

these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**EQUAL EMPLOYMENT OPPORTUNITY COMMISSION**

**29 CFR Part 1601**

**Procedural Regulations**

**AGENCY:** Equal Employment Opportunity Commission (EEOC).

**ACTION:** Final rule.

**SUMMARY:** EEOC is revising its procedural regulations at 29 CFR sections 1601.70 and .71 to rescind the

delegations of authority to the Director of the Office of Program Operations to designate a State or local agency as a Fair Employment Practices (FEP) agency and to determine whether a FEP agency’s designation shall be withdrawn. Those authorities are now vested in the full Commission. These changes are the result of a Motion adopted by the Commission on May 22, 1995.

**EFFECTIVE DATE:** September 6, 1995.

**FOR FURTHER INFORMATION CONTACT:** Thomas J. Schlageter, Assistant Legal Counsel, or John D. Norquist, General Attorney, at (202) 663-4669 (voice) or (202) 663-7026 (TDD). This rule is also available in the following formats: large print, braille, audio tape and electronic file on computer disk. Requests for this rule in an alternative format should be made to the Office of Equal Employment Opportunity at (202) 663-7081 (voice) or (202) 663-7002 (TDD).

**SUPPLEMENTARY INFORMATION:** Section 706 of Title VII of the Civil Rights Act of 1964 recognizes a State or a political subdivision of a State that has a state or local law prohibiting unlawful employment discrimination and a State or local authority empowered to grant or seek relief from such practice or to institute criminal proceedings. The Commission’s regulations allow such a State or local authority to apply for formal designation as a “FEP Agency.” The Commission’s procedural regulations at 29 CFR 1601, Subpart G, sections 1601.70-.71 set forth the procedures for a FEP Agency to request designation and for the Commission to determine if a designation should be rescinded.

The current 1601.70 provides that any State or local agency or authority seeking FEP agency designation should submit a written request to the Program Director, Office of Program Operations. It also provides that the Program Director will provide to the State attorney general and to any corporation counsel of an involved local government an opportunity to comment upon aspects of State or local law which might affect the qualifications of any new agency. The Commission has determined that it needs to be more involved in the designation process. The Commission is therefore substituting the words “Chairman of the Commission” for “Program Director, Office of Program Operations” in 1601.70.

The current 1601.71 provides that the Program Director, Office of Program Operations, has the authority to determine whether State and local agencies should be designated as FEP agencies. It also provides that when the

Program Director becomes aware of events that lead him or her to believe that a deferral agency no longer meets the requirements for deferral or designation, the Director should notify the agency and request a response. Based on the response or after a hearing, the Program Director is authorized to render a final determination regarding continuation of the agency as a FEP agency. The Commission has determined that these decisions are better made by the full Commission. At its meeting on May 22, 1995, the Commission rescinded the delegation of authority to the Director of the Office of Program Operations to make determinations affecting the designation of a State or local fair employment practices agency as a FEP agency. As a result of this action, the Commission is substituting "Commission" or "Chairman of the Commission" for "Program Director, Office of Program Operations" in 1601.71 and making conforming grammatical adjustments.

This rule is not a significant regulatory action for the purposes of Executive Order 12866. Under the Regulatory Flexibility Act, this rule will not have a significant economic effect on a substantial number of small entities.

**List of Subjects in 29 CFR Part 1601**

Administrative practice and procedure, Equal employment opportunity, Individuals with disabilities.

For the Commission,  
**Gilbert F. Casellas,**  
*Chairman.*

For the reasons set forth in the preamble, EEOC is amending 29 CFR part 1601 as follows:

**PART 1601—[AMENDED]**

1. The authority citation for part 1601 continues to read as follows:

**Authority:** 42 U.S.C. 2000e to 2000e-17; 42 U.S.C. 12111 to 12117.

**§ 1601.70 [Amended]**

2. Paragraph (b) of section 1601.70 is amended by substituting the words "Chairman of the Commission" for the words "Program Director, Office of Program Operations" in the first sentence.

3. Paragraph (e) of section 1601.70 is amended by substituting the words "Chairman or his or her designee" for the words "Program Director, Office of Program Operations," in the first sentence.

4. Paragraph (a) of section 1601.71 is amended by:

(a) substituting the word "Commission" for the words "Program Director, Office of Program Operations,"; and

(b) substituting the words "the Commission" for the words "he or she".

5. Paragraph (b) of section 1601.71 is amended by substituting the word "Commission" for the words "Program Director, Office of Program Operations," in both places where it is found in the first sentence.

6. Paragraph (c) of section 1601.71 is amended by:

(a) substituting the word "Chairman" for the words "Program Director, Office of Program Operations," in the first sentence;

(b) substituting the words "the Chairman" for the words "such Director" in the first sentence;

(c) substituting the word "Chairman" for the word "Director" in the second sentence; and

(d) substituting the word "Commission" for the word "Director" in the third sentence.

**Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision; South Coast Air Quality Management District**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Direct final rule.

**SUMMARY:** EPA is taking direct final action to approve revisions to the California State Implementation Plan (SIP). The revisions concern rules from the South Coast Air Quality Management District (SCAQMD) which control oxides of nitrogen (NO<sub>x</sub>) from industrial, commercial, and institutional boilers, steam generators, and process heaters. This approval action will incorporate these rules into the Federally approved SIP. The intended effect of approving these rules is to regulate emissions of NO<sub>x</sub> in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). The EPA is finalizing the approval of these revisions into the California SIP under provisions of the CAA regarding EPA action on SIP submittals, SIPs for national primary and secondary ambient air quality

standards and plan requirements for nonattainment areas.

**DATES:** This final rule is effective on November 6, 1995 unless adverse or critical comments are received by October 6, 1995. If the effective date is delayed, a timely notice will be published in the **Federal Register**.

**ADDRESSES:** Copies of the rules and EPA's evaluation report of each rule are available for public inspection at EPA's Region IX office during normal business hours. Copies of the submitted rules are available for inspection at the following locations:

**SUPPLEMENTARY INFORMATION:**

**Applicability**

The rules being approved into the California SIP include: SCAQMD Rule 1146, Emissions of Oxides of Nitrogen from Industrial, Institutional, and Commercial Boilers, Steam Generators, and Process Heaters; and Rule 1146.1, Emissions of Oxides of Nitrogen from Small Industrial, Institutional, and Commercial Boilers, Steam Generators, and Process Heaters. These rules were submitted by the California Air Resources Board (CARB) to EPA on July 13, 1994.

**Background**

On November 15, 1990, the Clean Air Act Amendments of 1990 (CAA or the Act) were enacted. Pub. L. 101-549, 104 Stat. 2399, codified at 42 U.S.C. 7401-7671q. The air quality planning requirements for the reduction of NO<sub>x</sub> emissions through reasonably available control technology (RACT) are set out in section 182(f) of the CAA. On November 25, 1992, EPA published a Notice of Proposed Rulemaking (NPRM) entitled "State Implementation Plans; Nitrogen Oxides Supplement to the General
