V. Response to Comments

Because of the large number of items of correspondence we normally receive on documents published for comment, we are not able to acknowledge or respond to them individually. We will consider all comments we receive by the date specified in the **DATES** section of this notice, and we will respond to the comments in a subsequent published notice. To the extent that we receive comments during the comment period, we will address those comments in a final notice and, if necessary, make revisions to the proposed data, standards, and methodology for FY 1996. If no comments are received, we will simply adopt the proposed data, standards, and methodology for FY 1996 as final, effective October 1, 1995.

In accordance with the provisions of Executive Order 12866, this proposed rule was not reviewed by the Office of Management and Budget.

Office of Inspector General

Program Exclusions: July 1995

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of July 1995, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, Maternal and Child Health Services Block Grant and Block Grants to States for Social Services programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or

services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all other Federal non-procurement programs.
