

believe that its action will have a severe adverse impact on the contractor.

The contractor contended that the Committee's action would be inappropriate because it would undermine the MAS approach of giving all organizations a level playing field to compete in for Federal business. The Committee's action will not deprive the contractor or other MAS contractors of the right to compete to sell this product to other Federal customers. The fact that the nonprofit agency designated by the Committee to produce the planner also holds an MAS contract does no more than give that agency the right to compete for Federal business. That right does not, however, guarantee any work for people with severe disabilities, while the action being taken by the Committee will assure a limited business base. The Committee does not believe its action will undermine the MAS program, which will continue to encompass the vast majority of Federal sales of this product.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodity, fair market price, and impact of the addition on the current or most recent contractors, the Committee has determined that the commodity listed below is suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodity to the Government.

2. The action does not appear to have a severe economic impact on current contractors for the commodity.

3. The action will result in authorizing small entities to furnish the commodity to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodity proposed for addition to the Procurement List.

Accordingly, the following commodity is hereby added to the Procurement List:

Organizer, Day Planner, Travel Size
7530-00-D16-0057 (Burgundy)
(Requirements for the Defense Supply Service, Washington, DC)

This action does not affect current contracts awarded prior to the effective date of this addition or options exercised under those contracts.

Deputy Executive Director.

SUPPLEMENTARY INFORMATION:

A. Background

Under a settlement agreement between the Department and Iowa, the Department recovered \$178,500 from Iowa in full resolution of all claims arising from an audit of the Iowa State Department of Education, covering FY 1986. Of this amount, \$132,959 is considered to be a recovery of Vocational Education Basic Grant funds.

The Department's original claim of \$240,803.68 was contained in a final letter of determination issued by the Assistant Secretary for Vocational and Adult Education, et al., on July 23, 1990. The parties determined that \$19,129.24 of the refund demand was barred by the statute of limitations. This claim arose from findings related to Iowa's administration of its Handicapped State Grant program, Civil Rights Technical Assistance and Training program, Adult Education program and Vocational Education program. The Vocational Education program was administered under the provisions of the Carl D. Perkins Vocational and Applied Technology Education Act of 1990 (Perkins II).

In the July 23, 1990, letter, the Assistant Secretary determined that Iowa violated the regulations governing payroll expenditures and maintenance of time distribution records. For the applicable programs, Iowa improperly allocated payroll expenditures based on predetermined budgets and failed to maintain appropriate time distribution records for employees who worked on more than one cost objective, thus violating provisions of the cost principles implemented at 34 CFR Part 74, Subpart Q, Appendix C, Part II (B)(10)(b).

Pursuant to a November 12, 1991, agreement resolving fully all claims in this matter, Iowa repaid the Department \$178,500. The full payment was made
