General Wage Determination Publication

General wage determinations issued under the Davis-Bacon and related Acts, including those noted above, may be found in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon and Related Acts". This publication is available at each of the 50 Regional Government Depository Libraries and many of the 1,400 Government Depository Libraries across the country.

The general wage determinations issued under the Davis-Bacon and related Acts are available electronically by subscription to the FedWorld Bulletin Board System of the National Technical Information Service (NTIS) of the U.S. Department of Commerce at (703) 487-4630.

Hard-copy subscriptions may be purchased from: Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, (202) 512-1800.

When ordering hard-copy subscription(s), be sure to specify the State(s) of interest, since subscriptions may be ordered for any or all of the six separate volumes, arranged by State. Subscriptions include an annual edition (issued in January or February) which includes all current general wage determinations for the States covered by each volume. Throughout the remainder of the year, regular weekly updates are distributed to subscribers.

Signed at Washington, D.C. this 1st day of September 1995.

Alan L. Moss,

Director, Division of Wage Determinations.

BILLING CODE 4510-27-M

Mine Safety and Health Administration

Petitions for Modification

The following parties have filed petitions to modify the application of mandatory safety standards under section 101(c) of the Federal Mine Safety and Health Act of 1977.

1. E & E Fuels

[Docket No. M-95-110-C]

E & E Fuels, P.O. Box 322, Hegins, Pennsylvania 17938 has filed a petition to modify the application of 30 CFR 75.340 to its Orchard Slope (I.D. No. 36-08346) located in Schuylkill County, Pennsylvania. The petitioner proposes to charge batteries on the mine's locomotive during idle periods when all miners are out of the mine and to have intake air used to ventilate the charging station to continue through the normal route to the last open crosscut and into the monkey airway (return). The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as would the mandatory standard.

2. Solar Sources Underground L.L.C.

[Docket No. M-95-111-C]

Solar Sources Underground L.L.C., P.O. Box 325, Monroe City, Indiana 47557 has filed a petition to modify the application of 30 CFR 75.1700 to its Monroe City Mine (I.D. No. 12-02103) located in Knox County, Indiana. The petitioner proposes to plug and mine through oil and gas wells. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as would the mandatory standard.

3. Peabody Coal Company

[Docket No. M-95-112-C]

Peabody Coal Company, 1951 Barrett Court, P.O. Box 1990, Henderson, Kentucky 42420-1990 has filed a petition to modify the application of 30 CFR 75.342(a)(2) to its Camp No. 11 Mine (I.D. No. 15-08357) located in Union County, Kentucky. The petitioner proposes to have alternative locations for two additional methane monitors in the longwall face area of the longwall shearing machine instead of using a single methane monitor. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as would the mandatory standard.

4. Continuous Mining, Inc.

[Docket No. M-95-113-C]

Continuous Mining, Inc., P.O. Box 239, Edgarton, West Virginia 25672 has filed a petition to modify the

application of 30 CFR 75.1710 to its Mine No. 1 (I.D. No. 46-07891) located in Mingo County, West Virginia. The petitioner operates its bridge haulage equipment manufactured for use in extremely low-seam mines and built without operator compartments or canopies. The petitioner proposes to operate this haulage equipment without canopies due to the frequent tearing out of roof bolts when trampling through dips and crests of hills in the coal seam being mined. The petitioner states that the use of canopies would expose the equipment operator to greater hazards than those incurred by operating without operator compartments and canopies.

5. Mystic Energy, Inc.

[Docket No. M-95-114-C]

Mystic Energy, Inc., 130 George Street, Suite J, Beckley, West Virginia 25801 has filed a petition to modify the application of 30 CFR 75.364(b)(1) to its B. L. Mining No. 3 Mine (I.D. No. 46-07139) located in Boone County, West Virginia. Due to deteriorating roof conditions in the intake air course, the area cannot be traveled safely. The petitioner proposes to examine approximately 3,000 feet of the intake air course in the No. 4 Entry by checking the inby and outby ends of the affected area and to monitor for methane and the quantity and quality of air. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as would the mandatory standard.

6. Consolidation Coal Company

[Docket No. M-95-115-C]

Consolidation Coal Company, Consol Plaza, 1800 Washington Road, Pittsburgh, Pennsylvania 15241-1421 has filed a petition to modify the application of 30 CFR 75.364(b)(1) to its Shoemaker Mine (I.D. No. 46-01436) located in Marshall County, West Virginia. Due to deteriorating roof and rib conditions in the intake airway from the Seabright Shaft to the No. 8 Seal in 4 North, the area cannot be traveled safely. The petitioner proposes to establish check points J and K to monitor the affected area and to have a certified person examine the area for methane and the quantity of air at both check points on a weekly basis; and to have the certified person initial and record the date, time, and results of the weekly examinations in a book kept on the surface and made available for inspection by interested persons. The petitioner asserts that the proposed alternative method would provide at

least the same measure of protection as would the mandatory standard.

Request for Comments

Persons interested in these petitions may furnish written comments. These comments must be filed with the Office of Standards, Regulations and Variances, Mine Safety and Health Administration, Room 627, 4015 Wilson Boulevard, Arlington, Virginia 22203. All comments must be postmarked or received in that office on or before October 10, 1995. Copies of these petitions are available for inspection at that address.

Dated: August 29, 1995.

Patricia W. Silvey,

Director, Office of Standards, Regulations and Variances.

NATIONAL SCIENCE FOUNDATION

Special Emphasis Panel in Design, Manufacture, and Industrial Innovation; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub. L. 92-463, as amended), the National Science Foundation announces the following meeting:

Name: Special Emphasis Panel in Design, Manufacture, and Industrial Innovation—#1194.

Date and Time: September 29, 1995, 8:00 a.m.–5:00 p.m.

Place: Room 580, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

Type of Meeting: Closed.

Contact Person: Ritchie Coryell, Program Director, SBIR Office, (703) 306-1390.

Purpose of Meeting: To provide advice and recommendations concerning proposals submitted to the NSF for financial support.

Agenda: To review and evaluate Phase I Small Business proposals as part of the selection process for awards.

Reason for Closing: The proposals being reviewed include information of a proprietary or confidential nature, including technical information; financial data, such as salaries; and personal information concerning individuals associated with the proposals. These matters are exempt under 5 U.S.C. 552b(c) (4) and (6) of the Government in the Sunshine Act.

Dated: September 5, 1995.

M. Rebecca Winkler,

Committee Management Officer.
