9. Purpose of Notice of Intent.

Pursuant to the regulations implementing the procedural provisions of the NEPA, the MMS is announcing its intent to prepare an EIS on the oil and gas leasing proposals known as Sale 166 in the Central Gulf, and Sale 168 in the Western Gulf, off the States of Texas, Louisiana, Mississippi, and Alabama. The NOI also serves to announce the scoping process that will be followed for this EIS. Throughout the scoping process, Federal Agencies and State and local governments and other interested parties have the opportunity to aid the MMS in determining the significant issues and alternatives to be analyzed in the EIS.

The EIS analysis will focus on the potential environmental effects of leasing, exploration, and development of the blocks included in the areas defined in the Area Identification procedure as the proposed areas of the Federal actions. Alternatives to the proposal which may be considered for each sale are to delay the sale, cancel the sale, or modify the sale.

10. Instructions on NOI to Prepare an EIS. Federal Agencies and State and local governments and other interested parties are requested to send their written comments on the scope of the EIS, significant issues which should be addressed, and alternatives that should be considered to the Regional Supervisor, Leasing and Environment, Gulf of Mexico OCS Region, at the address stated under "Description of Area." Comments should be enclosed in an envelope labeled "Comments on the NOI to Prepare an EIS on the proposed 1997 Lease Sales in the Gulf of Mexico." Comments on the NOI should be submitted no later than 45 days from publication of this Notice. Scoping meetings will be held in appropriate locations to obtain additional comments and information regarding the scope of the EIS.
