

(OAR) to evaluate the AIDS research activities of the NIH. The NIH AIDS Research Program Evaluation Working Group was established by the OAR to carry out this major evaluation initiative, reviewing and assessing each of the components of the NIH AIDS research endeavor to determine whether those components are appropriately designed and coordinated to answer the critical scientific questions to lead to better treatments, prevention, and a cure for AIDS. Six Area Review Panels were also established to address the following research areas: Natural History and Epidemiology; Etiology and Pathogenesis; Clinical Trials; Drug Development; Vaccine Research; and Behavioral and Social Sciences Research.

The purpose of the meeting is to review the status of efforts of each of the six Area Review Panels and to seek input from individuals and organizations interested in the evaluation of AIDS research.

During the session from 10:30 until 12:30 p.m., each of the Chairs of the Area Review Panels will present reports on the efforts of the Panels. The afternoon session from 1:30 until 5:00 will be devoted to presentations from the public. These sessions are open to the public; however, attendance may be limited by seat availability.

Comments should be confined to statements related to the current status of NIH AIDS Research and recommendations for consideration by the panel in assessing and reviewing the major biomedical and behavioral research components.

Only one representative of an organization may present oral comments. Each speaker will be permitted 5 minutes for their presentation. Interested individuals and representatives of organizations must submit a letter of intent to present comments and three (3) typewritten copies of the presentation, along with a brief description of the organization represented, to the attention of: Dr. Robert Eisinger, Office of AIDS Research, NIH, 31 Center Drive, MSC 2340, Building 31, Room 4B62, Bethesda, Maryland 20892-2340; telephone: 301-402-8655; FAX: 301-402-8638. Letters of intent and copies of presentations must be received no later than 5:00 p.m. edt on September 8, 1995.

Individuals wishing to provide only written statements must send three (3) typewritten copies of their comments, including a brief description of their organization, to the above address no later than 5 p.m. edt on September 8, 1995. Statements submitted after that

date will be accepted, but may not be available to the Evaluation Working Group prior to the meeting.

Dated: August 25, 1995.

Margery G. Grubb,

Senior Committee Management Specialist.

BILLING CODE 4140-01-M

National Heart, Lung, and Blood Institute; Notice of a Closed Meeting

Pursuant to Section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of the following Heart, Lung, and Blood Special Emphasis Panel (SEP) meeting:

Name of SEP: The Multicenter Study of Hydroxyurea in Sickle Cell Anemia (MSH) Patients' Follow-up (Telephone Conference Call).

Date: September 13, 1995.

Time: 10:00 a.m.

Place: Rockledge II, Conference Room I, 7th Floor, Bethesda, Maryland.

Contact Person: Anthony M. Coelho, Jr., Ph.D., Rockledge II, Room 7182, 6701 Rockledge Drive, Bethesda, Maryland 20892-7924, (301) 435-0277.

Purpose/Agenda: To review and evaluate contract proposals.

The meeting will be closed in accordance with the provisions set forth in secs. 552b(c)(4) and 552b(c)(6), Title 5, U.S.C. Applications and/or proposals and the discussions could reveal confidential trade secrets or commercial property such as patentable material and personal information concerning individuals associated with the applications and/or proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

This notice is being published less than fifteen days prior to the meeting due to the urgent need to meet timing limitations imposed by the grant review cycle.

(Catalog of Federal Domestic Assistance Programs Nos. 93.837, Heart and Vascular Diseases Research; 93.838, Lung Diseases Research; and 93.839, Blood Diseases and Resources Research, National Institutes of Health)

Dated: August 25, 1995.

Margery G. Grubb,

Senior Committee Management Specialist,

NIH.

Public Health Service

Agency Forms Undergoing Paperwork Reduction Act Review

Periodically, the Public Health Service (PHS) publishes a list of information collection requests under review, in compliance with the Paperwork Reduction Act (44 U.S.C.

Chapter 35). To request a copy of these requests, call the PHS Reports Clearance Office on (202) 690-7100.

The following request has been submitted for review since the list was last published on Friday, August 25.

1. A Study of the Dissemination of the Maternal and Child Assistance Programs Model Application Form—New—A telephone survey will be conducted of representatives of governors' offices and state and local-level maternal and child assistance programs. The survey will provide data on the dissemination, use, and impact of the Model Application Form, a consolidated application form developed for use by maternal and child assistance programs.

Title	Number of respondents	Number of responses per respondent	Average burden per response (hours)
Survey of Governors' Offices	59	1	.5
Survey of State Programs	236	1	.5
Survey of Local Programs	50	1	.5

Estimated Total Annual Burden: 173 hours.

Written comments and recommendations concerning the proposed information collections should be sent within 30 days of this notice to: Allison Eydt, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, D.C. 20503.

Dated: August 28, 1995.

James Scanlon,

Director, Data Policy Staff, Office of the Assistant Secretary for Health and PHS Reports Clearance Officer.

Emergency Closure and Restriction on Public Lands Near West Fork of Williams Creek

AGENCY: Bureau of Land Management, Medford District, Grants Pass Resource Area.

ACTION: Public notice.

SUMMARY: Pursuant to regulations contained in Title 43 CFR 8364-1(a) and for the purpose of protecting persons, property and public lands, the Bureau of Land Management is closing entry to and prohibiting physical presence upon all lands, roads and trails, within the

following areas: All Bureau of Land Management administered lands within: Township 39 South, Range 6 West, Willamette Meridian; Sections 25 and 26; Township 39 South, Range 5 West, Willamette Meridian; Sections 29, 30, 31 and 32.

The following persons are exempt from this order:

1. Persons with a permit authorizing the otherwise prohibited act.
2. Any Federal, State or local officer or employee in the performance of an official duty.

DATES: This closure shall be in effect immediately, August 31, 1995, and shall remain in effect until rescinded by the authorized officer.

PENALTIES: Violators are subject to fines not to exceed \$1000.00 and/or imprisonment not to exceed 12 months.

FOR FURTHER INFORMATION CONTACT: David Jones, District Manager, Medford District, 3040 Biddle Road, Medford, Oregon 97501 or telephone (503) 770-2200.

Dated: August 23, 1995.

David A. Jones,

District Manager.

BILLING CODE 4310-33-M

[WY-030-94-5101-00-K014; WYW-130382]

Kenetech Windpower, Wyoming Wind Energy Project, Availability of Final Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability of final environmental impact statement (FEIS) for the Kenetech Windpower, Wyoming Wind Energy Project, Carbon County, Wyoming.

SUMMARY: The Bureau of Land Management (BLM), Wyoming State Office announces the availability of the FEIS for the Kenetech/PacifiCorp Windpower Project. A total of 1,390 wind turbines and associated facilities (including approximately 29 miles of 230 kV powerline) would be constructed on 60,619 acres of private, Federal, and State lands, over a 10 to 12 year development period, in Carbon County, Wyoming. BLM will issue a right-of-way grant under Section 501 of the Federal Land Policy and Management Act of 1976 for the wind energy facilities and powerline.

The U.S. Bonneville Power Administration (BPA) is a cooperating agency for this project. BPA will base a decision to purchase 25 megawatts

(Mw) of power from the project under Public Law 96-501 upon this analysis.

DATES: BLM and BPA will accept comments on the FEIS for 30 days following the date that the Environmental Protection Agency (EPA) publishes their Notice of Availability in the **Federal Register**. The EPA notice is expected to be published September 1, 1995.

ADDRESSES: Comments should be sent to Bureau of Land Management, Rawlins District Office, Walter E. George, Project Leader, 1300 3rd Street, Rawlins, WY 82301 or Bonneville Power Administration, Richard Stone, Environmental Specialist (ECN-3), P.O. Box 3621, Portland, OR 97208.

SUPPLEMENTARY INFORMATION: The Environmental Impact Statement (EIS) assesses the environmental consequences of the Federal approval of Kenetech's proposal to construct a 500 Mw windplant at two sites in east central Carbon County, Wyoming, in a phased approach, over a 10 to 12 year period. The FEIS is a supplement to the Draft Environmental Impact Statement (DEIS), published on January 13, 1995, and contains the following material:

- Incorporates by reference most of the material presented in the DEIS and identifies the charges to the DEIS required as a result of additional information.
- Public comments subsequent to publishing of the DEIS.
- The corrections and additions to the DEIS.
- Comments received on the DEIS.
- Responses to the comments.

Forty-seven comments were received by the BLM on the DEIS. Twenty-two supported the project, 9 provided information and did not state a position on the project, 3 were concerned with a potential conflict with coal resources, 1 expressed concern with the economic rationale for the project, and 13 opposed the project. The EPA, based on procedures they use to evaluate the adequacy of the information in an EIS, gave the DEIS a rating of EC-2 (Environmental Concern, Insufficient Information).

No substantive changes were made to the proposed action. BLM has agreed to evaluate all subsequent phases under complete NEPA procedures. BLM also proposes the creation of a technical review committee whose function will be to review monitoring data and make recommendation to the BLM authorized officer on further studies and modification to windplant facilities regarding impacts to birds and other wildlife.
