

Regulations at 7 CFR 6.33(a) provide that a fee will be charged for each license issued to a person or firm by the Licensing Authority in order to reimburse the Department of Agriculture for the costs of administering the licensing system under this regulation. The fee is to be based upon the total cost to the Department of Agriculture of administering the licensing system during the calendar year preceding the year for which the fee is to be charged, divided by the average number of licenses issued per year for the three years preceding the year for which the fee is to be assessed.

Regulations at 7 CFR 6.33(b) provide that the Licensing Authority will announce the annual fee for each license and that such fee will be set out in a notice to be published in the **Federal Register**. Accordingly, this notice sets out the fee for the licenses to be issued for the 1996 calendar year.

Notice

The total cost to the Department of Agriculture of administering the licensing system during 1995 has been determined to be \$413,009. Of this amount, \$232,508 represents the cost of the staff and supervisory hours devoted directly to administering the licensing system during 1995 (total personnel costs for the Import Licensing Group of the Foreign Agricultural Service equaled \$126,734; a proportionate share of the supervisory costs devoted directly to administering the licensing system equaled \$105,774); \$91,367 represents the total computer costs to monitor and issue import licenses during 1995; and \$89,134 represents other miscellaneous costs, including travel, postage, publications, forms, contract clerical assistance, and an ADP system contractor.

The average number of licenses issued per year for the three years immediately preceding 1996 has been determined to be 3,670. Accordingly, notice is hereby given that the fee for each license issued to a person or firm for the 1996 calendar year, in accordance with the regulations codified at 7 CFR 6.20–6.34, will be \$113.00 per license.

Issued at Washington, D.C. the 9th day of August, 1995.

Richard P. Warsack,

Licensing Authority.

DEPARTMENT OF COMMERCE

Agency Form Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Annual Survey of Government Employment.

Form Number(s): E–1, E–2, E–3, E–4, E–6, E–7, E–9.

Agency Approval Number: 0607–0452.

Type of Request: Extension of a currently approved collection.

Burden: 21,234 hours.

Number of Respondents: 13,639.

Avg Hours Per Response: 1 hour and 4 minutes.

Needs and Uses: The Census Bureau requests a three year extension of the current OMB approval of seven data collection forms used in the Annual Survey of Government Employment. In this survey data are collected on state and local government employment and wages. Each form is tailored to the particular size and type of government to be surveyed. The Bureau of Economic Analysis uses these data to develop the public sector components of the gross domestic product and national income accounts and to develop personal income statistics. The Department of Housing and Urban Development determines the allocation of operating subsidies to local housing authorities based on this survey. The Bureau of Labor Statistics uses data from this survey to assist in the benchmarking of state and local government components of its monthly employment and earnings statistics. In addition, state and local government officials, public interest groups, and professional organizations use these data for analysis and study.

Affected Public: State, local or local government.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Maria Gonzalez, (202) 395–7313.

Copies of the above information collection proposal can be obtained by calling or writing Gerald Taché, DOC Forms Clearance Officer, (202) 482–3271, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent to Maria Gonzalez, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: August 16, 1995.

Agency Form Under Review by the Office of Management and Budget

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: 1996 National Content Survey – Reinterview Instruments.

Form Number(s): None–computer screens.

Agency Approval Number: None.

Type of Request: New collection.

Burden: 17,010 hours.

Number of Respondents: 34,020.

Avg Hours Per Response: 30 minutes.

Needs and Uses: The 1996 National Content Survey (NCS) will play a crucial role in determining the subject content and specific question wording of the 2000 census questionnaires. In addition, the survey will provide critical information for formulating and refining decisions regarding questionnaire design, population coverage, data capture technology, and administrative records notification. The survey will also test certain race and ethnic issues. A reinterview will be conducted to assess the accuracy and reliability of the information collected in the survey. Telephone reinterviews will be conducted using CATI software with households who complete and mail back a survey form. Both simple-form and sample-form recipients will be included in reinterview. The simple-form reinterview is designed to assess whether alternative rostering techniques result in higher within-household coverage error and to analyze content of the race and Hispanic origin questions. The sample-form reinterview is designed to measure the reliability of multiple question versions by comparing responses from the 1996 NCS to responses in the reinterview.

Affected Public: Individuals or households.

Frequency: One-time only.

Respondent's Obligation: Mandatory.

OMB Desk Officer: Maria Gonzalez, (202) 395–7313.

Agency: Bureau of the Census.

Title: Quarterly Survey of Residential Alterations and Repairs.

Form Number(s): SORAR-705.

Agency Approval Number: 0607-0130.

Type of Request: Extension of a currently approved collection.

Burden: 2,000 hours.

Number of Respondents: 2,000.

Avg Hours Per Response: 15 minutes.

Needs and Uses: The Census Bureau conducts the Quarterly Survey of Residential Alterations and Repairs to collect information on real-property improvements and repairs from a sample of owners or designated representatives of rental or vacant residential housing units. We mail this survey quarterly to respondents over a one-year period. We use data gathered in this survey as a component to our published estimates of expenditures for residential upkeep and improvement. Data on improvements and repairs to owner occupied housing units are gathered in the Consumer Expenditures Survey and are also incorporated into published estimates. Estimates are used by a variety of private businesses and trade associations for marketing studies, economic forecasts, and assessments of the construction industry. They also provide all levels of government with a tool to evaluate economic policy and measure progress towards established goals. For example, the Bureau of Economic Analysis uses the improvement statistics to develop the structures component of gross private domestic investment in the national income and product accounts.

Affected Public: Individuals or households, Businesses or other for-

profit, and State, local or tribal governments.

Frequency: Quarterly.

Respondent's Obligation: Voluntary.

Office of the Secretary

Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) Demonstration Project in Europe

AGENCY: Office of the Secretary, DoD.

ACTION: Notice of a CHAMPUS demonstration project to be implemented in Europe.

SUMMARY: On September 2, 1994, 59 FR 45668, DoD published a Notice of a CHAMPUS demonstration project to be implemented in Europe. This notice is to exercise the first of two option years for the CHAMPUS Demonstration Project in Europe.

While the U.S. Military European Health Care Delivery System has gone through many changes and adjustments over the past eighteen months, made necessary in great part due to the military force reductions in Europe, the Department has noted significant improvement in health care delivery services for its beneficiaries since the initiation of the demonstration project. Service members and their families, particularly those in remote areas, have experienced improved access to health care service. Billing practices, once a source of major dissatisfaction among local providers, have been streamlined, resulting in far fewer payment delays.

A firm foundation has now been established for European-wide TRICARE Preferred Provider Network, and many host nation health care providers, of all specialties, throughout Europe, are

interested in participating. While great strides have been made, the formalization and stabilization of the network remains to be accomplished. As earliest attention has been focused primarily on remote or underserved areas which have experienced significant reduction or elimination of military medical services, the progress which has been made to date is most encouraging. Although demonstration participation is limited to family members of active duty beneficiaries, the achievement of a sound network of providers will benefit immensely all of our beneficiaries in Europe. It is our intent to continue the great strides which have been made thus far as a result of this demonstration project and to build, during the next year, on the progress which has been made during the last.

Department of the Army

Environmental Assessment for Disposal and Reuse of the Crime Records Center, Fort Holabird, Maryland

AGENCY: Department of the Army, Department of Defense.

ACTION: Notice of availability.

SUMMARY: In accordance with Public Law 100-526, the Defense Authorizations and Amendments and Base Closure and Realignment Act of 1988, the Defense Base Closure and Realignment Commission recommended the partial closure of Fort Holabird, Maryland, that houses the Crime Records Center. This recommendation became law on January 5, 1989.

The environmental assessment evaluates the environmental impacts associated with the disposal and reuse of the property after the partial closure of Fort Holabird. The Crime Records Center is to be realigned to Fort Belvoir, Virginia, as recommended by the Defense Base Closure and Realignment Commission. The environmental assessment evaluated two potential alternatives that were developed by the Army in cooperation with the City of Baltimore. No preferred alternative has been selected. Alternative 1 is to offer
