A notice of the decision will be published once a week, for four (4) consecutive weeks, in the Anchorage Daily News. Copies of the decision may be obtained by contacting the Alaska State Office of the Bureau of Land Management, 222 West Seventh Avenue, #13, Anchorage, Alaska 99513-7599 ((907) 271-5960).

Any party claiming a property interest which is adversely affected by the decision, an agency of the Federal government or regional corporation, shall have until October 2, 1995, to file an appeal. However, parties receiving service by certified mail shall have 30 days from the date of receipt to file an appeal. Appeals must be filed in the Bureau of Land Management at the address identified above, where the requirements for filing an appeal may be obtained. Parties who do not file an appeal in accordance with the requirements of 43 CFR Part 4, Subpart E, shall be deemed to have waived their rights.

Linda J. Resseguie,

Acting Chief, Branch of Gulf Rim Adjudication.

Emergency Closure and Restriction on Public Lands Near West Fork of Williams Creek

AGENCY: Bureau of Land Management, Medford District, Grants Pass Resource Area.

ACTION: Public notice.

SUMMARY: Pursuant to regulations contained in Title 43 CFR 8364-1(a) and for the purpose of protecting persons, property and public lands, the Bureau of Land Management is closing entry to and prohibiting physical presence upon all lands, roads and trails, within the

following areas: All Bureau of Land Management administered lands within: Township 39 South, Range 6 West, Willamette Meridian; Sections 25 and 26; Township 39 South, Range 5 West, Willamette Meridian; Sections 29, 30, 31 and 32.

The following persons are exempt from this order:

1. Persons with a permit authorizing the otherwise prohibited act.
2. Any Federal, State or local officer or employee in the performance of an official duty.

DATES: This closure shall be in effect immediately, August 31, 1995, and shall remain in effect until rescinded by the authorized officer.

PENALTIES: Violators are subject to fines not to exceed \$1000.00 and/or imprisonment not to exceed 12 months.

FOR FURTHER INFORMATION CONTACT: David Jones, District Manager, Medford District, 3040 Biddle Road, Medford, Oregon 97501 or telephone (503) 770-2200.

Dated: August 23, 1995.

David A. Jones,

District Manager.

Kenetech Windpower, Wyoming Wind Energy Project, Availability of Final Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability of final environmental impact statement (FEIS) for the Kenetech Windpower, Wyoming Wind Energy Project, Carbon County, Wyoming.

SUMMARY: The Bureau of Land Management (BLM), Wyoming State Office announces the availability of the FEIS for the Kenetech/PacifiCorp Windpower Project. A total of 1,390 wind turbines and associated facilities (including approximately 29 miles of 230 kV powerline) would be constructed on 60,619 acres of private, Federal, and State lands, over a 10 to 12 year development period, in Carbon County, Wyoming. BLM will issue a right-of-way grant under Section 501 of the Federal Land Policy and Management Act of 1976 for the wind energy facilities and powerline.

The U.S. Bonneville Power Administration (BPA) is a cooperating agency for this project. BPA will base a decision to purchase 25 megawatts

(Mw) of power from the project under Public Law 96-501 upon this analysis.

DATES: BLM and BPA will accept comments on the FEIS for 30 days following the date that the Environmental Protection Agency (EPA) publishes their Notice of Availability in the **Federal Register**. The EPA notice is expected to be published September 1, 1995.

ADDRESSES: Comments should be sent to Bureau of Land Management, Rawlins District Office, Walter E. George, Project Leader, 1300 3rd Street, Rawlins, WY 82301 or Bonneville Power Administration, Richard Stone, Environmental Specialist (ECN-3), P.O. Box 3621, Portland, OR 97208.

SUPPLEMENTARY INFORMATION: The Environmental Impact Statement (EIS) assesses the environmental consequences of the Federal approval of Kenetech's proposal to construct a 500 Mw windplant at two sites in east central Carbon County, Wyoming, in a phased approach, over a 10 to 12 year period. The FEIS is a supplement to the Draft Environmental Impact Statement (DEIS), published on January 13, 1995, and contains the following material:

- Incorporates by reference most of the material presented in the DEIS and identifies the charges to the DEIS required as a result of additional information.
- Public comments subsequent to publishing of the DEIS.
- The corrections and additions to the DEIS.
- Comments received on the DEIS.
- Responses to the comments.

Forty-seven comments were received by the BLM on the DEIS. Twenty-two supported the project, 9 provided information and did not state a position on the project, 3 were concerned with a potential conflict with coal resources, 1 expressed concern with the economic rationale for the project, and 13 opposed the project. The EPA, based on procedures they use to evaluate the adequacy of the information in an EIS, gave the DEIS a rating of EC-2 (Environmental Concern, Insufficient Information).

No substantive changes were made to the proposed action. BLM has agreed to evaluate all subsequent phases under complete NEPA procedures. BLM also proposes the creation of a technical review committee whose function will be to review monitoring data and make recommendation to the BLM authorized officer on further studies and modification to windplant facilities regarding impacts to birds and other wildlife.
