SUPPLEMENTARY INFORMATION:

A. Purpose

When the same item or class of items is being acquired by more than one agency, the exchange and coordination of pertinent information, particularly cost and pricing data, is necessary to promote uniformity of treatment of major issues and the resolution of particularly difficult or controversial issues. For this reason, the contracting officer, early in a negotiation of a contract, or in connection with the review of a subcontract, must request the contractor to furnish information as to the contractor's or subcontractor's previous Government contracts and subcontracts for the same or similar end items and major subcontractor components. This information is particularly beneficial during the period of acquisition planning, presolicitation, evaluation, and preaward survey. The information is used to determine a firm's responsibility.
