**Public Information Collection
Requirements Submitted to OMB for
Review**

The U.S. Agency for International Development (USAID) submitted the following public information collection requirements to OMB for review and clearance under the Paperwork Reduction Act of 1980, (44 U.S.C. Chapter 35). Comments regarding these information collections should be addressed to the OMB reviewer listed at the end of the entry. Comments may also be addressed to, and copies of the submissions obtained from the Records Management Officer, Renee Poehls, (202) 736-4743, M/AS/ISS Room 930B, N.S., Washington, D.C. 20523.

Date Submitted: May 9, 1995.

Submitting Agency: U.S. Agency for International Development.

OMB Number: OMB 0412-0536.

Form Number: AID 1420-62.

Type of Submission: Renewal.

Title: Report of Medical Examination.

Purpose: When USAID hires contractor personnel for overseas assignments, the contractors are required to obtain a physician's certification that they are physically qualified to engage in the type of activity for which they will be employed. Physicians who do not regularly deal with patients going to lesser developed countries do not appreciate the difficulties of providing even the most basic medical services in many such areas. This form requests the minimum information needed in order to make a determination as to whether or not the individual should travel to the post in question. The State Department's Office of Medical Service (M/MED) reviews the form prior to departure to insure the Mission or Embassy medical facility can meet special medical needs of the contractor. Thus the need for future medical evacuations would be reduced, since M/MED would find most existing medical problems that could not be dealt with locally and the individual would then most likely be denied approval to post.

Annual Reporting Burden:
