

concerning the Performance One, Inc. Site, which is located in Loves Park, Illinois.

In response to the release or threat of release of hazardous substances, U.S. EPA undertook a removal action at the Performance One Site pursuant to Section 104 of CERCLA. The removal action was completed on February 16, 1994. The former owner and operator of the Site defaulted on loans secured by the property, which had been guaranteed by the U.S. Small Business Administration ("SBA"). After conducting several environmental audits, the SBA was able to secure Donald D. Elmore (the proposed "Settling Party") as a potential purchaser. The purchase/sale transaction occurred on December 20, 1994.

Under the terms of the proposed agreement, the Agency will receive \$30,000 from the Settling Party in exchange for a release from any liability for the payment of past costs, as defined in the proposed agreement, associated with the removal action. The Settling Party will receive the contribution protection afforded by Sections 113(f)(2) and 122(h)(4) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(h)(4) for past response costs.

Nothing in the proposed agreement compromises U.S. EPA's potential claims against any person not a party to the agreement.

U.S. EPA will receive written comments relating to this agreement for 30 days from the date of publication of this notice.

A copy of the proposed administrative settlement agreement may be obtained in person or by mail from U.S. EPA's Region V Office of Regional Counsel, 77 West Jackson Boulevard (C-29A), Chicago, IL 60604.

FEDERAL RESERVE SYSTEM**Deutsche Bank AG, Frankfurt, Germany; Application to engage in Nonbanking Activities**

Deutsche Bank AG, Frankfurt, Germany (Deutsche Bank), has applied pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) (BHC Act) and § 225.23(a)(3) of the Board's Regulation Y (12 CFR 225.23(a)(3)), through a newly-formed wholly-owned subsidiary, Deutsche Bank Futures Corporation, New York, New York (Futures), to engage in the following activities: 1) acting as a futures commission merchant (FCM) for nonaffiliated persons in executing and clearing, executing without clearing, and clearing without executing, on the Chicago Board of Trade and the Chicago Mercantile Exchange with respect to certain futures and options contracts, 2) acting as an FCM for nonaffiliated persons in executing and clearing, and clearing without executing, through omnibus trading accounts with affiliated and nonaffiliated futures commission merchants or brokers with respect to certain futures and options contracts, 3) providing related investment advisory services, 4) providing securities brokerage services on the American Stock Exchange, the Chicago Board Options Exchange and the Philadelphia Stock Exchange, and 5) providing related data processing services. Deutsche Bank would engage in these activities on a worldwide basis.

Section 4(c)(8) of the BHC Act provides that a bank holding company may, with Board approval, engage in any activity which the Board, after due notice and opportunity for hearing, has determined (by order or regulation) to be so closely related to banking or managing or controlling banks as to be a proper incident thereto. This statutory test requires that two separate tests be met for an activity to be permissible for a bank holding company. First, the Board must determine that the activity is, as a general matter, closely related to banking. Second, the Board must find in a particular case that the performance of the activity by the applicant bank holding company may reasonably be

expected to produce public benefits that outweigh possible adverse effects.

A particular activity may be found to meet the "closely related to banking" test if it is demonstrated that banks generally have provided the proposed activity, that banks generally provide services that are operationally or functionally similar to the proposed activity so as to equip them particularly well to provide the proposed activity, or that banks generally provide services that are so integrally related to the proposed activity as to require their provision in a specialized form.

National Courier Ass'n v. Board of Governors, 516 F.2d 1229, 1237 (D.C. Cir. 1975). In addition, the Board may consider any other basis that may demonstrate that the activity has a reasonable or close relationship to banking or managing or controlling banks. Board Statement regarding Regulation Y, 49 FR 806 (1984).

Deutsche Bank states that the Board previously has determined by regulation that certain of the proposed activities, when conducted within limitations established by the Board in its regulations and in related interpretations and orders, are closely related to banking for purposes of section 4(c)(8) of the BHC Act. See 12 CFR 225.25(b)(15) (full-service securities brokerage); 12 CFR 225.25(b)(4) (investment advisory services); 12 CFR 225.25(b)(18) (futures commission merchant services); 12 CFR 225.25(b)(7), *Citicorp*, 72 Federal Reserve Bulletin 497 (1986), and *Citicorp*, 68 Federal Reserve Bulletin 505 (1982) (data processing services).

Deutsche Bank also maintains that the Board has determined by order that several of the other proposed activities, when conducted within the limitations established by the Board in previous orders, are closely related to banking.
