way for an existing petroleum products pipeline. Constructed in 1954, this pipeline transports gasoline, diesel fuel, and jet fuel from refineries in Billings, Montana, 588 miles west to Spokane and Moses Lake, Washington. A portion of the pipeline crosses both tribal and allotted trust lands on the Flathead Indian Reservation in northwestern Montana.

The Yellowstone Pipe Line Company (YPL) and the Confederated Salish and Kootenai Tribes of the Flathead Nation (CSKT) executed a lease agreement for these trust lands for the period April 21, 1975, through April 21, 1995. It was approved by the Bureau of Indian Affairs (BIA), which serves as the federal trustee for the lands. The YPL requested a renewal of its lease from the CSKT in order to continue operating the pipeline through the year 2016.

A third party consultant, L.W. Reed Consultants, Inc. of Fort Collins, Colorado, is preparing the EIS for the BIA. They signed vouchers saying that they have no interest in the final decision of the BIA and have no conflict of interests involving YPL. The BIA required that YPL fund the EIS.

This notice is published pursuant to Sec. 1503.1 of the Council on Environmental Quality Regulations (40 CFR, Parts 1500 through 1508) implementing the procedural requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 et seq.),

Department of Interior Manual (516 DM 1-6) and is in the exercise of authority delegated to the Assistant Secretary—Indian Affairs by 209 DM 8.

DATES: Public hearings on the DEIS will be held on the following dates: Thursday, May 11; Monday, May 15; Tuesday, May 16; Wednesday, May 17; and Thursday, May 18. Written comments must arrive on or before June 26, 1995, at the address given below. We will consider all comments received during this period in preparing the Final EIS.

ADDRESSES: Written comments may be submitted at the public meetings, or sent to: Mr. Ernest Moran, Superintendent, Flathead Agency, Box A, Pablo, MT 59855.

Public hearings on the DEIS will be held at the following locations and times: Cavanaugh's River Inn, Spokane, WA, Thursday May 11, 7 p.m.; Ruby's Reserve Street Inn, Missoula, MT, Monday May 15, 7 p.m.; St. Ignatius Community Center, St. Ignatius, MT, Tuesday May 16, 4 p.m.; CSKT Tribal Complex, Pablo, MT, Wednesday May 17, 11 a.m.; Tribal Senior Citizens Center, Hot Springs, MT, Thursday May 18, 4 p.m.

If you would like a copy of this DEIS, please contact Mr. Lanny Reed, Lanny Reed Consultants Inc., 516 Spring Canyon Court, Fort Collins, Colorado 80525, or call toll-free at (800) 695-9305. We have sent copies of the DEIS to all agencies and individuals who previously requested them.

FOR FURTHER INFORMATION CONTACT: Mr. Jim Beyer, Flathead Agency Box A, Pablo, Montana 59855, telephone (406) 675-7200 ext. 260, or you may call toll-free at (800) 695-9305.

SUPPLEMENTARY INFORMATION: The Department of the Interior classifies the renewal of an existing right-of-way "where there would be essentially no change in use and continuation would not lead to environmental degradation" as a Categorical Exclusion under NEPA. In this case, two large spills and five smaller ones on the Reservation during the life of the pipeline indicated that continuation might lead to significant environmental degradation. Therefore, the Superintendent of the Flathead Agency, BIA, in consultation with the CSKT, decided that an EIS would be required prior to any federal decision concerning lease renewal.

The Proposed Action consists of the YPL's request to renew existing rights-of-way across trust lands, with added pipeline safety improvements. The action is needed in order to continue: (1) Operation of the pipeline to serve the needs of the public; (2) transportation of

refined petroleum products to consumers in the greater Spokane area; and (3) transportation of military jet fuel to Fairchild Air Force Base in Spokane. The pipeline now supplies approximately 34 percent of all consumer gasoline and diesel fuel to the Spokane market, 100 percent of the military jet fuel to the Fairchild Air Force Base, and 100 percent of the commercial jet fuel to the Grant County Airport, which supports the Boeing Aircraft and the Japan Air Lines pilot test programs.

The Proposed Action would allow continued use of the existing rights-of-way, with additional safety improvements designed to improve the maintenance of the pipe, the detection of leaks and ruptures, should they occur, and the containment of any product spills. These safety improvements include: (1) Hydrostatic pressure testing every 10 years to identify weak place in the pipeline; (2) instrumented "smart pig" testing every 10 years to detect areas of corrosion that might lead to leakage or rupture; (3) monthly "shut-in" testing to detect low volume leakage; (4) close interval survey of cathodic protection every 10 years; and (5) better, all-weather, spill contingency planning.

The No Action alternative would deny renewal of the rights-of-way. Petroleum products would thus have to reach the Spokane area markets through alternate modes of transportation.

Because the response to market vacuum resulting from this alternative would be market-driven, it is difficult to predict. Most likely, for the first six months following cessation of pipeline service from Missoula, Montana, product would be supplied by truck from Missoula and from Pasco, Washington; by rail car from Seattle, Washington, or Portland, Oregon; and by a slight increase in flow in the Chevron pipeline from Pasco to Spokane. In the six month to four year period, it is likely that flow in the Chevron pipeline would increase and that shipment by barge would replace shipment by rail, thus increasing traffic on the Columbia River from Portland to Pasco.

A Modified Existing Route Alternative would use the safety improvements identified in the proposed action. It would also re-route the pipeline around five identified sensitive areas in order to reduce (1) the chance of rupture due to stream scour and/or ground movement during earthquakes and (2) the exposure of people, cultural and aquatic resources, and other sensitive receptors in those areas to the adverse effects of petroleum products. This alternative

would add four remote control block valves and two new check valves, designed to reduce the volume of product spilled by drain-down in the event of rupture.

Ada E. Deer,

Assistant Secretary—Indian Affairs.

Notice of Realty Action: Lease/Conveyance for Recreation and Public Purposes

AGENCY: Bureau of Land Management, Interior.

ACTION: Recreation and public purpose lease/conveyance.

SUMMARY: The following described public land in Pahrump, Nye County, Nevada has been examined and found suitable for lease/conveyance for recreational or public purposes under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 et seq.). The South Valley Baptist Church proposes to use the land for church facility.

Mount Diablo Meridian, Nevada

T. 21S., R. 53 E.,

Sec. 24: Government Lot 1.

(more accurately described as the E $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 24)

Containing 5.00 acres, more or less.

The land is not required for any federal purpose. The lease/conveyance

is consistent with current Bureau planing for this area and would be in the public interest. The lease/patent, when issued, will be subject to the provisions of the Recreation and Public Purposes Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945).

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe.

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Las Vegas District, 4765 W. Vegas Drive, Las Vegas, Nevada.

Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the Recreation and Public Purposes Act, leasing under the mineral leasing laws and disposals under the mineral material disposal laws. For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding the proposed lease/conveyance for classification of the lands to the District Manager, Las Vegas District, P.O. Box 26569, Las Vegas, Nevada 89126.

CLASSIFICATION COMMENTS: Interested parties may submit comments involving the suitability of the land for a church facility. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

APPLICATION COMMENTS: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a church facility.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification of the land described in this Notice will become effective 60
