U.S.C. 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on December 29, 1994, applicable to all workers at the subject firm. The notice was published in the **Federal Register** on January 20, 1995 (60 FR 4196).

The certification was subsequently amended to include other locations.

New information received from the company reveals that worker separations have occurred at the corporate headquarters in South Bend, Indiana. Further information shows that Wirekraft employees producing electrical wiring harnesses at the Fort Smith, Arkansas location have received layoff notices.

The intent of the Department's certification is to include all workers who were adversely affected by

increased imports.

Accordingly, the Department is amending the certification to include the Wirekraft workers in South Bend, Indiana, and Fort Smith, Arkansas.

The amended notice applicable to NAFTA—00293 is hereby issued as follows:

"All workers of Wirekraft Industries, Inc., Mishawaka, Indiana and Wirekraft Industries' Burcliff Industries, in Marion, Ohio; Lakeville, Indiana; Cardington, Ohio; South Bend, Indiana; and Fort Smith, Arkansas who became totally or partially separated from employment on or after December 8, 1993 are eligible to apply for NAFTA-TAA Section 250 of the Trade Act of 1974."

Signed at Washington, D.C. this 18th day of August 1995.
