[Docket No. CP95-697-000]

**Northern Natural Gas Company; Application for Abandonment**

August 25, 1995.

Take notice that on August 21, 1995, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124-1000, filed, in Docket No. CP95-697-000, an application pursuant to section 7(b) of the Natural Gas Act (NGA) and part 157 of the Commission's Regulations for permission and approval to abandon service under an individually certificated transportation agreement, all as more fully set forth in the application

which is on file with the Commission and open to public inspection.

Specifically, Northern is requesting permission and approval to abandon service under its Rate Schedule T-51, a July 9, 1984, gas transportation agreement between Neches Gas Distribution Company (Neches) and Northern, which is contained in Northern's FERC Gas Tariff, Original Volume No. 2. Northern states that Rate Schedule T-51 was authorized in Docket No. CP84-565-000 for a period through June 30, 1986. However, Northern states, that authorization did not provide for pre-granted abandonment. Northern asserts that no service has been provided under Rate Schedule T-51 since June 30, 1986, and that both parties have mutually agreed to the termination of the service. Northern says that no facilities will be abandoned as a result of this requested abandonment of service. Northern relates that the receipt and delivery points used in this transportation service are located on its Matagorda Offshore Pipeline System (MOPS). Northern requests that this abandonment request be made effective the earlier of the date of an order approving the instant application or an order approving the abandonment of the MOPS facilities in Docket No. CP95-519-000.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 15, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any proceeding herein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the
