

sources and documents of which the petitioner is aware and on which the petitioner intends to rely to establish those facts or expert opinion. Petitioner must provide sufficient information to show that a genuine dispute exists with the applicant on a material issue of law or fact. Contentions shall be limited to matters within the scope of the amendment under consideration. The contention must be one which, if proven, would entitle the petitioner to relief. A petitioner who fails to file such a supplement which satisfies these requirements with respect to at least one contention will not be permitted to participate as a party.

Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing, including the opportunity to present evidence and cross-examine witnesses.

If the amendment is issued before the expiration of the 30-day hearing period, the Commission will make a final determination on the issue of no significant hazards consideration. If a hearing is requested, the final determination will serve to decide when the hearing is held.

If the final determination is that the amendment request involves no significant hazards consideration, the Commission may issue the amendment and make it immediately effective, notwithstanding the request for a hearing. Any hearing held would take place after issuance of the amendment.

If the final determination is that the amendment request involves a significant hazards consideration, any hearing held would take place before the issuance of any amendment.

A request for a hearing or a petition for leave to intervene must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Docketing and Services Branch, or may be delivered to the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, by the above date. Where petitions are filed during the last 10 days of the notice period, it is requested that the petitioner promptly so inform the Commission by a toll-free telephone call to Western Union at 1-(800) 248-5100 (in Missouri 1-(800) 342-6700). The Western Union operator should be given Datagram Identification Number N1023 and the following message addressed to John N. Hannon: petitioner's name and telephone number, date petition was mailed, plant name, and publication date and page number of this **Federal**

**Register** notice. A copy of the petition should also be sent to the Office of the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555, and to Gerald Charnoff, Esq., Shaw, Pittman, Potts and Trowbridge, 2300 N Street NW., Washington, DC 20037, attorney for the licensee.

Nontimely filings of petitions for leave to intervene, amended petitions, supplemental petitions and/or requests for hearing will not be entertained absent a determination by the Commission, the presiding officer or the presiding Atomic Safety and Licensing Board that the petition and/or request should be granted based upon a balancing of the factors specified in 10 CFR 2.714(a)(1)(i)-(v) and 2.714(d).

For further details with respect to this action, see the application for amendment dated August 4, 1995, which is available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street NW., Washington, DC, and at the local public document room, located at the Maud Preston Palenske Memorial Library, 500 Market Street, St. Joseph, Michigan 49085.

**Documents Containing Reporting or Recordkeeping Requirements: Office of Management and Budget Review**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice of the Office of Management and Budget review of information collection.

**SUMMARY:** The Nuclear Regulatory Commission (NRC) has recently submitted to the Office of Management and Budget (OMB) for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

1. Type of submission, new, revised, or extension: Revision.
2. The title of the information collection: 10 CFR Parts 60, 72, 73, and 75—Safeguards for Spent Nuclear Fuel of High-Level Radioactive Waste, Proposed Rule.
3. The form number if applicable: Not applicable.

4. How often the collection is required: On occasion.

5. Who will be required or asked to report: As safeguards events occur: Independent spent fuel storage installations, power reactors that have permanently ceased operations, DOE's monitored retrievable storage installations, and DOE's geologic repository operations area.

6. An estimate of the total number of respondents: none required.

7. An estimate of the total number of hours needed to complete the requirement or request: reporting—none; recordkeeping—none; total—none.

8. An indication whether Section 3504(h), Pub. L. 95-511 applies: Applicable.

9. Abstract: The Nuclear Regulatory Commission is proposing to amend its regulations for the safeguards of spent nuclear fuel or high-level radioactive waste. This action is necessary to clarify the safeguards requirements for spent nuclear fuel or high-level radioactive waste stored at independent spent fuel storage installations, power reactors that have permanently ceased operations, monitored retrievable storage installations, and a geological repository operations area.

Copies of the submittal may be inspected or obtained for a fee from the NRC Public Document Room, 2120 L Street NW (Lower Level), Washington, DC.
