

countries to apply for International Research Fellowship Awards. The application receipt dates have changed from August 1 and November 15 to July 1 and October 15. A number of other minor revisions have been proposed to conform more closely with the newly revised PHS Individual NRSA fellowship application (PHS-416-1), OMB No. 0925-0002, expiration 3/31/98. The application (NIH 1541-1) consists of three parts: Part I is completed by applicants from foreign countries; Part II is completed by the proposed U.S. host investigator; and Part III is completed by established scientists who can evaluate the applicant's qualifications for research. An average hours-per-response is computed for each form in the series. The burden estimates are as follows:

Applications and forms	Estimated total annual responses and respondents	Estimated average number of hours required per respondent
Applicant: (Part I).	200	8
U.S. Sponsor: (Part II).	200	2
Referee: (Part III).	800 (x4 each)5

Dated: August 11, 1995.

Philip E. Schambra,

Director, Fogarty International Center, National Institutes of Health.

National Institutes of Health; Notice of Meeting

Notice is hereby given that the National Institutes of Health is convening a Parkinson's Disease Research Planning Workshop on August 29-30, 1995 at the Madison Hotel in Washington, D.C. The meeting will begin at 8:30 a.m. each day and end at 5:30 p.m. on August 29 and at 3:30 p.m. August 30. Both sessions will be open to the public on a space available basis. The meeting is cosponsored by the National Institute of Neurological Disorders and Stroke, the National Institute on Aging, the National Institute of Environmental Health Sciences and the National Institute of Mental Health.

The purpose of the conference is to assess progress made, to identify new opportunities and research goals, and to plan an agenda to strengthen cooperation in research activities. The

meeting will be international in scope with representatives from European countries as well as basic and clinical investigators from institutions across the United States.

For additional information, please contact the Office of Scientific and Health Reports, National Institute of Neurological Disorders and Stroke, (301) 496-5751.

Dated: August 11, 1995.

Zach W. Hall,

Director.

Agency Forms Undergoing Paperwork Reduction Act Review

Each Friday the Public Health Service (PHS) publishes a list of information collection requests under review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the PHS Reports Clearance Office on (202) 690-7100.

The following requests have been submitted for review since the list was last published on August 11.

1. Hazardous Waste Worker Training—42 CFR Part 65—0925-0348—Extension—This clearance request is for the information collection requirements in the final rule, 42 CFR Part 65—Hazardous Waste Worker Training. This final rule states that grants shall be awarded to non-profit organizations for the training and education of workers who are or may be engaged in activities related to hazardous waste removal or containment or emergency response. Respondents: Not-for-profit institutions; State, Local or Tribal Government; Number of Respondents: 1; Number of Responses per Respondent: 1; Average Burden per Response: 1 hour; Estimated Annual burden: 1 hour. Send comments to Allison Eydt, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503.

2. Monitoring Media/Health Partnerships—New—The CDC requires this information to assess the current status of Objective 8.13 of the Healthy People 2000 objectives. This Objective aims to improve the partnering activities between local television networks and community organizations around health promotion goals. The responders will be attendees at an annual convention of community affairs directors. Respondents: Business or other for-profit; Number of Respondents: 320; Number of Responses per Respondent: 1; Average Burden per Response: 0.34

hour; Estimated Annual burden: 109 hours. Send comments to James Scanlon, Office of the Assistant Secretary for Health, Room 737-F, Humphrey Building, 200 Independence Ave. SW., Washington, DC 20201.

3. Atherosclerosis Risk in Communities Study (ARIC)—Revision—0925-0281—A random sample of 15,800 persons, aged 45-64, has been selected from certain communities. They will be followed prospectively for changes in cardiovascular risk factors, subclinical disease, and overt disease. Surveillance for coronary heart disease is being done in all adults in these communities. Respondents: Individual or households; Business or other for-profit; Not-for-profit institutions. Send comments to James Scanlon, Office of the Assistant Secretary for Health, Room 737-F, Humphrey Building, 200 Independence Ave. SW., Washington, DC 20201.

	Number of respondents	Number of responses/respondents	Average burden/response (hours)
ARIC individuals or households	4,870	5.776	0.5215
ARIC physicians ..	543	1	0.25

Estimated Total Annual Burden.....14,896 hours

4. Application for Training—Revision—0920-0017—The Application for Training forms are the official application used for all public health/laboratory training activities conducted by the CDC. Respondents: Individuals or households; State, Local or Tribal Government; Number of Respondents: 56,300; Number of Responses per Respondent: 1; Average Burden per Response: .142 hour; Estimated Annual burden: 8025 hours. Send comments to James Scanlon, Office of the Assistant Secretary for Health, Room 737-F, Humphrey Building, 200 Independence Ave., S.W., Washington, D.C. 20201.

5. Lung Cancer and High Levels of Indoor Radon—New—This is a case-control study of lung cancer to determine if residential exposure to radon is related to lung cancer. Radon will be measured in all current and former residences, and subjects will be interviewed about smoking and other risk factors for lung cancer. Respondents: Individuals or households; Number of Respondents: 196; Number of Responses per Respondent: 1; Average Burden per Response: .75 hour; estimated Annual
