

SUMMARY: A prior notice in the **Federal Register** announced the Fishing Capacity Reduction Demonstration Program (FCRDP) that provides \$2 million for a pilot test approach for permanently reducing the fishing capacity in the Northeast multispecies groundfish fishery. NMFS adds sinking as a method of disposal for fishing vessels under the FCRDP. NMFS also extends the closing date by 2 weeks for submission or resubmission of applications to give applicants time to consider this alternative.

DATES: Effective August 30, 1995. Applications must be postmarked by September 19, 1995.

ADDRESSES: Applications should be sent to the Northeast Financial Services Branch, National Marine Fisheries Service, One Blackburn Drive, Gloucester, MA 01930-2298.

FOR FURTHER INFORMATION CONTACT: Bruce Morehead, (301) 713-2358 or Leo Erwin, (508) 281-9203.

SUPPLEMENTARY INFORMATION:

Background

The FCRDP was described in an earlier notice: Notice of program for financial assistance (60 FR 32504, June 22, 1995).

Changes to the Program

In the previous notice, successful applicants were required to scrap their vessels as a condition of receiving funding under the FCRDP. Supervised sinking will be considered as an acceptable method of vessel disposal. The closing date for submission or resubmission of applications is extended for 2 weeks to allow applicants time to consider this alternative method of vessel disposition.

Alternative to Scrapping

The previous notice described scrapping of vessels as a required part of the consideration from vessel owners to qualify to receive payment under the FCRDP. Scrapping is one way to remove the vessel from the fishery. A second alternative, voluntary sinking, also exists and is an acceptable alternative under this notice. Voluntary sinking must be conducted within the confines and in compliance with all applicable Federal, state, and local environmental laws and regulations. Approval from Federal, state, and local authorities, as applicable, is required.

Classification

Applications under this program are subject to E.O. 12372, "Intergovernmental Review of Federal Programs."

This notice involves a collection of information requirement subject to the Paperwork Reduction Act. The collection of this information has been approved by the Office of Management and Budget (OMB control number 0648-0289).

This action has been determined to be not significant for purposes of E.O. 12866.
