47 CFR Part 76

[MM Docket No. 93-304; DA 95-1850]

Cable Television Service; List of Major Television Markets

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission, through this action, amends its rules regarding the listing of major television markets to change the designation of the Los Angeles-San Bernardino-Corona-Fontana-Riverside, California television market to include the community of Anaheim, California. This action is taken at the request of Golden Orange Broadcasting Company, licensee of television station KDOC-TV, channel 56, Anaheim, California.

EFFECTIVE DATE: October 2, 1995.

FOR FURTHER INFORMATION CONTACT: William H. Johnson, Cable Services Bureau, (202) 416-0800.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Report and Order, MM Docket No. 93-304, adopted May 16, 1995 and released August 28, 1995. The complete text of this document is available for inspection and copying during normal business hours in the FCC Reference Center (room 239), 1919 M Street, NW., Washington, DC 20554, and may be purchased from the Commission's copy contractor, International Transcription Service, (202) 857-3800, 1919 M Street, NW., Washington, DC 20554.

Synopsis of the Report and Order

a. Before the Commission is the Notice of Proposed Rule Making in the captioned proceeding, 58 FR 68844, December 29, 1993, issued in response to a petition filed by Golden Orange Broadcasting Co., licensee of television station KDOC-TV, channel 56, Anaheim, California ("KDOC") and the comments received in response thereto. The Notice proposed to amend § 76.51 of the Commission's rules, to change the designation of the Los Angeles-San Bernardino-Corona-Fontana-Riverside, California television market to "Los Angeles-San Bernardino-Corona-Fontana-Riverside-Anaheim, California." Community Cablevision Company, d/b/a/ Dimension Cable Services ("Dimension Cable"), a cable television system operator providing service to Newport Beach, Irvine, Tustin, and Orange, the University of California, Irvine and the Marine Corps Air Stations in Tustin and El Toro filed comments, to which KDOC filed a reply.

Background

2. Section 76.51 of the Commission's rules enumerates the top 100 television markets and the designated communities within those markets. Among other things, this market list is used to determine the scope of territorial exclusivity rights that television broadcast stations may purchase and, in addition, may help define the scope of compulsory copyright license liability for cable operators in certain circumstances. Certain cable television syndicated exclusivity and network nonduplication rights are also determined by the presence of broadcast station communities of license on this list. Some of the markets consist of more than one named community (a "hyphenated market"). Such "hyphenation" of a market is based on the premise that stations licensed to any of the named communities in the hyphenated market do, in fact, compete with all stations licensed to such communities. Market hyphenation "helps equalize competition" where portions of the market are located beyond the Grade B contours of some stations in the area yet the stations compete for economic support.

3. Section 4 of the Cable Television Consumer Protection and Competition Act of 1992 ("Cable Act"), which amended section 614 of the Communications Act of 1934, as amended ("Act"), requires the Commission to make revisions needed to update the list of top 100 television markets and their designated communities in § 76.51 of the Commission's rules.

Notice of Proposed Rule Making

4. The Notice of Proposed Rule Making in this proceeding noted that Anaheim was in the center of the Los Angeles market, 21 miles from downtown Los Angeles and virtually encompassed within the combined 35-mile zones of San Bernardino, Corona and Fontana and that KDOC-TV's Grade B signal contour encompasses all of the designated communities in the market. Its Grade B signal contour, the Notice indicated, was similar in location and coverage to the Grade B contours of other market-area stations. Further, KDOC-TV's transmitter is located at the same Sunset Ridge site as those of television stations KSCI and KZKI which are licensed to San Bernardino.

Rule Making Comments

5. Petitioner KDOC filed brief comments in support of the requested change in the rules stating that "there is
