BILLING CODE 7035-01-P

INTERNATIONAL BOUNDARY AND WATER COMMISSION

Finding of No Significant Impact

AGENCY: United States Section, International Boundary and Water Commission, United States and Mexico.

ACTION: Notice of finding of no significant impact.

SUMMARY: Based on an environmental assessment prepared by Quisto Energy Corporation (Quisto) to construct, operate, and maintain a gas well located on the Main Floodway of the Lower Rio Grande Flood Control Project (LRGFCP), the United States Section, International Boundary and Water Commission, United States and Mexico (USIBWC) finds that the proposed action to issue a license to Quisto for such works is not a major federal action that would have a significant adverse effect on the quality of the human environment. Therefore, pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Final Regulations (40 CFR Parts 1500 through 1508); and the U.S. Section's Operational Procedures for Implementing Section 102 of NEPA, published in the **Federal Register** September 2, 1981 (46FR44083-44094); the USIBWC hereby gives notice that an

environmental impact statement will not be prepared for the proposed action.

ADDRESS: Mr. Yusuf E. Farran, Division Engineer, Environmental Management Division, United States Section, International Boundary and Water Commission, United States and Mexico, 4171 North Mesa Street, C-310, El Paso, Texas 79902-1441. Telephone: 915/534-6704.

SUPPLEMENTARY INFORMATION:

Proposed Action

The action proposed is for the USIBWC to issue a license to Quisto to construct, operate, and maintain a gas well and install related features within Meyerhoff No. 5. Drilling Unit, Lot 271, Kelly-Pharr Subdivision, Hidalgo County, Texas. The gas well is proposed to be located on privately owned land within the Main Floodway of the USIBWC LRGFCP approximately 8 kilometers southeast of the town of Pharr. Access to the drilling site is by way of existing county and private roads.

Alternatives Considered

Three alternatives were considered in the Environmental Assessment (EA):

The Proposed Action Alternative is for Quisto to construct, operate, and maintain a gas well is a cultivated field within the Main Floodway of the USIBWC LRGFCP. This proposed action will require the USIBWC to issue a license to ensure that such works do not cause an obstruction to flood flows within the floodway or interfere with the operation and maintenance of the LRGFCP.

The No Action Alternative is for Quisto to not construct, operate, and maintain a gas well within the Main Floodway of the LRGFCP. The no action alternative will not require the USIBWC to issue a license since no work will be done within the LRGFCP. The no action alternative will result in the denial of access to the mineral owner to rightfully owned minerals, loss of tax revenues to the State of Texas, and result in an unrecoverable clean energy source.

The Directional Well Alternative is for Quisto to drill a well from outside the Main Floodway to a depth below the proposed surface location. The directional well alternative will not require the USIBWC to issue a license since no work will be done within the LRGFCP. The directional well alternative is considered not workable because of a lack of an available surface drillsite outside the Main Floodway and technical problems associated with a bottomhole location some 457 meters or more from the surface location.

Environmental Assessment

The USIBWC received from Quisto a completed Environmental Assessment (EA) for the proposed gas well and related features. The EA is currently available for review and comment.

Finding of the Environmental Assessment

The EA finds that the proposed action for Quisto to construct, operate, and maintain a gas well within the Maine Floodway of the USIBWC LRGFCP (and the USIBWC to issue a license for such work) does not constitute a major federal action which would cause a significant local, regional, or national adverse impact on the environment based on the following facts:

1. The United States Army Corps of Engineers has determined that no waters of the United States including wetlands will be impacted by the proposed gas well and related features.

2. The United States Fish and Wildlife Service has determined that federally listed endangered or threatened species are unlikely to be adversely affected by the proposed gas well and related features.

3. The Texas Historical Commission has determined that no survey is required and the project may proceed.

4. The USIBWC has determined that the proposed gas well and related features will have no significant effect upon the flood carrying capacity of the Main Floodway.

On the basis of the Quisto EA, the USIBWC has determined that an environmental impact statement is not required for the issuance of license to Quisto to construct, operate, and maintain a gas well and install related features within the Main Floodway of the USIBWC LRGFCP and hereby provides notice of a finding of no significant impact (FONSI). An environmental impact statement will not be prepared unless additional information which may affect this decision is brought to our attention within thirty (30) days of the date of this Notice. A limited number of copies of the EA and FONSI are available to fill single copy requests at the above address.

Dated: August 2, 1995.

Randall A. McMains,
Attorney.

BILLING CODE 4810-03-M

DEPARTMENT OF JUSTICE**Information Collections Under Review**

The Office of Management and Budget (OMB) has been sent the following collection(s) of information proposals for review under the provisions of the Paperwork Reduction Act (44 USC Chapter 35) and the Paperwork Reduction Reauthorization Act since the last list was published. Entries are grouped into submission categories, with each entry containing the following information:

- (1) The title of the form/collection;
- (2) The agency form number, if any, and the applicable component of the Department sponsoring the collection.
- (3) Who will be asked or required to respond, as well as a brief abstract;
- (4) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond;
- (5) An estimate of the total public burden (in hours) associated with the collection; and,
- (6) An indication as to whether Section 3504(h) of Public Law 96-511 applies.

Comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the OMB reviewer, Mr. Jeff Hill on (202) 395-7340 and to the Department of Justice's Clearance Officer, Mr. Robert B. Briggs, on (202) 514-4319. If you anticipate commenting on a form/collection, but find that time to prepare such comments will prevent you from prompt submission, you should notify the OMB reviewer and the Department of Justice Clearance Officer of your intent as soon as possible. Written comments regarding the burden estimate or any other aspect of the collection may be submitted to Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503, and to Mr. Robert B. Briggs, Department of Justice Clearance Officer, Systems Policy Staff/Information Resources Management/Justice Management Division Suite 850, WCTR, Washington, DC 20530.

Extension of a Currently Approved Collection

- (1) Nonimmigrant Checkout Letter.
- (2) Form C-146. Immigration and Naturalization Service, United States Department of Justice.
- (3) Primary: Individuals or households. Others: None. This form is used in making inquiry of persons in the United States or abroad concerning the

whereabouts of aliens and/or departure information wanted by the Immigration and Naturalization Service, when initial investigation to locate the alien or verify his/her departure has been unsuccessful.

- (4) 20,000 annual respondents at .166 (10 minutes) per response.
- (5) 3,320 annual burden hours.
- (6) Not applicable under section 3504(h) of Public Law 96-511.

Public comment on this item is encouraged.

Dated: August 3, 1995.

Robert B. Briggs,

Department Clearance Officer, United States Department of Justice.

Extension of a Currently Approved Collection

(1) Standardized Supporting Letter for NATO Dependent Employment.

(2) Form—None. Immigration and Naturalization Service, United States Department of Justice.

(3) Primary: Individuals or households. Others: Federal Government. The standardized supporting letter for NATO dependent employment will facilitate applications for employment by dependents of certain principal aliens classified as NATO-1, 2, 3, 4, 5, 6, and 7 nonimmigrants by ensuring that they are given proper consideration.

(4) 125 annual respondents at .25 hours per response.

(5) 31.25 annual burden hours.

(6) Not applicable under section 3504(h) of Public Law 96-511.

Public comment on this item is encouraged.

Dated: August 3, 1995.

Robert B. Briggs,

Department Clearance Officer, United States Department of Justice.
