

### Alternate Use of Resources

This action does not involve the use of any resources not previously considered in the April 1973 Final Environmental Statement for the Pilgrim Nuclear Power Station.

### Agencies and Persons Consulted

In accordance with its stated policy, on July 17, 1995, the staff consulted with the Massachusetts State official, James Muckerheide of the Massachusetts Emergency Management Agency regarding the environmental impact of the proposed action. The State official had no comments.

### Finding of No Significant Impact

Based upon the environmental assessment, the Commission concludes that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the Commission has determined not to prepare an environmental impact statement for the proposed exemption.

For further details with respect to this action, see the licensee's letter dated June 21, 1995, which is available for public inspection at the Commission's Public Document Room, The Gelman Building, 2120 L Street, NW., Washington, DC 20555, and at the local public document room located at the Plymouth Public Library, 11 North Street, Plymouth, MA 02360.

### OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. 301-95]

#### Termination of Investigation: Korean Agricultural Market Access Restrictions

**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Notice.

**SUMMARY:** The United States Trade Representative (USTR) has terminated an investigation initiated under section 302(a) of the Trade Act of 1974 (Trade

Act) of Korean practices with respect to the importation of certain U.S. agricultural products, after having reached a satisfactory agreement resolving the issues under investigation, and will monitor Korea's implementation of this agreement in accordance with section 306 of the Trade Act.

**EFFECTIVE DATE:** This investigation was terminated effective July 20, 1995.

**ADDRESSES:** Office of the United States Trade Representative, 600 17th Street, N.W., Washington, D.C. 20508.

**FOR FURTHER INFORMATION CONTACT:** Christina Lund, Deputy Assistant USTR for Asia and the Pacific (202) 395-6813, or Thomas Robertson, Assistant General Counsel (202) 395-6800.

**SUPPLEMENTARY INFORMATION:** On November 18, 1994, the National Pork Producers Council, the American Meat Institute, and the National Cattlemen's Association (petitioners) filed a petition under section 302(a) of the Trade Act (19 U.S.C. 2412(a)), alleging that certain practices of the Government of Korea regarding the importation of U.S. beef and pork products violate U.S.-Korean bilateral trade agreements and are unreasonable and burden or restrict United States commerce. The Petitioners asserted in particular that the Korean government had established a number of specific barriers which denied their products access to the Korean market. The alleged barriers included the following: outdated, scientifically unsupported and discriminatory shelf-life standards; excessively long inspection procedures; contract tender procedures that prevent U.S. producers from meaningfully participating in the bidding process; local processing and repackaging requirements; discriminatory fixed-weight requirements; dual standards for residue testing; and unreasonably short pork temperature reduction requirements.

On November 22, 1994, pursuant to section 302(a) of the Trade Act, the USTR initiated an investigation of the practices referred to in the petition and requested consultations with the Korean government as required by section 303(a) of the Trade Act (19 U.S.C. 2413(a)). See 59 FR 61006 (November 29, 1994). On May 3, 1995, the United States requested consultations under Article XXII of the General Agreement on Tariffs and Trade 1994, Article 11 of the Agreement on the Application of Sanitary and Phytosanitary Measures, Article 14 of the Agreement on Technical Barriers to Trade, Article 19 of the Agreement on Agriculture, and Article 4 of the Understanding on Rules
