At that first meeting, the Committee will focus upon procedural matters and protocols, including dates, times, and locations of future meetings; identification of the principal issues for resolution; and a target date for the completion of the NPRM.

In order to prevent delay in the preparation of guidance under Title II of OWBPA, EEOC intends to terminate the Committee's activities no later than 180 days after the date of the first meeting, unless circumstances call for extending the deadline.

I. Committee Procedures

Committee meetings will be conducted in accordance with the requirements of FACA, which provides for filing a Committee Charter with GSA and appropriate Congressional committees, meetings open to the public, filing of written statements by interested persons before or after meetings, presentation of oral statements where time permits, and retention of meeting records.

Committee meetings will be announced in the **Federal Register**. The Committee will establish the detailed procedures for its meetings.

J. Records of Meetings

In accordance with FACA, EEOC will keep minutes of all Committee meetings and will place these minutes in the public rulemaking docket.

K. Definition of Consensus

The goal of the negotiation process is "unanimous concurrence among the interests represented." 5 U.S.C. 582(2). EEOC expects Committee members to establish their own working definition of the term "consensus."

Dated: August 28, 1995.
