Northwest Pipeline Corp.; Notice of Petition for Declaratory Order

August 15, 1995.

Take notice that on August 2, 1995, Northwest Pipeline Corporation (Northwest) filed, pursuant to Rule 207(a)(2) of the Commission's Rules of Practice and Procedure, 18 CFR 387.207(a)(2), a petition for a declaratory order finding that rolled-in rates are appropriate for the costs and services associated with the new facilities certificated in Docket Nos. CP93-613-000, -001, and -002 (Northwest Natural Expansion Project) and CP93-673-000, -001, and -002 (Northwest Expansion II Project).

Northwest states that, subsequent to receiving certificates for the Northwest Natural and Expansion II Projects, the Commission issued its Policy Statement on Pricing Policy for New and Existing Facilities Constructed by Interstate Natural Gas Pipelines wherein the Commission provided procedures in conjunction with the certificate process for obtaining a predetermination on the rate design of new facilities. Although it has already received final certificate authority for its expansion projects, subject to its request for rehearing, Northwest states it desires to obtain rate certainty, specifically, rolled-in rates, with respect to these projects prior to placing rates into effect in its general rate proceeding that would include the costs and services associated with these projects.

Northwest states rolled-in rate treatment would be appropriate for the expansion projects since the facilities will be an integral part of Northwest's existing system, provide specific operational and financial benefits, and impact the rates of existing customers less than five percent.

Any person desiring to be heard or to make any protest with reference to said petition should on or before September 6, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate in any hearing therein must file a motion to intervene in accordance with the

Commission's Rules. Copies of this filing are on file with the Commission and are available for public inspection in the public reference room.
