National Park Service**Draft Environmental Impact Statement and General Management Plan for Independence National Historical Park, Pennsylvania**

AGENCY: National Park Service, Interior.

ACTION: Notice of availability of draft environmental impact statement.

SUMMARY: This notice announces the availability of a Draft Environmental Impact Statement (DEIS) and General Management Plan for Independence National Historical Park, Pennsylvania.

DATES: Written comments on the DEIS should be received no later than October 20, 1995.

ADDRESSES: Written comments should be submitted to: Superintendent, Independence National Historical Park, 313 Walnut Street, Philadelphia, PA 19106.

SUPPLEMENTARY INFORMATION:

The DEIS describes and analyzes six alternatives for future management of Independence National Historical Park. Alternative A (the no-action alternative) would minimally meet the requirements of the park's enabling legislation. Some small scale physical actions would be undertaken, but no significant development would occur and no structures would be removed. Alternative B would fulfill the original mission of the park by concentrating on the park's historic sites while the focus

would be on the 1775-1800 period of significance. The park landscape would be used as a commemorative setting for the park resources. Primary interpretation would occur at each site rather than at visitor centers. Alternative C would concentrate on the evolution of democracy. Cooperative ventures would expand the methods and scope of interpretation. A new information and orientation center would be constructed. Alternative D would build on the synergy of the park with historic neighborhoods and cooperating institutions. The National Park Service and the city would work cooperatively to strengthen the perception of the park as a focal point of the Old Philadelphia District. A jointly operated regional visitor center would be constructed. Alternative E (preferred action), similar to Alternative D, would provide space for the National Constitution Center on Independence Mall. Also, under this alternative, no underground parking would be developed. Alternative F is similar to both Alternatives D and E in its emphasis on historical and physical links with the city and region and the use of Independence Mall for arrival and orientation. It differs in the arrangement of development on Independence Mall, the location of the National Constitution Center, and the placement of the Liberty Bell.
