

Monday through Thursday, 10:00 a.m. to 6:00 p.m. on Friday and Saturday, and 1:00 p.m. to 5:00 p.m. on Sunday). As provided in 40 CFR Part 2, a reasonable fee may be charged for photocopying docket materials.

Comments on the draft DOE application should be submitted, in duplicate, to: Docket No. A-93-02, U.S. Environmental Protection Agency, Air Docket, Room M-1500 (LE-131), 401 M Street, S.W., Washington, D.C. 20460.

**FOR FURTHER INFORMATION CONTACT:** Agnes Ortiz or Lynne Weinrib, U.S. Environmental Protection Agency, Office of Radiation and Indoor Air (6602J), 401 M Street, S.W., Washington, D.C. 20460; (202) 233-9310.

**SUPPLEMENTARY INFORMATION:** The Department of Energy is proposing to use the Waste Isolation Pilot Plant (WIPP), located in Eddy County, New Mexico, as a deep geologic repository for the disposal of transuranic radioactive waste generated by nuclear defense activities. The 1992 Waste Isolation Pilot Plant Land Withdrawal Act, (Pub. L. No. 102-579), calls for the EPA to perform several regulatory activities for the WIPP including: (1) issuing radioactive waste disposal standards; (2) establishing criteria for the EPA to determine whether the WIPP complies with the radioactive waste disposal standards; and (3) certifying whether the DOE's WIPP facility complies with the disposal standards, based on a DOE submitted compliance certification application. See section 8 of the WIPP Land Withdrawal Act. The WIPP Land Withdrawal Act prohibits the DOE from commencing with the emplacement of transuranic waste for underground disposal at the WIPP until the EPA certifies that the facility will comply with EPA's radioactive waste disposal standards. See section 7(b) of the WIPP Land Withdrawal Act.

The EPA has issued final radioactive waste disposal standards, which are codified at 40 CFR part 191. See 58 FR 66398 (Dec. 20, 1993). The EPA has also proposed criteria for certifying whether the WIPP facility will comply with EPA's radioactive waste disposal standards. See 60 FR 5766 (Jan. 30, 1995). After considering a request to extend the initial public comment period and in order to provide an opportunity for the public to comment on the proposed compliance criteria in light of the DOE's draft compliance certification application, the EPA recently announced that it was reopening the public comment period on the proposed compliance criteria. See 60 FR 39131 (August 1, 1995). The public is referred to the December 20,

1993 and January 30, 1995 **Federal Register** notices for more detailed information about the EPA's regulatory activities at the WIPP.

The DOE submitted a draft compliance certification application to the EPA in two parts on March 31, 1995 and July 31, 1995, respectively. The DOE intends for this draft application to provide preliminary information on data gathered for the WIPP and to solicit feedback regarding the technical adequacy of the data in an effort to prepare for its final compliance certification application. The EPA staff will conduct a technical review of the draft application and provide comments to DOE on its technical adequacy. By this notice, the EPA is inviting the public to participate in the review of the draft application, available at the public dockets identified above, by submitting written comments for the EPA's consideration in its staff-level technical review of the draft application. The EPA's technical review of the draft application is not subject to the notice-and-comment rulemaking requirements of the Administrative Procedure Act, 5 U.S.C. 553, and the EPA does not plan to provide written response to the public comments submitted. However, public comments on the DOE's draft application which are submitted to the EPA will be available at EPA Docket No. A-93-02 along with the EPA's review comments.

The EPA's review of the DOE draft application is not a final EPA action and has no binding legal effect. The Agency cannot, by law, approve or certify any part of the draft application. Further, the EPA has not issued the final criteria for determining whether the WIPP facility is in compliance with the radioactive waste disposal standards. The Administrator of the EPA will determine whether the WIPP facility is in compliance with the EPA's radioactive waste disposal standards only after the Agency issues final compliance criteria, receives a final DOE compliance certification application based on the final compliance criteria, and conducts a WIPP certification rulemaking proceeding in accordance with the Administrative Procedure Act rulemaking requirements at 5 U.S.C. 553. In addition, before the Administrator of the EPA makes any final WIPP certification determination, the EPA will issue a proposed determination in the **Federal Register** and provide an opportunity for public comment on the proposal. The subsequent final certification determination by the Administrator will consider the comments received in

response to the proposal and be accompanied with a reply to significant public comments.

Dated: August 10, 1995.

**FEDERAL RESERVE SYSTEM**

**First Union Corporation; NationsBank Corporation; Southern National Corporation; and Wachovia Corporation; Notice to Engage in Certain Nonbanking Activities**

First Union Corporation, Charlotte, North Carolina; NationsBank Corporation, Charlotte, North Carolina; Southern National Corporation, Winston-Salem, North Carolina; and Wachovia Corporation, Winston-Salem, North Carolina (collectively, Notificants), have given notice pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) (BHC Act) and § 225.23 of the Board's Regulation Y (12 CFR 225.23), of their intention to acquire 15.252 percent, 18.293 percent, 12.889 percent, and 17.242 percent, respectively, of Education Financing Services, LLC, Winston-Salem, North Carolina (EFS). Through EFS, Notificants will provide development, management, software, marketing, and training services to the North Carolina State Education Assistance Authority, the North Carolina State Treasurer's office, and the College Foundation, Inc. in connection with the administration of the College Vision Fund, a program designed to assist North Carolina families in financing the higher education of their children. This activity will be conducted in North Carolina.

Section 4(c)(8) of the BHC Act provides that a bank holding company may, with Board approval, engage in any activity "which the Board after due notice and opportunity for hearing has determined (by order or regulation) to be so closely related to banking or managing or controlling banks as to be a proper incident thereto." 12 U.S.C. 1843(c)(8). In publishing the proposal for comment, the Board does not take a position on issues raised by the proposal. Notice of the proposal is published solely in order to seek the views of interested persons on the issues presented by the notice, and does not represent a determination by the Board that the proposal meets or is likely to meet the standards of the BHC Act.

Any comments or requests for hearing should be submitted in writing and received by William W. Wiles, Secretary, Board of Governors of the
