

paragraphs (d)(1) through (d)(3) of this section.

Mineral Materials

§ 292.67 Mineral material operations.

Subject to the provisions of part 228, subpart C and part 293 of this chapter, the authorized officer may approve contracts and permits for the sale or other disposal of mineral materials, including but not limited to, common varieties of gravel, sand, or stone. However, such contracts and permits may be approved only if the material is not within a designated wilderness area and is to be used for the construction and maintenance of roads and other facilities within the SRNRA and the four areas identified by the Act that are within the exterior boundaries of the SRNRA but are not classified as part of the SRNRA.

Indemnification

§ 292.68 Indemnification.

The owner and/or operator of mining claims and the owner and/or lessee of outstanding mineral rights are jointly and severally liable in accordance with Federal and State laws for indemnifying the United States for:

(a) Injury, loss, or damage, including fire suppression costs, which the United States incurs as a result of the mineral operations;

(b) Payments made by the United States in satisfaction of claims, demands or judgments for an injury, loss, or damage, including fire suppression costs, which result from the mineral operations; and

(c) Cost incurred by the United States for any action resulting from noncompliance with an approved plan of operations or activities outside a mutually agreed to operating plan.

Approval and Promulgation of Implementation Plans; State of Iowa

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve the State Implementation Plan (SIP) revisions submitted by the state of Iowa. The state's request for a revision to the SIP includes provisions for enhanced monitoring, special requirements for nonattainment areas, and adoption of EPA definitions. These revisions fulfill Federal regulations which strengthen maintenance of established air quality standards.

In the final rules section of the **Federal Register**, the EPA is approving the state's SIP revision as a direct final rule without prior proposal, because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If the EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Comments must be received on or before July 24, 1995.

ADDRESSES: Comments may be mailed to Christopher D. Hess, Environmental Protection Agency, Air Branch, 726 Minnesota Avenue, Kansas City, Kansas 66101.

FOR FURTHER INFORMATION CONTACT: Christopher D. Hess at (913) 551-7213.

SUPPLEMENTARY INFORMATION: See the information provided in the direct final rule which is located in the rules section of the **Federal Register**.

Clean Air Act Proposed Approval of Title V Operating Permits Program Revisions; Proposed Approval of Amended Synthetic Minor Operating Permit Program as a State Implementation Plan Revision; Bay Area Air Quality Management District, California

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On November 29, 1994, EPA proposed to grant interim approval to the title V operating permits program and full approval to the synthetic minor operating permit program submitted by the Bay Area Air Quality Management District (Bay Area, BAAQMD, or District) for the purpose of complying with title V of the Clean Air Act (Act) in the case of the former, and for creating federally enforceable limits on potential to emit in the case of the latter. Bay Area has since revised the two

programs, and this document addresses those revisions. In this document, EPA is proposing approval of Bay Area's title V operating permits program revisions which add optional permit shield provisions, clarify permit application requirements, and make other minor program changes in response to local concerns. EPA is also proposing to approve revisions to Bay Area's synthetic minor regulations which clarify permit modification requirements under the federally enforceable state operating permit program (FESOP). EPA is proposing approval of the revised synthetic minor regulations as a revision to Bay Area's portion of the California State Implementation Plan (SIP) and pursuant to section 112(l) of the Act.

In the Final Rules Section of this **Federal Register**, EPA is promulgating direct final approval of Bay Area's title V and FESOP revisions without prior proposal because EPA views these changes as noncontroversial amendments and anticipates no adverse comments. A detailed rationale for these approvals is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rulemaking. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this action should do so at this time.

DATES: Comments on this proposed rule must be received in writing by July 24, 1995.

ADDRESSES: Written comments on this action should be addressed to: Celia Bloomfield, Operating Permits Section (A-5-2), Air and Toxics Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105.

Copies of the District's submittal, EPA's Technical Support Document, and other supporting information used in developing the proposed approvals are available for public inspection at EPA's Region IX office during normal business hours.

FOR FURTHER INFORMATION CONTACT: Celia Bloomfield (telephone 415/744-1249), Operating Permits Section (A-5-2), Air and Toxics Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105.

SUPPLEMENTARY INFORMATION: On November 29, 1994, EPA proposed in

the **Federal Register** to grant interim approval to Bay Area's title V operating permits program (59 FR 60939) in accordance with title V of the Act (as amended in 1990) and 40 CFR part 70 (the title V implementing regulations). In the same notice, EPA proposed approval of Bay Area's synthetic minor program based on the June 28, 1989 (54 FR 27274) approval criteria for federally enforceable state operating permit programs. On February 1, 1995, Bay Area adopted revisions to Regulation 2, Rule 6 (Regulation 2-6) and the District's Manual of Procedures, Volume II, Part 3 (MOP) that implement the District's title V and synthetic minor programs. These revisions were not made in response to the deficiencies identified in the proposed rulemaking, but rather to address local issues and concerns. EPA is proposing direct final approval of the amendments to coordinate the effective date of the title V and FESOP programs with the effective date of the revisions.

Amendments to Bay Area's title V program were submitted to EPA by the California Air Resources Board (CARB) on March 23, 1995. The regulations covered by this direct final approval include: Regulation 2, Rule 6, Sections 232, 233, 234, 305, 307, 311, 403.1, 403.1.1, 403.1.2, 403.1.3, 404.6, 404.7, 405.2, 405.4.1, 405.4.2, 405.6, 405.6.1, 405.6.2, 409.12, 410.6, 411, 418.3, 420, 421.3, 421.4, 422, 422.3, 422.4, 422.6, 423, 423.2.1, 423.5; and the Manual of Procedures, Volume II, Part 3. Bay Area's synthetic minor program amendments were submitted to EPA by CARB on March 31, 1995. The regulations covered by this direct final SIP and section 112(l) approval include: Regulation 2, Rule 1, Section 129; and Regulation 2, Rule 6, Sections 232, 234, 310, 311, 403, 404, 420, 421, 422, and 423. For further information, please see the direct final action which is located in the Final Rules Section of this **Federal Register**.
