BILLING CODE 6717-01-M

[Docket No. CP95-686-000]

Transcontinental Gas Pipe Line Corporation; Notice of Application

August 17, 1995.

Take notice that on August 14, 1995, Transcontinental Gas Pipe Line Corporation ("Transco"), Post Office Box 1396, Houston, Texas 77251, pursuant to and in accordance with Section 7(b) of the Natural Gas Act ("NGA") and Part 157 of the Federal Energy Regulatory Commission's ("Commission") regulations, filed an application in Docket No. CP95-686-000 for an order permitting and approving the abandonment of interruptible transportation service provided to Public Service Electric & Gas Company ("PSE&G") under Transco's Rate Schedule X-77. In its application, Transco states that Rate Schedule X-77 sets forth the terms and conditions under which Transco provides interruptible transportation of up to 15,000 Mcf of gas per day for PSE&G from the interconnection between Transco and Tennessee Gas Pipeline Company located near Rivervale, Bergen County, New Jersey to existing points of delivery to PSE&G on Transco's Rivervale lateral in New Jersey. Transco states that service under

Rate Schedule X-77 was authorized pursuant to the certificate of public convenience and necessity granted by the Commission by order issued May 4, 1976 in Docket No. CP75-337, Transcontinental Gas Pipe Line Corp., 55 FPC 2105 (1976).

Transco states that it provided notice to PSE&G that Transco was electing to terminate Rate Schedule X-77 because PSE&G no longer utilized that agreement for interruptible transportation service. Transco states that PSE&G formally notified Transco that PSE&G concurred with Transco's desire to terminate the agreement.

Transco states that abandonment of Rate Schedule X-77 is in the public interest. PSE&G no longer utilizes or desires this service agreement for interruptible service, and if PSE&G later desires to replace the interruptible transportation service rendered under Rate Schedule X-77, it could do so under Transco's Rate Schedule IT and Part 284 of the Commission's regulations. Transco further states that, unlike service under Rate Schedule X-77, the replacement service would have the advantage of flexible receipt points. Transco proposes that the effective date of the abandonment be the date of the Commission's order authorizing the abandonment.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 6, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceedings. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the
