

that can do one or more of the following:

1. Demonstrate new ways to link private businesses, foundations, and the public sector in joint service initiatives;
2. Enhance existing efforts and forge new partnerships with volunteer and community service programs;
3. Involve AmeriCorps* in recruiting, training, and supervising volunteers who receive no stipends;
4. Demonstrate ways to recruit and include persons with disabilities in all aspects of participation as AmeriCorps* Members;
5. Join youth and adults over age 55 to serve their communities together;
6. Operate in rural areas; and/or
7. Involve school-age youth in summer and school-year service-learning activities.

The specific priorities differ for each of the three Demonstration Program categories. The Corporation encourages applicants to develop focused programs and not to design programs to meet multiple priorities. Those applying for funds under the National Nonprofit Demonstration Program must meet community needs in the following areas:

1. Public Safety—especially violence against women and community policing;
2. Early Childhood Development—especially in health, school readiness, child care, parenting and needs of children ages 0–6;
3. Teen Pregnancy Prevention; or
4. After-school and Summer Childcare.

Under Governor's Innovative Programs, applicants may choose to meet needs identified by the governor or by the state commission on national and community service. Disability Demonstration Programs must meet the priorities established by the AmeriCorps* programs with which they will work and may add independent living to service activities.

Match Requirements

There are three basic requirements concerning program funding for all Demonstration Programs.

1. The Corporation share of the total cost of the program may not exceed 80%. The applicant may choose in which specific areas of the budget the 20% match will be made.

2. Each grantee must provide for its share of the cost of carrying out a funded program through a payment in non-federal cash and in-kind, and may provide for such share through state and local sources. At least 10% of the match must be cash.

3. The recipient of a grant may speed no more than 5% of the total grant funds on administrative costs. Additional administrative costs may be covered in the match.

Overview of Application Requirements

Application requirements will be set forth in detail in the application materials. Generally, all programs must comply with all applicable OMB circulars for grant management and with federal laws and regulations, including the supplementation, nonduplication and nondisplacement provisions set forth in 45 CFR 2506.2. Nonprofit organizations must comply with the independent audit requirements of OMB Circular A-133. The Corporation will provide copies of OMB circulars to applicants that do not have access to such materials.

Each applicant must submit one original and six (6) copies of the application package. The application must include all the forms and components listed in the instructions for the application. Applications must not exceed the page limitations specified for each section. Only 10 pages of appendices will be accepted (this includes annual reports, letters of support, and any supplementary material not specifically requested in the application.) Applications must be received at the Corporation by the relevant deadline date. Facsimiles will not be accepted.

Application Review

The Corporation is looking for high quality programs that are innovative and have the potential to be replicated. Applications are evaluated through a multi-stage process that includes reviews by peers and the Corporation staff. Decisions on semi-finalists will be made by the Corporation leadership, and semi-finalists may be asked to supply additional information and an implementation plan before final decisions are made. In addition, the Corporation may bring semi-finalists in for interviews. During the peer review process, the applications will be evaluated on the criteria listed below:

- (1) Program Concept and Design (40%)
- (2) Organizational Capacity (30%)
- (3) Innovation and Ability to Advance the Field (20%)
- (4) Cost-Effectiveness (10%).

In addition to the priorities set by the Corporation, the Corporation staff will, during the staff review process, also take into consideration diversity of geographic distribution and program model diversity in making its funding recommendations.
