Text of Proposed Rule

In consideration of the foregoing, the Department of Labor proposes that part 452 of title 29, Code of Federal Regulations, be amended as follows:

PART 452—GENERAL STATEMENT CONCERNING THE ELECTION PROVISIONS OF THE LABOR-MANAGEMENT REPORTING AND DISCLOSURE ACT OF 1959

The authority citation for Part 452 continues to read as follows:

Authority: Secs. 401, 402, 73 Stat. 532, 534 (29 U.S.C. 481, 482); Secretary's Order No. 2-93 (58 FR 42578).

2. Footnote 25 cited at the end of section 452.38(a) is revised to read as follows:

§ 452.38 Meeting attendance requirements.

* * * * *

²⁵ If a meeting attendance requirement disqualifies a large portion of members from candidacy, that large antidemocratic effect alone may be sufficient to render the requirement unreasonable. In *Doyle v. Brock*, 821 F.2d 778 (D.C. Circuit 1987), the court held that the impact of a meeting attendance requirement which disqualified 97% of the union's membership from candidacy was by itself sufficient to make the requirement unreasonable notwithstanding any of the other factors set forth in 29 CFR 452.38(a).

Signed in Washington, DC this 11th day of May 1995.

Charles L. Smith,

Special Assistant to the Deputy Secretary.

BILLING CODE 4510-86-M

LIBRARY OF CONGRESS

36 CFR Part 701

[Docket No. LOC 95-1]

Reading Rooms and Service to the Collections

AGENCY: Library of Congress.

ACTION: Proposed rules.

SUMMARY: The Library of Congress is proposing to amend its regulations on access to the Library's collections by members of the public and policies and procedures for service to the collections. This amendment reflects the new capabilities of the Library's reader registration system, specifically requiring all members of the public

wishing to use the Library's collections to obtain a Library-issued User Card. The User card will contain the name, current address, and a digitized photograph of the user. This amendment also describes new policies and procedures for providing and maintaining security for Library materials from accidental or deliberate damage or loss caused by users of these collections and the penalties for misuse. These measures include establishing conditions and procedures for the use of material that requires special handling, instructing and monitoring readers, assuring that the conditions and housing of all materials are adequate to minimize risk, and establishing control points at entrances to reading rooms. These new procedures will enhance the security of the Library's collections.

DATES: Comments should be received on or before June 16, 1995.

SUPPLEMENTARY INFORMATION: Under the authority of 2 U.S.C. 136, the Librarian of Congress is authorized to make rules and regulations for the government of the Library and for the protection of its property. In March of 1992, James H. Billington, the Librarian of Congress, announced that new security measures had to be taken to protect the Library's collections due to an increase in thefts and mutilation of materials. "The Library of Congress has long prided itself on being open to all readers," Dr. Billington said. "However, as the nation's Library and the world's largest repository of mankind's intellectual accomplishments, we have an obligation to protect our collections for future generations of Americans. Many of our books, maps, prints, and manuscripts are irreplaceable. We cannot risk their loss or desecration. We are responsible for the nation's patrimony." Dr. Billington's announcement followed lengthy planning by the Library to tighten security. It also followed the third arrest for theft from the Library since April 1991. 36 CFR 701.5 is

amended to announce the Library's new capability to capture and store the name, address, and a digitized photograph of registered users of its collections in an automated file for collections security purposes. The existing text in 36 CFR 701.5 will become paragraph (b) and a new paragraph (a) is added. 36 CFR 701.6 is amended to set forth the general policy of the Library on the use of materials in its custody. 18 U.S.C. 641, 1361, and 2071; and 22 D.C. Code 3106 set forth criminal provisions for mutilation or theft of Government property. The existing text in 36 CFR 701.6, Chapter VII will become paragraph (a) and new paragraphs (b), (c), and (d) are added. The last sentence in paragraph (a) should be removed.

Proposed Regulations.

In consideration of the foregoing the Library of Congress proposes to amend 36 CFR part 701 as follows:

PART 701—PROCEDURES AND SERVICES

1. The authority citation for part 701 will continue to read as follows:

Authority: 2 U.S.C. 136.

2. Section 701.5 is amended by redesignating the existing text as paragraph (b) and adding a new paragraph (a) to read as follows:

§ 701.5 The Library's reading rooms and public use thereof.

(a) All members of the public wishing to use materials from the Library's collections first must obtain a User Card. The Library will issue User Cards, in accordance with established access regulations, to those persons who present a valid photo identification card containing their name and current address. The Library-issued User Card will include the name, digitized photograph, and signature of the user. It must be presented when requesting materials housed in the book stacks or other non-public areas or upon request of a Library staff member. In accordance with Library regulations which prescribe the conditions of reader registration and use of Library materials, presentation of a User Card may be required for entry into certain reading rooms. The Library will maintain the information found on the User Cards, including the digitized photograph and other pertinent information, in an automated file for collections security purposes. Access to the automated file shall be limited to only those Library

staff whose official duties require access. The automated file shall be physically separated and accessible only from inside the Library.

(b) Definitions.

(1) *Security* means administration of continuing, effective controls in areas where materials are housed for the purpose of preprocessing or processing, storage, access, or use. These controls are designed to safeguard against theft, loss, misplacement, or damage from improper use or vandalism and may vary as appropriate to the quality, monetary value, replaceability, fragility, or other special or unusual conditions relating to the materials concerned.

(2) *Library material* means:

(i) Items in all formats (including, but not limited to, books and pamphlets; documents; manuscripts; maps; microfiche, microfilms, and other microforms; motion pictures, photographs, posters, prints, drawings, videotapes, and other visual materials; newspapers and periodicals; recorded discs, tapes, or audio/video/digital materials in other formats) either in the collections of the Library of Congress or acquired for and in process for the Library's collections;

(ii) Objects such as musical instruments, printing blocks, copper engraving plates, paintings, and scrolls, and

(iii) *Control files*, which are manual or automated files essential to the physical or intellectual access to Library materials, such as catalogs, computer tapes, finding aids, and shelflists. These include items that are acquired as an integral part of Library materials and are accessioned into the collections with them permanent inventory records, public catalogs, and other finding aids.

(3) *Security-controlled environment* means, but is not limited to: general and special reading rooms and research facilities where materials are issued under controlled circumstances for use of readers; the bookstacks and other storage facilities where materials are housed when not in use; and work areas where materials are held temporarily for processing.

(c) *General policy for use of Library materials*. Materials retrieved for readers' use shall be used only in assigned reading rooms or research

facilities. Use elsewhere in Library buildings requires specific authorization from designated staff members of the custodial unit. Use of materials assigned to reference collections shall be in accordance with established regulations. To minimize the risk of theft, loss, or damage when the materials are removed from designated storage areas, the conditions of availability and use will vary as appropriate to the quality of materials, their monetary value, replaceability, format, physical condition, and the purpose for which they are to be circulated—reader use within the Library, exhibits, preservation, photoduplication, or loan outside the Library. Unless otherwise specified by Library regulations, and/or legal or contractual obligations, the conditions and procedures for use of materials, including duplication, either inside or outside of the Library buildings, shall be determined by or in consultation with the unit head responsible for the custody of the material used.

(1) Any material removed from the security-controlled environment of a reading room or storage area, and meeting the established criteria must be charged as an internal or external loan through the Loan Division, in accordance with established loan regulations. The security of in-process material, and special collections material not meeting the criteria of these regulations, is the responsibility of the division chief or equivalent Library officer with physical control of the material. That division shall determine whether or not a Loan Division internal charge must be created when an item is removed for use. If a Loan Division record is not created, the division shall create and maintain a local record until the item is returned.

(2) When the period of use is completed, all materials shall be returned immediately to the custodial unit to be placed in designated shelf or other locations in assigned storage areas. Charge records for the returned materials shall be removed from the charge files.

(d) *Penalties*. Readers who violate established conditions and/or procedures for using material are subject to penalties to be determined by or in consultation with the unit head responsible for the custody of the material used.

(1) When a reader violates a condition and/or procedure for using material, the division chief or head of the unit where the infraction occurred may, upon written notification, deny further access to the material, or to the unit in which it is housed, to be determined by the

nature of the infraction and the material involved.

(2) Within five workdays of receipt of such notification, the reader may make a written request, including the reasons for such request to the Associate Librarian for that service unit, or his/her designee, for a reconsideration of said notification.

(3) The Associate Librarian for that service unit, or his/her designee, shall respond within five workdays of receipt of such request for reconsideration and may rescind, modify, or reaffirm said notification, as appropriate.

(4) Repeated violations of established conditions and/or procedures for using material may result in denial of further access to the premises and further use of the Library's facilities or revocation of the reader's User Card, in accordance with established access regulations.

(5) Mutilation or theft of Library property also may result in criminal prosecution, as set forth in 18 U.S.C. 641, 1361, and 2071; and 22 D.C. Code 3106.

(6) In certain emergency situations requiring prompt action, the division chief or head of the unit where the infraction occurred immediately may deny further access to the material or unit prior to making written notification action. In such cases, the reader shall be notified, in writing, within three days of the action taken and the reasons therefor. The reader then may request reconsideration.

(7) A copy of any written notification delivered pursuant to this part shall be forwarded to the Captain, Library Police, the service unit, and the Director, Integrated Support Services, for retention.

Dated: May 11, 1995.
