SUPPLEMENTARY INFORMATION

A. Purpose

Subpart 4.9, Information Reporting to the Internal Revenue Service (IRS), and the provision at 52.204-3, Taxpayer Identification, implement statutory and regulatory requirements pertaining to taxpayer identification and reporting. This amendment further revises 4.9 and the provision at 52.204-3 to require the collection and reporting of the Taxpayer Identification Number (TIN) of certain contract modifications. A determination was made that additional FAR coverage was necessary in order to ensure that these contract actions are reported to the Internal Revenue Service.

When the Internal Revenue Service issued its final regulations implementing section 6050M of the Tax Reform Act of 1986 (Pub. L. 99-514), the reporting requirements included the requirement to report certain modifications to contracts that were awarded before January 1, 1989. It was determined that additional FAR coverage was required.

SUPPLEMENTARY INFORMATION:

A. Purpose

Presolicitation notices are used by the Government for several reasons, one of which is to aid prospective contractors in submitting proposals without undue expenditure of effort, time, and money. The Government also uses the presolicitation notices to control printing and mailing costs. The presolicitation notice response is used to determine the number of solicitation documents needed and to assure that interested offerors receive the solicitation documents. The responses are placed in the contract file and referred to when solicitation documents are ready for mailing. After mailing, the responses remain in the contract file and become a matter of record.
