[FR Doc. 95-20553 Filed 8-17-95; 8:45 am]

BILLING CODE 6450-01-P

**POSTAL SERVICE**

**39 CFR Part 111**

**Changes to Certain Priority Mail Rates**

**AGENCY:** Postal Service.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends Domestic Mail Manual R100.10.0 to reflect changes to certain rates for Priority Mail that were recommended by the Postal Rate Commission on June 7, 1995, and adopted by the Governors of the Postal Service.

**EFFECTIVE DATE:** Sunday, August 27, 1995, 12:01 a.m.

**FOR FURTHER INFORMATION CONTACT:** Leo F. Raymond, (202) 268-5199.

**SUPPLEMENTARY INFORMATION:** On March 8, 1994, pursuant to 39 U.S.C. 3622, the Postal Service filed a request with the Postal Rate Commission for a

recommended decision on increased fees and postage rates for its domestic mail services; the docket number for that filing was R94-1. The Postal Rate Commission issued an Opinion and Recommended Decision on November 30, 1994, which the Governors of the Postal Service on December 12, 1994, allowed to take effect under protest and directed to be implemented on January 1, 1995, as published in the **Federal Register** on December 16, 1994 (59 FR 65133-65203).

Subsequently, the Postal Service filed a request for reconsideration that, among other matters, sought reconsideration of the rates for Priority Mail that had been recommended by the Postal Rate Commission and adopted and implemented by the Postal Service. After reconsidering the record of Docket No. R94-1, the Postal Rate Commission issued an Opinion and Further Recommended Decision on June 7, 1995, that recommended changes in certain of the Priority Mail rates contained in the Commission's November 30, 1994, recommended decision. On July 31, 1995, the Governors of the Postal Service accepted the Postal Rate Commission's further recommended decision and its revised Priority Mail rates and set the date for the implementation of these revised rates as Sunday, August 27, 1995, at 12:01 a.m.

Pursuant to that action, the Postal Service hereby notifies its customers of the changes in Domestic Mail Manual R100.10.0, detailed below, that are necessary to implement the revised rates. Only certain rates for single-piece Priority Mail and Presorted Priority Mail are changed as follows (all other Priority

Mail rates revised effective January 1, 1995, remain unchanged):

(1) For local, 1, 2, and 3 zones, 10 pounds: the single-piece rate changes from \$7.85 to \$7.80; the Presorted rate changes from \$7.74 to \$7.69.

(2) For zone 4, 7 pounds to 70 pounds: the single-piece rates change from \$7.80 through \$49.00 to \$7.50 through \$47.65, respectively; the Presorted rates change from \$7.69 through \$48.89 to \$7.39 through \$47.54, respectively.

(3) For zone 5, 8 pounds through 14 pounds: the single-piece rates change from \$9.05 through \$13.65 to \$9.00 through \$13.60, respectively; the Presorted rates change from \$8.94 through \$13.54 to \$8.89 through \$13.49, respectively.

**List of Subjects in 39 CFR Part 111**

Postal Service.

For the reasons discussed above, the Postal Service hereby adopts the following amendments to the Domestic Mail Manual, which is incorporated by reference in the Code of Federal Regulations (see 39 CFR part 111).

**PART 111—[AMENDED]**

1. The authority citation for 39 CFR part 111 continues to read as follows:

**Authority:** 5 U.S.C. 552(a); 39 U.S.C. 101, 401, 403, 404, 3001-3011, 3201-3219, 3403-3406, 3621, 3626, 5001.

2. Revise the following units of the Domestic Mail Manual as set forth below:

R100 First-Class Mail

BILLING CODE 7710-12-P

**ENVIRONMENTAL PROTECTION AGENCY**

**40 CFR Part 52**

[IN48-1-6761a; FRL-5266-7]

**Approval and Promulgation of Implementation Plans; Indiana**

**AGENCY:** United States Environmental Protection Agency (USEPA).

**ACTION:** Direct final rule.

**SUMMARY:** On October 25, 1994, the Indiana Department of Environmental Management (IDEM) submitted a Federally Enforceable State Operating Permit Program (FESOP) regulation and an Enhanced New Source Review (NSR) regulation as requested revisions to the State Implementation Plan (SIP). USEPA made a completeness finding in a letter dated November 25, 1994. In this rule USEPA approves Indiana's FESOP regulation, as a SIP revision, because the regulation provides an acceptable mechanism for establishing federally enforceable State operating permits for the purpose of creating federally enforceable limitations on the potential to emit of certain pollutants regulated under the Clean Air Act (Act). This program allows a number of small sources to be exempt from further operating permit review otherwise required by the Act. In this action, USEPA also approves Indiana's Enhanced NSR regulation. Sources subject to the State construction permit rule will have the opportunity to satisfy its State operating permit requirements by opting into this preconstruction rule. In the proposed rules section of this

**Federal Register**, USEPA is proposing approval of and soliciting public comment on these requested SIP revisions. If adverse comments are received on this direct final rule, USEPA will withdraw this final rule and address the comments received in a final rule on the related proposed rule which is being published in the proposed rules section of this **Federal Register**. Unless this final rule is withdrawn, no further rulemaking will occur on this requested SIP revision.

**DATES:** This final rule is effective October 17, 1995 unless adverse or critical comments are received by September 18, 1995. If the effective date is delayed, timely notice will be published in the **Federal Register**.

**ADDRESSES:** Comments can be mailed to J. Elmer Bortzer, Chief, Regulation Development Section, Regulation Development Branch, United States Environmental Protection Agency, 77 West Jackson Boulevard (AR-18J), Chicago, Illinois 60604.

Copies of the State's submittal and USEPA's technical support document are available for inspection during normal business hours at the following location: United States Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard (AR-18J), Chicago, Illinois 60604.

A copy of this SIP revision is also available at the following location: Office of Air and Radiation, Docket and Information Center (Air Docket 6102), room M1500, USEPA, 401 M Street, S.W., Washington, DC 20460.

**FOR FURTHER INFORMATION CONTACT:** Sam Portanova, USEPA (AR-18J), 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-3189.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

Once approved by USEPA as a SIP revision, the Indiana FESOP program will be a major mechanism in limiting potential to emit for sources to remain below the applicability threshold for the operating permits program of title V of the Act. Similarly, once approved as a SIP revision, the Indiana Enhanced NSR regulation will allow the State to

integrate the NSR preconstruction permit process with the title V permit modification process. The Federal title V State operating permit program regulation is codified in 40 CFR part 70 and the State of Indiana's title V program is codified in Title 326 of the Indiana Administrative Code (326 IAC) 2-7. Without some mechanism in State law to issue FESOPs to small sources and thereby exempt them from title V review, the title V program would encompass a large number of small sources and could be a resource burden on both the State and the smaller title V sources. The USEPA approval of these State mechanisms to establish federally enforceable limits on sources' potential to emit below the title V threshold and to establish an integrated NSR and title V permitting process will enable Indiana and Indiana sources to reduce resource burdens.

**II. USEPA's Review and Findings**

*A. Analysis of State Submittal*

**1. Federally Enforceable State Operating Permit Program**

Prior to the Act Amendments of 1990, States were not required to have a distinct operating permit program under the Act. In a June 28, 1989 final rule, however, USEPA promulgated five criteria for approving a State operating permit program for the purpose of issuing FESOPs limiting criteria pollutants as part of the SIP. See 54 FR 27274, 27282. Since operating permits are issued pursuant to a program approved by USEPA, these permits will also be enforceable by citizens pursuant to section 304 of the Act. On November 3, 1993, the USEPA announced in a guidance document entitled, "Approaches to Creating Federally Enforceable Emissions Limits," signed by John S. Seitz, Director, Office of Air Quality Planning and Standards, that this mechanism could be extended to create federally enforceable limits for emissions of hazardous air pollutants (HAP) if the program were approved pursuant to section 112(l) of the Act.
