

When less than 10 percent of the home market sales of a model were at prices below the COP, we did not disregard any sales of that model. When 10 percent or more, but not more than 90 percent, of the home market sales of a particular model were determined to be below cost, we excluded the below-cost home market sales from our calculation of FMV, provided that these below-cost home market sales were made over an extended period of time. When more than 90 percent of the home market sales of a particular model were made below cost over an extended period of time, we disregarded all home market sales of that model in our calculation of FMV.

To determine whether sales below cost had been made over an extended period of time, we compared the number of months in which sales below cost occurred for a particular model to the number of months in which that model was sold. If the model was sold in fewer than three months, we did not disregard below-cost sales unless there were below-cost sales of that model in each month sold. If a model was sold in three or more months, we did not disregard below-cost sales unless there were sales below cost in at least three of the months in which the model was sold. See *Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof From the Federal Republic of Germany; Final Results of Antidumping Duty Administrative Review* (56 FR 31693, July 11, 1991).

Wolverine has not submitted information indicating that any of its sales below cost were made at prices which would have permitted "recovery of all costs within a reasonable period of time in the normal course of trade," as required by section 773(b)(2) of the Tariff Act. Therefore, we have no basis for concluding that the costs of production of such sales have been recovered within a reasonable period of time. As a result of our investigation, we disregarded Wolverine's below-cost sales made over an extended period of time.

In accordance with section 773(a)(2), we used constructed value (CV) as FMV for those U.S. sales for which there were insufficient sales of the comparison home market model at or above the COP. We calculated CV in accordance with section 773(e) of the Tariff Act. CV includes the cost of materials and fabrication for the exported merchandise, plus SG&A expenses, profit, and packing. Because the respondent did not provide alloy-specific information on, nor any allocation of, fabrication and packing costs, we used the data supplied by

petitioners for these cost factors in their submission of August 29, 1993. In our calculation of the SG&A expenses, we computed the actual percentage of costs using figures supplied by the respondent in its COP response. We multiplied that actual figure by the cost of manufacturing (COM). The COM is the sum of the cost of materials, which was supplied by the respondent, and the fabrication costs, which were supplied by the petitioners. We used the computed SG&A expenses since they were greater than the statutory minimum of 10 percent. Because the respondent's reported profit was less than eight percent of the COM plus general expenses, for profit we used the statutory minimum of eight percent.

For those models that had sufficient above-cost sales, we calculated FMV using home market prices to unrelated purchasers as described above.

Preliminary Results of Review

As a result of our comparison of USP to FMV, we preliminarily determine that the following margin exists for the period January 1, 1992 through December 31, 1992:

Manufacturer/exporter	Margin (percent)
Wolverine	24.52

Interested parties may request disclosure within 5 days of the date of publication of this notice and may request a hearing within 10 days of publication. Any hearing, if requested, will be held 44 days after the date of publication or the first business day thereafter. Case briefs and/or written comments from interested parties may be submitted no later than 30 days after the date of publication. Rebuttal briefs and rebuttals to written comments, limited to issues raised in those comments, may be filed no later than 37 days after the date of publication of this notice. The Department will publish the final results of this administrative review, including the results of its analysis of issues raised in any such written comments or at a hearing.

The Department will determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between USP and FMV may vary from the percentage stated above. The Department will issue appraisal instructions directly to the Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the

publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Tarriff Act: (1) The cash deposit rate for the reviewed company will be that rate established in the final results of this review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established in the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review, the cash deposit rate will be 8.10 percent, the all others rate established in the LTFV investigation (51 FR 44319).

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof From Singapore; Initiation and Preliminary Results of Changed Circumstances Countervailing Duty Administrative Reviews, Consideration of Revocation and Intent to Revoke Countervailing Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Initiation and Preliminary Results of Changed Circumstances Countervailing Duty Administrative Reviews, Consideration

of Revocation and Intent to Revoke Countervailing Duty Orders.

SUMMARY: We preliminarily determine that domestic parties are no longer interested in the countervailing duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from Singapore. We therefore intend to revoke the orders. The revocation will apply to all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after January 1, 1995. We invite interested parties to comment on these preliminary results and our intent to revoke the orders.

EFFECTIVE DATE: April 27, 1995.

FOR FURTHER INFORMATION CONTACT: Melanie Brown or Brian Albright, Office of Countervailing Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-2786.

SUPPLEMENTARY INFORMATION:

Background

On February 3, 1995, the Torrington Company (Torrington), the petitioner, submitted a letter to the Department of Commerce (the Department) stating that it has no further interest in the countervailing duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from Singapore for entries after December 31, 1994. Accordingly, Torrington requested revocation of the orders based on changed circumstances in accordance with 19 CFR 355.25(d)(1994).

These changed circumstances administrative reviews cover all producers and/or exporters of the subject merchandise and all shipments of this merchandise to the United States entered, or withdrawn from warehouse, for consumption on or after January 1, 1995.

Scope of the Reviews

Imports covered by these reviews are antifriction bearings (other than tapered roller bearings) and parts thereof. The subject merchandise covers five separate classes or kinds of merchandise and is described in detail in Appendix A to this notice. The Harmonized Tariff Schedule (HTS) item numbers listed in Appendix A are provided for convenience and Customs purposes. The written description remains dispositive.

Preliminary Results of Changed Circumstances Administrative Reviews and Intent to Revoke Countervailing Duty Orders

Pursuant to section 751(d)(1) of the Tariff Act of 1930, as amended (1995) (the Act), and §§ 355.22(h) and 355.25(d)(1994) of the Department's regulations, the Department may revoke a countervailing duty order if it concludes that "changed circumstances" have arisen such that the order is no longer of interest to interested parties (19 CFR 355.25(d)(1)(i)(1994)). We preliminarily determine that the petitioner's affirmative statement of no further interest in these proceedings, not opposed by statements of interest by other domestic interested parties, constitutes changed circumstances sufficient to warrant revocation of these countervailing duty orders. Therefore, we preliminarily determine to revoke the countervailing duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from Singapore.

We are hereby notifying the public of our preliminary determination to revoke these countervailing duty orders. If this preliminary determination to revoke these orders is made final, the revocation will apply to all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after January 1, 1995.

Therefore, we intend to instruct the U.S. Customs Service to terminate the suspension of liquidation and liquidate all entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after January 1, 1995, without regard to countervailing duties. We intend to instruct the U.S. Customs Service to refund with interest any estimated countervailing duties collected with respect to those entries. The current requirement for a cash deposit of estimated countervailing duties will continue until publication of the final results of these changed circumstances administrative reviews.

Interested parties may request a hearing within 10 days of the date of publication of this notice. Case briefs or other written comments from interested parties may be submitted not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to arguments raised in case briefs, may be submitted seven days after the time limit for filing case briefs. Any hearing, if requested, will be held seven days after the scheduled date for submission of rebuttal briefs. Copies of case briefs and rebuttal briefs must be served on

interested parties in accordance with § 355.38(e) of the Department's regulations (1994).

Representatives of parties to the proceeding may request disclosure of proprietary information under administrative protective order no later than 10 days after the representative's client or employer becomes a party to the proceeding, but in no event later than the date the case briefs, under 19 CFR 355.38(c)(1994), are due. The Department will publish the final results of these changed circumstances administrative reviews and its decision on revocation of these countervailing duty orders, as well as the results of its analysis of issues raised in any case or rebuttal brief.

This notice of changed circumstances administrative reviews and intent to revoke are in accordance with sections 751(d)(1) and (3) of the Act (19 U.S.C. 1675 (d)(1) and (3)(1995)) and 19 CFR 355.22(h) and 355.25(d)(1994).

Dated: April 19, 1995.

Assistant Secretary for Import Administration.

National Oceanic and Atmospheric Administration

Coastal Zone Management: Federal Consistency Appeal by Vieques Marine Laboratories From an Objection by the Commonwealth of Puerto Rico

AGENCY: National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice of appeal and request for comments.

Mr. Charles R. Connelly, on behalf of the Vieques Marine Laboratories, Inc. (Appellant), filed with the Secretary of Commerce (Secretary) a notice of appeal pursuant to section 307(c)(3)(A) of the Coastal Zone Management Act of 1972 (CZMA), as amended, 16 U.S.C. 1451 *et seq.*, and the Department of Commerce's implementing regulations, 15 CFR part 930, subpart H. The appeal is taken from an objection by the Puerto Rico Planning Board (PRPB) to the Appellant's proposal to develop a mariculture shrimp farm in Puerto Ferro, Vieques, Puerto Rico. The proposed project site is located in one of the critical coastal wildlife areas of Puerto Rico. The Appellant has certified that the project, for which a U.S. Army Corps of Engineers permit must be obtained, is consistent with Puerto Rico's coastal management program (CMP).

The CZMA provides that a timely objection by a state, (including Puerto Rico), precludes any federal agency from issuing licenses or permits for the activity unless the Secretary finds that the activity is either "consistent with the objectives" of the CZMA (Ground I) or "necessary in the interest of national security" (Ground II). Section 307(c)(3)(A). To make such a determination, the Secretary must find that the proposed project satisfies the requirements of 15 CFR 930.121 or 930.122.

The Appellant requests that the Secretary override the PRPB's consistency objections based on Grounds I and II. To make the determination that the proposed activity is "consistent with the objectives" of the CZMA, the Secretary must find that: (1) The proposed activity furthers one or more of the national objectives or purposes contained in section 302 or section 303 of the CZMA, (2) the adverse effects of the proposed activity do not outweigh its contribution to the national interest, (3) the proposed activity will not violate the Clean Air Act or the Federal Water Pollution Control Act, and (4) no reasonable alternative is available that would permit the activity to be conducted in a manner consistent with Puerto Rico's CMP. 15 CFR 930.121. To make the determination that the proposed activity is "necessary in the interest of national security" the Secretary must find that a national defense or other national security interest would be significantly impaired if the activity is not permitted to go forward as proposed. 15 CFR 930.122.

Public comments are invited on the findings that the Secretary must make as set forth in the regulations at 15 CFR 930.121. Comments are due within 30 days of the publication of this notice and should be sent to Ms. Pamela B. Lawrence, Attorney-Adviser, Office of the Assistant General Counsel for Ocean Services, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910. Copies of comments will also be forwarded to the Appellant and the PRPB.

All nonconfidential documents submitted in this appeal are available for public inspection during business hours at the offices of the PRPB and the Office of the Assistant General Counsel for Ocean Services.
