BILLING CODE 6750-01-M

[Docket No. C-2966]

General Motors Corporation

AGENCY: Federal Trade Commission.

ACTION: Notice of period for public comment on petition to modify consent order.

SUMMARY: General Motors Corporation ("GM"), the respondent in Docket No. C-2966, is subject to an order that

¹ Copies of the Modifying Order are available from the Commission's Public Reference Branch, H-130, 6th Street and Pennsylvania Avenue, N.W., Washington, DC 20580.

prohibits it from displaying the name of any GM car division on any engine or visible attachment to the engine unless that engine is manufactured by that division. GM filed a petition on July 7, 1995, requesting the Commission to reopen and modify the order to allow GM to display a passenger car's nameplate on the engine or visible attachment to the engine if the engine is materially different from other engines in GM cars under other nameplates. This document announces the public comment period on this petition.

DATES: The deadline for filing comments in this matter is August 25, 1995.

ADDRESSES: Comments should be sent to the Office of the Secretary, Federal Trade Commission, 6th Street and Pennsylvania Avenue, N.W., Washington, D.C. 20580. Requests for copies of the petition should be sent to the Public Reference Branch, Room 130.

FOR FURTHER INFORMATION CONTACT: Thomas D. Massie, Attorney, Division of Enforcement, Bureau of Consumer Protection, Federal Trade Commission, Washington, D.C. 20580, (202) 326-2982.

SUPPLEMENTARY INFORMATION: The order in Docket No. C-2966 was issued on May 18, 1979, and reported at 93 F.T.C. 860. GM argues that changed conditions of fact require modifying the order. In 1979, GM passenger car divisions manufactured engines. Passenger car divisions ceased manufacturing engines in 1984. Through a series of organizational changes, the manufacture of passenger car engines is now under the Power Train Group. The Power Train Group produces engines and transmissions for all GM passenger cars except Saturn. As a consequence, the order provision prohibiting the placement of a car divisions's name on the engine unless it was manufactured by that division has prevented GM from placing the name of car division, such as Cadillac, on the engine of any passenger car produced by GM. GM seeks to place the nameplate of a passenger car on the engine only if it is unique to that nameplate because of material differences such as horsepower or displacement from similar engines used in different nameplates.

Secretary.
