Background

Chapter 4 and Annex 401 of the NAFTA, which entered into force on January 1, 1994, contain the rules of origin for application of the tariff provisions of the NAFTA to trade in goods.

Section 202(q) of the North American Free Trade Agreement Implementation Act (the Act) authorizes the President, subject to the consultation and layover requirements of section 103 of the Act, to proclaim such modifications to the rules as may from time to time be agreed to by the NAFTA countries. One of the requirements set out in section 103 of the Act is that the President obtain advice regarding any proposed modification in the Rules contained in Annex 401 of the Act from the United States International Trade Commission.

The Commission was requested by the USTR, in his letter received on July 17,

1995, to provide advice on the probable effect of the proposed modifications to the rules of origin that were attached to the letter. The Commission instituted investigation No. 332-364, Certain Miscellaneous Products: Probable Effect of Certain Modifications to the North American Free Trade Agreement Rules of Origin, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)). The letter requested that the advice be forwarded to the USTR by September 15, 1995.

The Commission received a second letter from the USTR on August 31, 1995 requesting similar advice on a second set of proposed modifications, which was included as an attachment to the letter. The Commission will provide advice in response to both letters in one confidential report, which will be forwarded to the USTR by September 29, 1995. Copies of both sets of proposed modifications, which cover certain goods described in Chapters 1 through 97 of the Harmonized Tariff Schedule of the United States, are available from the Office of the Secretary at the Commission or from the Commission's Internet server (<http://www.usitc.gov> or <ftp://ftp.usitc.gov>).

All written submissions, except for confidential business information, will be made available in the Office of the Secretary of the Commission for inspection by interested parties. To be assured of consideration by the Commission, written statements relating to the Commission's report should be submitted to the Commission at the earliest practical date and should be received no later than the close of business on September 20, 1995. BN has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) there is no overhead traffic on the line; (3) no formal complaint filed by a user of rail service on the line (or by a state or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Commission or with any U.S. District Court or has been decided in favor of the complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (service of environmental report on agencies), 49 CFR 1105.8 (service of historic report on State Historic Preservation Officer), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (service of verified notice on governmental agencies) have been met.

As a condition to use of this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10505(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on October 7, 1995, unless stayed pending reconsideration. Petitions to stay that do

not involve environmental issues,¹ formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),² and trail use/rail banking requests under 49 CFR 1152.29³ must be filed by September 18, 1995.
