

TABLE 1.—SUMMARY OF MARINE MAMMAL STOCK ASSESSMENT REPORTS FOR STOCKS OF MARINE MAMMALS THAT OCCUPY WATERS UNDER U.S. JURISDICTION—Continued

Species	Stock area	Region	NMFS center	N <sub>min</sub>	R <sub>max</sub>	Fr	PBR	Total annual mort.	Annual fish mort.	Strategic status
Sea otter .....	Neah Bay to Destruction Island, WA.	PAC	FWS Region 1	360	0.12	0.5	11	N/A	N/A	N

<sup>1</sup> Logbook records indicate commercial fisheries cause a minimum annual mortality of 6 seals for this stock. N/A means that actual estimates are unknown or not available.

<sup>2</sup> N/D indicates an estimate was not determined. NMFS will determine these values after considering relevant information through the co-management process with affected Alaska Native organizations.

<sup>3</sup> The IWC subsistence quota is not affected by the calculation of PBR using the formula specified in the MMPA.

<sup>4</sup> This is the average mortality of beaked whales (*Mesoplodon* sp.) based on 5 years of observer data. This annual mortality rate includes an unknown number of Cuvier's beaked whales.

<sup>5</sup> Mortality data are not separated by species; therefore, species-specific estimates are not available. The mortality estimate represents both short- and long-finned pilot whales.

<sup>6</sup> This value includes either or both of *Stenella frontalis* or *Stenella attenuata*.

<sup>7</sup> This value may include either or both of the Gulf of Mexico, continental shelf edge and slope and the outer continental shelf stocks of bottlenose dolphins.

<sup>8</sup> Low levels of bottlenose dolphin mortality (0–4 per year) incidental to commercial fisheries have been reported. It is unknown to which stock this mortality can be attributed.

<sup>9</sup> Estimates derived from stranded animals with signs of fishery interactions, and these could be either coastal or estuary stocks.

<sup>10</sup> This entry encompasses 33 stocks of bottlenose dolphins. All stocks are considered strategic; see the full report for information on individual stocks. The listed estimates for abundance, PBR and mortality are sums across all bays, sounds, and estuaries.

<sup>11</sup> Although the calculated PBR is 3.9, the allowable take is zero due to findings under the ESA.

<sup>12</sup> This value includes 6 animals that could not be specified as either short- or long-beaked common dolphins.

<sup>13</sup> Mortality for 1991–1993 was zero; two Baird's beaked whales were observed taken in 1994. This exceeds PBR.

<sup>14</sup> This PBR has been adjusted because only 0.5% of this stock is estimated to be in U.S. waters.

<sup>15</sup> Adjusted upward to 72 animals from the calculated PBR of 48 to reflect the approximate 2 male: 1 female sex ratio of the harvest.

<sup>16</sup> Estimated average human-caused mortality for the West Indian manatee-Florida stock from 1984–1992. The estimated average annual human-caused mortality from 1974–1992 is 36 animals.

<sup>17</sup> N/AP means not applicable. Although the calculated PBR is 7, incidental take is not governed under section 118 or 101(a)(5)(E) of the MMPA.

**National Technical Information Service**

**NTIS Advisory Board Meeting**

**AGENCY:** National Technical Information Service, Technology Administration, U.S. Department of Commerce.

**ACTION:** Notice of Partially Closed Meeting.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act, 5 U.S.C. app. 2, notice is hereby given that the National Technical Information Service Advisory Board (the "Board") will meet on Monday, October 2, 1995, from 9:00 a.m. to 4:00 p.m. and on Tuesday, October 3, 1995, from 9:00 a.m. to 4:00 p.m. The session on Tuesday, October 3, 1995 will be closed to the Public.

The Board was established under the authority of 15 U.S.C. 3704b(c), and was Chartered on September 15, 1989. The Board is composed of five members appointed by the Secretary of Commerce who are eminent in such fields as information resources management, information technology, and library and information services. The purpose of the meeting is to review and make recommendations regarding general policies and operations of NTIS, including policies in connection with fees and charges for its services. The

agenda will include a progress report on NTIS activities, an update on the progress of FedWorld, and a discussion of NTIS' long range plans. The closed session discussion is scheduled to begin at 9:00 a.m. and end at 4:00 p.m. on October 3, 1995. The session will be closed because premature disclosure of the information to be discussed would be likely to significantly frustrate implementation of NTIS' business plan. **DATES:** The meeting will convene on October 2, 1995 at 9:00 a.m. and adjourn at 4:00 p.m. and convene again on October 3, 1995 at 9:00 a.m. and adjourn at 4:00 p.m.

**ADDRESSES:** The meeting will be held in The Franklin Room, The Latham Hotel, 3000 M Street, Washington, DC 20007.

**PUBLIC PARTICIPATION:** The meeting will be open to public participation on October 2, 1995 and closed on October 3, 1995. Approximately thirty minutes will be set aside on October 2, 1994 for comments or questions as indicated in the agenda. Seats will be available for the public and for the media on a first-come, first-served basis. Any member of the public may submit written comments concerning the Board's affairs at any time. Copies of the minutes, of the open session meeting, will be available within thirty days of the meeting from the address given below.

**FOR FURTHER INFORMATION CONTACT:** Linda Lucas, NTIS Advisory Board

Secretary, National Technical Information Service, 5285 Port Royal Road, Springfield, Virginia 22161. Telephone: (703) 487–4636; Fax (703) 487–4093.

Dated: August 21, 1995.
