

Force in the ROD executed on February 17, 1995.

The decision in this Supplemental ROD is to withdraw the previous determination of excess on approximately 4 acres. This parcel is retained within the Department of Defense (DoD) for continued military use by the U.S. Army Reserve Command.

Approximately 4 acres previously made available for negotiated or public sale will be assigned to the Department of Education (DOE) to be further conveyed to Arizona State University (ASU) for educational purposes. In the previous ROD, 40.37 acres were under review by the Department of Health and Human Services (HHS). HHS found approximately 10 acres approvable for homeless assistance purposes and found the remaining 30.37 acres unapprovable. Consistent with the decision in the previous ROD, this property will be assigned to DOE to be conveyed to ASU for educational purposes. An additional 0.76 acre parcel will be assigned to HHS to be conveyed to the Flood Control District of Maricopa County for storm water management and the protection of public health. Approximately 645 acres previously made available for negotiated or public sale, or land exchange is being made available for conveyance to the Williams Gateway Airport Authority for public airport purposes.

The FAA has jurisdiction by law regarding reuse of the runways and associated facilities as a civilian airport. A decision, if any, by the FAA to approve an airport layout plan will be announced by a separate ROD issued by the FAA based on the analysis in the FEIS and any additional FAA analysis that may be required. In all other respects, previous disposal decisions are unchanged.

The implementation of the closure and reuse action and associated mitigation measures will proceed with minimal adverse impact to the environment. This action conforms with applicable Federal, State and local statutes and regulations, and all reasonable and practicable efforts have been incorporated to minimize harm to the local public and the environment.

Any questions regarding this matter should be directed to Mr. John E. B. Smith or Ms. De Carlo Ciccel at (703) 696-5540. Correspondence should be sent to: AFBCA/SP, 1700 North Moore Street, Suite 2300, Arlington, VA 22209-2802.
