**GENERAL SERVICES
ADMINISTRATION****Information Collection Activities Under
Office of Management and Budget
Review**

AGENCY: Office of GSA Acquisition
Policy (VP), GSA.

SUMMARY: The GSA hereby gives notice
under the Paperwork Reduction Act of
1980 that it is requesting the Office of
Management and Budget (OMB) to
approve a new information collection
entitled "Application To Use Federal
Supply Schedules By State, Local and
Indian Tribal Governments." The
application will be used by states,
departments or agencies of a state, and
any political subdivision of a state,
including a local government, the
Commonwealth of Puerto Rico, and the
government of an Indian Tribe, to
request authorization from GSA to use
the Federal supply schedules.

ADDRESSES: Send comments to Ed
Springer, GSA Desk Officer, Room 3235,
NEOB, Washington, DC 20503, and to
Mary L. Cunningham, GSA Clearance
Officer, General Services
Administration (CAIR), 18th & F Streets
NW., Washington, DC, 20405.

Prevention**

[Announcement Number 532]

**Cooperative Agreements for a National
System of Integrated Activities to
Prevent HIV Infection and Other
Serious Health Problems Among
Students, Especially Postsecondary
Students****Introduction**

The Centers for Disease Control and
Prevention (CDC) announces the
availability of fiscal year (FY) 1995
funds for cooperative agreements to
establish a national system of integrated
activities for preventing HIV infection
and other serious health problems
among the nation's students, especially
postsecondary students and those in
high-risk situations.

Applicants may apply for funding to
carry out activities in one or more of the
following priority areas:

*Priority One—Educate Policy and
Decision-Makers*

To educate and encourage policy and
decision-making members of
postsecondary institutions to support
programs to prevent HIV infection
among students, especially
postsecondary students and those in
high-risk situations.

*Priority Two—Support Institution-Wide
Health Promotion Programs*

To build the capacity of
postsecondary institutions to implement
comprehensive integrated strategies
designed to prevent HIV infection as
part of institution-wide health
promotion and disease prevention
programs for postsecondary students,
especially those in high-risk situations.

*Priority Three—Support Preservice
Education*

To provide technical assistance and
training to personnel in postsecondary
institutions about the skills that health,
education, social service, and other
professionals need in order to help
young people, including students in
grades K-12 and those in high-risk
situations, avoid HIV infection and
other serious health problems.

The Public Health Service (PHS) is
committed to implementing the
recommendations outlined in the
*External Review of HIV Prevention
Strategies*, and the health promotion
and disease prevention objectives of
Healthy People 2000, a PHS-led national
activity to reduce morbidity and
mortality and improve the quality of
life. This program announcement is
related to the priority areas of HIV

Infection (Objective 18.11, "Provide HIV education for students and staff in at least 90 percent of colleges and universities"), and Educational and Community-Based Programs (Objective 8.4, "Increase to at least 75 percent the proportion of the Nation's elementary and secondary schools that provide planned and sequential kindergarten through 12th grade quality school health education"; Objective 8.5, "Increase to at least 50 percent the proportion of postsecondary institutions with institution-wide health promotion programs for students, faculty, and staff"; and Objective 8.6, "Increase to at least 85 percent the proportion of workplaces with 50 or more employees that offer health promotion activities for their employees, preferably as part of a comprehensive employee health promotion program"). The most recent description of CDC efforts to prevent HIV infection is included in *Public Health Reports*, including CDC efforts to prevent HIV infection among youth. (To order a copy of the *External Review of HIV Prevention Strategies, Healthy People 2000, and Public Health Reports*, see the section on **REFERENCE MATERIALS**).

Authority

This program is authorized under sections 311(c) [42 U.S.C. 243(c)], and 317(k)(2) [42 U.S.C. 247(k)(2)] of the Public Health Service Act, as amended. Regulations are set forth in 42 CFR Part 51b.

Eligible Applicants

Eligible applicants are national education, health, or social service organizations that are private, nonprofit, professional, or voluntary. Eligible applicants must have postsecondary institutions or programs as their major focus; and applicants must have the organizational capacity to help develop an ongoing national system of integrated activities to prevent HIV infection and other serious health problems among students, especially postsecondary students and those in high-risk situations. Eligible applicants must have affiliate offices, organizations, or constituencies in a minimum of 10 States and territories.

Smoke-Free Workplace

PHS strongly encourages all grant recipients to provide a smoke-free workplace and to promote the nonuse of all tobacco products, and Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care,

and early childhood development services are provided to children.

Availability of Funds

Approximately \$2.5 million is available in FY 1995 to fund approximately 10 awards. It is expected that the average award will be \$250,000, ranging from \$200,000 to \$300,000. It is expected that awards will begin on or about September 25, 1995, and will be made for a 12-month budget period within a project period of up to 5 years. Funding estimates may vary and are subject to change. Continuation awards for new budget periods will be based on satisfactory performance, receipt of an acceptable continuation application, and the availability of funds.

Funds must be used for categorical activities to prevent HIV infection among youth. Activities can also be included that support the integration of HIV activities as part of broader programs to improve the health of youth (e.g., related STD and pregnancy prevention programs; related alcohol and other drug prevention programs; related institution wide health promotion programs for students, faculty, and staff). These funds may not be used to conduct research.

Purpose

The purpose of this program is to support national organizations and other relevant agencies in establishing an ongoing national system of integrated activities to prevent HIV infection and other serious health problems among students, especially postsecondary students and those in high-risk situations.

Program Requirements

In conducting activities to achieve the purpose of this program, the recipient will be responsible for the activities under A. (Recipient Activities), and CDC will be responsible for the activities listed under B. (CDC Activities).

A. Recipient Activities

1. Collaborate with constituents; other national organizations whose foci are postsecondary institutions; community planning; State and local education and health agencies; and CDC to develop a national system to achieve the purpose of this program announcement.

2. Establish feasible goals and specific, measurable, and realistic objectives.

3. Establish an operational plan that could include, but is not limited to:

(a) Including as a priority within the organization, health promotion and disease prevention programs to reduce

HIV risk behaviors of students, especially postsecondary students and those in high-risk situations.

(b) Developing and promoting the implementation of State and local policies designed to reduce the HIV risk behaviors of students, especially postsecondary students and those in high-risk situations.

(c) Developing and promoting the implementation of activities designed to prevent HIV risk behaviors among students, especially postsecondary students and those in high-risk situations.

(d) Educating and encouraging policy and decision-making members of national organizations and their constituents, to support HIV prevention education programs for students, especially postsecondary students and those in high-risk situations.

4. Evaluate the project's effectiveness in achieving goals and objectives.

5. Disseminate programmatic information to CDC and other interested recipients through appropriate methods that include:

(a) Identifying and submitting pertinent programmatic information for incorporation into a computerized database of health information and health promotion resources, such as the Combined Health Information Database (CHID).

(b) Sharing information through electronic bulletin boards, such as the Comprehensive Health Education Network (CHEN).

6. Participate with CDC and other appropriate agencies in planning and convening meetings. The budget request should include the cost of a five-day trip to Atlanta for two individuals to attend a CDC annual conference and a two-day trip to Atlanta for two individuals to attend an additional meeting.

B. CDC Activities

1. Provide and periodically update information related to the purposes or activities of this program announcement.

2. Collaborate with national, State, and local education and health agencies and other relevant organizations in planning and conducting national strategies designed to strengthen programs for preventing HIV infection and other serious health problems among young persons.

3. Provide substantial programmatic consultation and guidance related to program planning, implementation, and evaluation; assessment of program objectives; and dissemination of successful strategies, experiences, and evaluation reports.

4. Plan meetings of national, State, and local education agencies and other appropriate agencies to address issues and program activities related to improving the health of postsecondary students; and strengthening the capacity of education, health, and other relevant agencies to prevent HIV infection and other serious health problems among young persons, especially those in high-risk situations.

5. Assist in the evaluation of program activities.

6. Monitor the recipient's performance of program activities and make recommendations to facilitate future progress.

Review and Evaluation Criteria

Each application will be allocated a total of 100 points, and will be reviewed and evaluated according to the following criteria:

A. Background/Need (10 points).

The extent to which the applicant justifies the need for the activities including:

1. Identifying target populations;
2. Identifying the barriers in reaching the target population;
3. Identifying what might move HIV prevention efforts forward within the target population.

B. Capacity and Impact (30 points).

The extent to which the applicant demonstrates the capacity and ability to:

1. Develop and conduct the proposed activities;
2. Involve postsecondary institutions or programs;
3. Institutionalize activities that can reduce HIV infection among students, especially postsecondary students and those students who may be in high-risk situations.

C. Goals and Objectives (10 points).

1. Goals. The extent to which the applicant has submitted realistic goals for the projected five-year project period.

2. Objectives. The extent to which the applicant has submitted specific, measurable, and feasible objectives for the one-year budget period that directly relate to the applicant's goals.

D. Operational Plan (15 points).

1. The extent to which proposed activities:

- (a) Involve postsecondary institutions.
- (b) Are likely to reduce HIV infection and related health problems among students especially postsecondary students and those in high-risk situations.

(c) Achieve the stated objectives within the first budget period.

2. The extent to which the applicant includes a reasonable timeline for conducting proposed activities.

3. The extent to which the applicant provides a description of the activities anticipated for years 2, 3, 4, and 5 of the project.

E. Project Management and Staffing (15 points).

The extent to which the applicant identifies staff and other agencies that have the responsibility and authority to carry out each activity, including:

1. Organizational charts demonstrating that the staff have the authority needed to carry out those responsibilities.

2. Job descriptions and curricula vitae demonstrating that the staff have backgrounds that qualify them to fulfill the proposed responsibilities.

3. Commitment of at least one full-time staff member to provide direction for the proposed activities.

4. Letters from collaborating organizations indicating their intent and capacity to carry out their designated responsibilities.

F. Sharing Experiences and Resources (5 points).

The extent to which the applicant indicates how it will share effective materials and activities.

G. Collaborating (5 points).

The extent to which the applicant describes how it will collaborate with CDC and with other relevant agencies.

H. Evaluation (10 points). The extent to which the applicant:

1. Identifies how it will monitor progress in meeting objectives.
2. Identifies how program effectiveness will be measured and presents a reasonable plan for obtaining data, reporting results, and using the results for programmatic decisions.

I. *Budget and Accompanying Justification* (not scored). The extent to which the applicant provides a detailed and clear budget narrative consistent with the stated objectives and planned activities of the project.

Executive Order 12372 Review

This program is not subject to the Executive Order 12372 review.

Public Health Systems Reporting Requirements

This program is not subject to the Public Health Systems Reporting Requirements.

Catalog of Federal Domestic Assistance Number

The Catalog of Federal Domestic Assistance Number is 93.938.

Other Requirements

Paperwork Reduction Act

Projects that involve the collection of information from 10 or more individuals

and funded by the cooperative agreement will be subject to review and approval by the Office of Management and Budget (OMB) under the Paperwork Reduction Act.

HIV/AIDS Requirements

Recipients must comply with the document entitled: "Interim Revision of Requirements of the Content of AIDS-Related Written Materials, Pictorials, Audiovisuals, Questionnaires, Survey Instruments, and Educational Sessions in Centers for Disease Control and Prevention Assistance Programs" (June 15, 1992), a copy of which is included in the application kit. The names and affiliations of the review panel members must be listed on the Assurance of Compliance form CDC 0.1113, which is also included in the application kit. In progress reports, the recipient must submit the program review panel's report indicating all materials have been reviewed and approved.

Application Submission and Deadline

The original and two copies of the application Form PHS-5161-1 (OMB Number 0937-0189) must be submitted to Henry S. Cassell, III, Acting Chief, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), 255 East Paces Ferry Road NE., Room 300, Atlanta, GA 30305, Attention: Marsha D. Driggans, Mailstop E16, on or before July 24, 1995.

Facsimile copies will not be accepted.

1. *Deadline.* Applications shall be considered as meeting the deadline if they are either:

(a) Received on or before the deadline date; or

(b) Sent on or before the deadline date and received in time for submission to the independent review group.

Applicants must request a legibly dated U.S. Postal Service postmark or obtain a legibly dated receipt from a commercial mail carrier or U.S. Postal Service. Private metered postmarks shall not be accepted as proof of timely mailing.

2. *Late Applications.* Applications that do not meet the criteria in 1.(a) or 1.(b) above are considered late applications. Late applications will not be considered and will be returned to the applicant.

Where to Obtain Additional Information

A complete program description, information on application procedures, application package, and business management technical assistance may be obtained from Marsha D. Driggans, Grants Management Specialist, Grants

Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), 255 East Paces Ferry Road, NE., Room 305, Mailstop E-16, Atlanta, GA 30305, telephone (404) 842-6523, facsimile (404) 842-6513, or via INTERNET: mdd2@opspg01.em.cdc.gov.

Programmatic technical assistance may be obtained from Elizabeth Majestic, Chief, Special Populations Section, Program Development and Services Branch, Division of Adolescent and School Health, National Center for Chronic Disease Prevention and Health Promotion, Centers for Disease Control and Prevention (CDC), 4770 Buford Highway, NE., Mailstop K31, Atlanta, GA 30341-3724, telephone (404) 488-5356.

Please refer to Announcement 532 when requesting information or submitting an application.

Reference Materials

(1) Potential applicants may obtain a copy of Healthy People 2000 (Full Report, Stock No. 017-001-00474-0), Healthy People 2000 (Summary Report, Stock No. 017-001-00473-1), and Adolescent Health (Volume 1, Stock No. 052-00301234-1; Volume 2, Stock No. 052-003-01235-9; Volume 3, Stock No. 052-003-01236-7) through the Superintendent of Documents, Government Printing Office, Washington, DC 20402-9325, telephone (202) 512-1800.

(2) Potential applicants may obtain a copy of the External Review of HIV Prevention Strategies, from the Centers for Disease Control and Prevention (CDC), National Center for Prevention Services, Division of HIV/AIDS Prevention, 1600 Clifton Rd., Mailstop D21, Atlanta, GA 30333, telephone (404) 639-0900.

(3) Potential applicants may obtain a copy of Public Health Reports, Volume 106, Number 6, from the National AIDS Information Clearinghouse, P.O. Box 6003, Rockville, MD 20850, telephone (800) 458-5231.

(4) Potential applicants can obtain additional information about HIV Prevention Community Planning Groups, by contacting Gary West, Division of HIV/AIDS Prevention, National Center for Prevention Services, Centers for Disease Control and Prevention (CDC), 1600 Clifton Rd., Mailstop D21, Atlanta, GA 30333, telephone (404) 639-0900.

(5) Potential applicants may obtain a copy of The Second Annual National School Health Conference Proceedings, from the National Center for Chronic Disease Prevention and Health Promotion, Division of Adolescent and

School Health, Centers for Disease Control and Prevention (CDC), 1600 Clifton Rd., Mailstop K31, Atlanta, GA 30333, telephone (404) 488-5324.

Special Guidelines for Technical Assistance Workshop

A one-day technical assistance workshop will be held in Washington, DC, approximately two weeks after the publication date of the Program Announcement in the **Federal Register**. The purpose of this meeting is to help potential applicants to:

1. Understand the scope and intent of Announcement 532; and
2. Understand the Public Health Service grants policies, applications, and review procedures.

Attendance at this workshop is not mandatory. Applicants who are currently funded by CDC may not use project funds to attend this workshop. However, attendees who compete successfully may be reimbursed for their allowable and reasonable expenses through their new award.

Each potential applicant may send no more than two representatives to this meeting. Please provide the names of the persons that are planning to attend this meeting to Elizabeth Majestic, Chief, Special Populations Section, Division of Adolescent and School Health, telephone (404) 488-5356, within 10 working days after the publication date of the program announcement in the **Federal Register**.

Dated: June 12, 1995.

Joseph R. Carter,

Acting Associate Director for Management and Operations, Centers for Disease Control and Prevention (CDC).

BILLING CODE 4163-18-P

[Announcement 572]

National Institute for Occupational Safety and Health; Prevention of Stress and Health Consequences of Workplace Downsizing and Reorganization

Introduction

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 1995 funds for a cooperative agreement program to study organizational downsizing/reorganization and propose interventions to reduce the negative health and performance consequences among employees. The research funded by this cooperative agreement will focus on the defense nuclear industry where large-scale downsizing and reorganization are currently occurring,

but the research will provide a model for other industries affected by downsizing and reorganization issues.

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a PHS-led national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to the priority areas of Occupational Safety and Health and Mental Health and Mental Disorders. (For ordering a copy of Healthy People 2000, see the Section **WHERE TO OBTAIN ADDITIONAL INFORMATION.**)

Authority

This program is authorized under Sections 20 (a) and 22(e)(7) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 669(a) and 671(e)(7)).

Smoke-free Workplace

The PHS strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of all tobacco products, and Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care and early childhood development services are provided to children.

Eligible Applicants

Applications may be submitted by public and private, non-profit and for-profit organizations and governments, and their agencies. Thus, universities, colleges, research institutions, hospitals, other public and private organizations, State and local health departments or their bona fide agents, federally recognized Indian tribal governments, Indian tribes or Indian tribal organizations, and small, minority-, and/or women-owned businesses are eligible to apply.

Availability of Funds

Approximately \$300,000 is available in FY 1995 to fund at least one award. It is expected that the award will begin on or about September 30, 1995, and will be made for a 12-month budget period within a project period of 3 to 5 years. Funding estimates may vary and are subject to change.

Continuation awards within the project period will be made on the basis of satisfactory progress and the availability of funds.

Purpose

The purpose of this cooperative agreement is to utilize the special resources of the extramural community to conduct a program of applied
