

others rate" of 24.58 percent established in the LTFV investigation.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a preliminary reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Oil Country Tubular Goods From Canada; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

ACTION: Notice of Final Results of
Antidumping Duty Administrative
Review.

SUMMARY: On April 21, 1995, the Department of Commerce (the Department) published the preliminary results of review of the antidumping duty order on oil country tubular goods (OCTG) from Canada (51 FR 21782; June 16, 1986). The review covers one manufacturer, IPSCO Inc. (IPSCO), and the period June 1, 1993, through May 31, 1994.

We gave interested parties an opportunity to comment on the preliminary results. Since the Department received no comments, the final results remain unchanged from the preliminary results.

EFFECTIVE DATE: July 12, 1995.

SUPPLEMENTARY INFORMATION:

Background

On June 24, 1994, IPSCO requested an administrative review of the antidumping duty order on OCTG from Canada. The Department initiated the review on July 15, 1994 (59 FR 36160), covering the period June 1, 1993, through May 31, 1994. On April 21, 1995, the Department published the preliminary results of review (60 FR 19883). The Department has now completed this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Review

The products covered by this review include shipments of OCTG from Canada. This includes American Petroleum Institute (API) specification OCTG and all other pipe with the following characteristics except entries which the Department determined through its end-use certification procedure were not used in OCTG applications: Length of at least 16 feet; outside diameter of standard sizes published in the ALI or proprietary specifications for OCTG with tolerances of plus 1/8 inch for diameters less than or equal to 8 5/8 inches and plus 1/4 inch for diameters greater than 8 5/8 inches, minimum wall thickness as identified for a given outer diameter as published in the ALI or proprietary specifications for OCTG; a minimum of 40,000 PSI yield strength and a minimum 60,000 PSI tensile strength; and if with seams, must be electric resistance welded. Furthermore, imports covered by this review include OCTG with non-standard size wall thickness greater than the minimum identified for a given outer diameter as published in the ALI or proprietary specifications for OCTG, with surface scabs or slivers, irregularly cut ends, ID or OD weld flash, or open seams; OCTG may be bent, flattened or oval, and may lack certification because the pipe has not been mechanically tested or has failed those tests.

This merchandise is currently classifiable under the Harmonized Tariff Schedules (HTS) item numbers 7304.20, 7305.20, and 7306.20. The HTS item numbers are provided for convenience and Customs purposes. The written description remains dispositive.

Final Results of Review

We gave interested parties an opportunity to comment on the preliminary results. The Department received no comments. Accordingly, we have determined that, consistent with the preliminary results, a margin of zero percent exists for IPSCO for the period June 1, 1993 through May 31, 1994. The Department will issue appraisal instructions directly to the Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise, entered or withdrawn from warehouse, for consumption on or after the publication date of these final results of review, as provided by section 751(a)(1) of the Act: (1) the cash deposit rate for IPSCO will be zero percent; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a previous review or the original less-than-fair-value (LTFV) investigation, the cash deposit rate will continue to be the rate published in the most recent final results or determination for which the manufacturer or exporter received a company-specific rate; (3) if the exporter is not a firm covered in this review, earlier reviews, or the original investigation, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in these final results of review, earlier reviews, or the original investigation, whichever is the most recent; and (4) the "all others" rate will be 16.65 percent.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations

and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: July 6, 1995.

Notice of Postponement of Preliminary Determinations of Sales at Less Than Fair Value: Polyvinyl Alcohol From the People's Republic of China (PRC) and Taiwan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: David J. Goldberger or Everett Kelly, Office of Antidumping Investigations, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington D.C. 20230; telephone (202) 482-4136 or (202) 482-4194, respectively.

POSTPONEMENT OF PRELIMINARY DETERMINATIONS:

We have determined that respondent parties to these proceedings are cooperating, thus far, in these investigations. We also have determined that both cases are extraordinarily complicated because they are among the first cases being conducted under the Tariff Act of 1930 (the Act), as amended by the Uruguay Round Agreements Act. As such, we will have to address a number of novel legal and methodological issues in the investigations. Accordingly, additional time is necessary to make the preliminary determinations. Therefore, pursuant to section 733(c)(1)(B) of the Act, as amended, we are postponing the date of the preliminary determinations as to whether sales of polyvinyl alcohol from the PRC and Taiwan have been made at less than fair value until not later than October 2, 1995.

This notice is published pursuant to section 733(c)(2) of the Act.

Dated: July 5, 1995.

Notice of Postponement of Preliminary Countervailing Duty Determinations: Certain Pasta From Italy and Turkey

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: July 12, 1995.

FOR FURTHER INFORMATION CONTACT:

Jennifer Yeske (Italy) or Elizabeth Graham (Turkey), Office of Countervailing Investigations, U.S. Department of Commerce, Room B099, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0189 and 482-4105, respectively.

Postponement

On June 1, 1995, the Department of Commerce ("the Department") initiated countervailing duty investigations of certain pasta from Italy and Turkey. Respondents in both cases have indicated that they will be cooperating in these investigations. In addition, in both cases, the number of alleged countervailable subsidy practices and the number of firms whose activities must be investigated are substantial. Accordingly, we deem these investigations to be extraordinarily complicated. Therefore, pursuant to section 703(c)(1) of the Tariff Act of 1930, as amended ("the Act"), we are postponing the preliminary determinations in these investigations until no later than October 10, 1995.

This notice is published pursuant to section 703(c)(2) of the Act.

Dated: July 5, 1995.
