## Natural Resources Conservation Service

### Black Creek Watershed, Holmes County, Mississippi

**AGENCY:** Natural Resources Conservation Service.

**ACTION:** Notice of Finding of No Significant Impact.

**SUMMARY:** Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR Part 1500); the Natural Resources Conservation Service Regulations (7 CFR Part 650); and the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the floodwater retarding structure being added to Black Creek Watershed, Holmes County, Mississippi.

**FOR FURTHER INFORMATION CONTACT:** Homer L. Wilkes, State Conservationist, Natural Resources Conservation Service, Suite 1321, Dr. A. H. McCoy Federal Building, 100 West Capitol Street, Jackson, Mississippi 39269-1399, telephone (601) 965-5205.

**SUPPLEMENTARY INFORMATION:** The environmental assessment of this federally assisted action indicates that

the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Homer L. Wilkes, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The project proposals are to reduce flood damage to agricultural land, 30 houses and their outbuildings, streets, a county road and public utilities, and reduce damages to water quality and the fishery resources in Black Creek. This will be accomplished by the construction of a floodwater retarding structure.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties.

A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Homer L. Wilkes.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)

## Foreign-Trade Zones Board

[Docket 43-95]

### Foreign-Trade Zone 40—Cleveland, OH; Application for Subzone Status; Motch Corporation Plant (Vertical Turning and Grinding Machinery); Euclid, OH

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Cleveland-Cuyahoga County Port Authority, grantee of FTZ 40, requesting special-purpose subzone status for the manufacturing plant (vertical turning and grinding machines) of the Motch Corporation (Motch) (subsidiary of PITTNER Maschinenfabrik AG, Germany), located in Euclid, Ohio. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on August 11, 1995.

The Motch plant (18 acres/200,000 sq.ft.) is located at 1250 East 222nd Street, in Euclid (Cuyahoga County), Ohio. The facility (110 employees) is used to produce vertical turning and grinding (metal working) machines (1995 duty rates: 4.2%, 4.4%), including vertical and front turning centers (work stations), vertical numerical chucks, horizontal self loaders, vertical and universal grinders (thread rolling machines), and metal working lathes. Components purchased from abroad (between 25% and 45% of total) include electrical components (including electrical power supplies, encoders, relays), motors, printed circuits, bearings (roller/ball), gauges, tachometers, steel angles, ball screws, bushings, co-axial cables, cam rollers, chain sprockets, clutch/couplings, compound glassers, solenoid valves, cooling devices, filters, gears, gibs, gripper pawls, guide rollers, keys,

fasteners, covers, springs, stoessel-rams, parts of lathes and thread rolling machines, O rings, safety glass, toothed belts, hydraulic valves, and wipers (1995 duty rate range: free-10.6%). Foreign-origin numerical process controllers would be admitted to the proposed subzone in domestic status (landed duty paid). The finished machines are used in the automotive, aerospace, truck, oil equipment, agricultural equipment, bearing, and heavy equipment manufacturing industries. Up to 50 percent of the finished machines are exported.

Zone procedures would exempt Motch from Customs duty payments on the foreign components used in export production. On its domestic sales, Motch would be able to choose the duty rates that apply to finished vertical turning and grinding machines for the foreign components noted above. Zone procedures would also exempt certain merchandise from certain state/local ad valorem inventory taxes. The application indicates that the savings from zone procedures would help improve Motch's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 23, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to November 6, 1995.

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce District Office, Suite 700, Bank One Center, 600 Superior Avenue, Cleveland, OH 44114,

and

Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th Street & Pennsylvania Avenue, NW., Washington, DC 20230.

Dated: August 16, 1995.
