Issuance of Decisions and Orders During the Week of April 10 through April 14, 1995

During the week of April 10 through April 14, 1995 the decisions and orders summarized below were issued with respect to appeals and applications for other relief filed with the Office of Hearings and Appeals of the Department of Energy. The following summary also contains a list of submissions that were dismissed by the Office of Hearings and Appeals.

Appeal

Natural Resources Defense Council, 4/14/95, KFA-0071

The Natural Resources Defense Council (NRDC) filed an Appeal from a determination issued to it by the Office of Military Application (OMA) of the Department of Energy (DOE). The determination partially denied three Requests for Information which NRDC submitted under the Freedom of Information Act (FOIA). In its Requests, NRDC asked for copies of two documents and various unclassified graphs regarding the force structure of the United States' nuclear weapon stockpile. In its determination, OMA provided NRDC with redacted copies of the two requested documents and further stated that the graphs were being withheld in their entirety since they were contained in another classified document. Since the withheld information was classified, OMA stated that the information was being withheld under Exemptions 1 and 3 of the FOIA. NRDC argued that the two documents it was provided were improperly redacted and that OMA's reason for withholding the graphs was invalid. Additionally, NRDC argued that classified graphs potentially responsive to its requests could be made unclassified by redacting an axis of the graph and provided examples of various responsive graphs which had been released to the public. The DOE determined that under current classification guidelines, additional

information from the two responsive documents could now be released but that the remainder of the withheld information in the documents were properly classified and withheld pursuant to Exemption 3. The DOE also found that it possessed no unclassified graphs other than the ones already in NRDC's possession and that in regard to potentially responsive classified graphs, such graphs were properly classified under the current classification guidelines. Further, the DOE determined that it was impossible to declassify any currently classified graphs by deletion of a particular element of the graph without risking the release of classified information. Consequently, NRDC's Appeal was granted in part.

Refund Application

Charter Co./California, 4/10/95 RM23-288

The DOE issued a Decision and Order granting a Motion for Modification of a previously-approved refund plan filed by the State of California in the Charter Company second stage refund proceeding. California requested permission to reallocate \$300,000 in previously disbursed Charter monies to the Sacramento City Intermodal Transit Access Project. The project is intended to improve connections between different forms of public transit in the Sacramento area. In accordance with prior Decisions that noted the benefits of similar plans, the DOE granted California's Motion.

Refund Applications

The Office of Hearings and Appeals issued the following Decisions and Orders concerning refund applications, which are not summarized. Copies of the full texts of the Decisions and Orders are available in the Public Reference Room of the Office of Hearings and Appeals.

Atlantic Richfield Company/Klein Trucking et al.	RF304-14136	04/14/95
--	-------------	----------

Gulf Oil Corporation/Walton's Auto Service et al.	RF300-20084	04/14/95
Shell Oil Company/Howard Shell.	RF315-8277	04/14/95
Texas Gas Transmission Corp.	RF272-77212	04/14/95

Dismissals

The following submissions were dismissed:

Name	Case No.
Bacon Towing Co., Inc.	RF272-96133
Drumm Service Center #2	RF321-17133
Herzog Contracting Corp	RF321-20158
United Coal & Oil Company .	RF321-20179
University of Maine	RF272-77609

Copies of the full text of these decisions and orders are available in the Public Reference Room of the Office of Hearings and Appeals, Room 1E-234, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, Monday through Friday, between the hours of 1:00 p.m. and 5:00 p.m., except federal holidays. They are also available in *Energy Management: Federal Energy Guidelines*, a commercially published loose leaf reporter system.

Dated: May 5, 1995.

George B. Breznay,

Director, Office of Hearings and Appeals.
