SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR Part 1500); the Natural Resources Conservation Service Regulations (7 CFR Part 650); and the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the floodwater retarding structure being added to Black Creek Watershed, Holmes County, Mississippi.

FOR FURTHER INFORMATION CONTACT: Homer L. Wilkes, State Conservationist, Natural Resources Conservation Service, Suite 1321, Dr. A. H. McCoy Federal Building, 100 West Capitol Street, Jackson, Mississippi 39269-1399, telephone (601) 965-5205.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that

the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Homer L. Wilkes, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The project proposals are to reduce flood damage to agricultural land, 30 houses and their outbuildings, streets, a county road and public utilities, and reduce damages to water quality and the fishery resources in Black Creek. This will be accomplished by the construction of a floodwater retarding structure.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties.

A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Homer L. Wilkes.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)
