National Park Service**Notice of Public Meetings**

SUMMARY: The National Seashore, working cooperatively with the public and with other agencies, will devise three separate management plans tailored to unique problems and needs at each of three sites: the William Floyd Estate in Mastic Beach, the Wilderness Area of Fire Island National Seashore (from Smith Point west to Watch Hill), and the western end of the Seashore (from Watch Hill to the Fire Island Lighthouse).

DATES: Although interested parties are invited to attend any or all of these initial preliminary planning meetings, those specifically interested in one area of the park may choose to attend only the meeting for that area. Those interested in deer management for the Wilderness Area plan can meet at the Patchogue Library, in Meeting Room B, at 7 P.M. on September 12. Those interested in the William Floyd Estate can attend a meeting at the Property Owners Association Club House at 31 Neighborhood Road at 7 P.M. on September 14. Those interested in the western end of Fire Island can attend a meeting at the Ocean Beach Community Center, at Ocean Beach on Fire Island, a 7 P.M. on September 23.

ADDRESSES: Inquiries on these meeting dates should be submitted to the Superintendent, Fire Island National Seashore, 120 Laurel Street, Patchogue, NY 11772, telephone (516) 289-4810.

SUPPLEMENTARY INFORMATION: As at many locations in the Northeast, increasing populations of white-tailed deer are causing concern about impacts to the natural areas of the Seashore along with various kinds of impacts within the communities that border

Seashore property. To devise the safest, most practical, and least disruptive plans, the Seashore is seeking the input of all parties affected by the issue, such as Fire Island and Mastic Beach communities and public land managers. For example, both the Robert Moses State Park and the Smith Point County Park (both of which are located on Fire Island) will be invited to participate in the planning process. In addition, other interested members of the public will be needed to form task groups for each management plan.

At each meeting, members of the National Seashore's resource management staff will explain the planning process to be used. The criteria for the formation of task groups will be determined, and general time frames for the planning process will be established. It will be the charge of the task groups to actually begin to define the problem, set deer management objectives and develop alternatives and a recommended alternative for deer management for each of the three sites.

The National Seashore will use the objectives and alternatives developed by the task group to create its draft deer management plan and environmental assessment. The Environmental Assessment will analyze the impact of any management actions which the park may take.

For further information, please contact the superintendent at 516-289-4810 or by writing to: Superintendent, Fire Island National Seashore, 120 Laurel Street, Patchogue, New York, 11772.
