BILLING CODE 3410-02-P

Forest Service

Inland Native Fish Strategy

ACTION: Notice of Availability of the Decision Notice on the Inland Native Fish Strategy Environmental Assessment and Finding of No Significant Impact.

SUMMARY: In the August 4, 1995, **Federal Register**, notice was given that the Regional Foresters for the Northern, Intermountain, and Pacific Northwest regions of the Forest Service have announced their decision on the Inland Native Fish Strategy. Based on public comment analysis and internal review, they have decided, with the support of the US Fish and Wildlife Service, to

select Alternative D as described in the Environmental Assessment for the Inland Native Fish Strategy.

In addition, the Regional Foresters have directed Inland Native Fish Strategy Team Leader David Wright to develop a strategy to apply the concepts and philosophy of Alternatives C and E on a limited test basis. Alternative D will be implemented for all of the areas outside the test watersheds. Application of Alternative D will provide the short-term reduction of risk we desire, while this test of Alternatives C and E will allow the Forest Service to develop the information needed to provide better long-term direction.

The Inland Native Fish Strategy covers approximately 25 million acres of National Forest System lands in eastern Washington and Oregon, Idaho, western Montana, and portions of Nevada. The Environmental Assessment for the strategy was distributed to the public in June for a 30-day review. A series of public hearings were held to allow ample opportunity for the public to share their concerns. All comments have been considered and incorporated into the decision.

Copies of the Decision Notice have been mailed to everyone on the Inland Native Fish Strategy mailing list. This decision notice reflects the final decision of the Forest Service. The decision may be appealed in accordance with the provisions identified in the Decision Notice. Legal ads have been published in designated newspapers announcing the availability of the document and the start of the appeal period. The appeal period will begin August 24 and end October 9, 1995.

FOR FURTHER INFORMATION CONTACT:

Questions about the Decision Notice, Finding of No Significant Impact, and Environmental Assessment should be directed to David Wright, Team Leader for the Inland Native Fish Strategy, USDA Forest Service, 3815 Schreiber Way, Coeur d'Alene, ID 83814. Phone: (208) 765-7223.

Dated: August 18, 1995.

David J. Wright,

Inland Native Fish Team Leader, USDA Forest Service.
