On 2/7/95, the Commission adopted a Report and Order in MM Docket No. 93-24, Amendment of Part 74 of the Commission's Rules With Regard to the Instructional Television Fixed Service, which will increase the efficiency of Commission processing of applications for new stations, major amendments for new stations, and major changes to existing stations. By this Report and Order we have revised the FCC 330 to reflect the following: (1) An instruction was added that advises licensees assigning CPs for unbuilt ITFS facilities of the requirement to submit documentation of reasonable and prudent out-of-pocket expenses with their assignment applications; (2) the form was modified to reflect the following changes as adopted in the Report and Order: (a) permit an educator, if it chooses, to execute a 10-year lease agreement without regard to the duration of the educator's current license term; (b) service area protection will only be granted when applicant request the protection in the application; (c) interference protection for receive sites will be 35 miles or less from the transmitter; (d) we have modified the current classification of facility changes to increase processing efficiency; (e) we will require applicants to identify the contact person responsible for implementation of the ITFS program at receive site; and (f) we will require additional information on the accreditation status of an applicant. In addition to the above changes, the Commission will no longer require prior Commission approval for the deletion of a receive site. We have requested that OMB approval the above changes by August 17, 1995.
